NINE STEP PLANNER
BOARD OF COUNTY COUNCILORS WORK SESSIONS

This form needs to be reviewed and approved by the board **before** a work session is scheduled.

REQUESTED BY: Public Works, Transportation

1. **TOPIC: Public Works ADA Transition Plan Briefing – Progress Report**

2. **WORK SESSION**: Ahmad Qayoumi, Rob Klug, Lilly Longshore

3. **TIME FRAME**:

   LENGTH OF TIME NEEDED: 60 min
   DESIRED DATE: ~~March 4, 2020~~ March 11, 2020
   SCHEDULED DATE OF WORK SESSION: _____

4. **TIMING CONSIDERATIONS**: Public Works staff has been working on this transition plan for about six months. Staff would like to inform the council and receive any feedback before moving forward.

5. **DESIRED RESULTS**: Providing a status update to the Council regarding the Public Works ADA Transition Plan.

6. **IMPACTS (COMMUNITY/FINANCIAL/STAFF/OTHER)**: The county has extended public infrastructure that have been built over many decades. Many facilities in the Public Right of Way do not meet the current ADA requirements for curb ramps, driveways and sidewalk connectivity. Federal and state law requires that jurisdictions such as Clark County have and fund a Transition Plan to make the public facilities meet minimum standards to not discriminate access for users. This plan is an update of the Public Works 2010 ADA Transition Plan, to continue the ongoing effort to bring the facilities in the public right of way up to standards.

7. **POLICY IMPLICATIONS**: Creating, maintaining and implementing the ADA Transition Plan is a requirement of Federal and State laws.

8. **ISSUES TO BE CONSIDERED**: References to the ADA are included in the Comprehensive Plan and Clark County Code, along with many supporting documents adopted by code. The ADA Transition Plan has significant cost associated with the replacement of non-standard facilities that will take decades to finish. Having and implementing a viable ADA Transition Plan will provide for improved access to all residents and reduce the county's risk in potential civil rights litigation.

9. **RECOMMENDED ACTION**: Review the progress of the plan, provide recommendations for consideration in the development of the plan, and ultimately adopt the plan when it is ready.
