Salmon Creek Regional Park & Kline Pond

Kline Pond, on the east end of the Salmon Creek Greenway Trail, is a very popular place to swim, with a sandy beach, bathhouse, roped swimming areas, observation platforms and concessions during the summer months. The park consists of 35 developed acres and 368 acres of non-developed "greenspace" and lawn areas for informal picnicking or sunbathing. The park also features two large, reservable picnic shelters and a playground. This park is the starting point for the Salmon Creek Greenway and Salmon Creek Trail, and also backs up to the Salmon Creek Sports Association Complex, home of Vancouver Girls Softball.
