Vancouver, Wash. – Clark County Community Services has rescheduled four virtual feedback forums to discuss and hear thoughts from residents about its community needs survey conducted late last year.

The forums will be in three languages and registration is required. The updated dates are:

- Russian: 5:30 pm Tuesday, Dec. 1
 - [Register here](#)
- English: 5:30 pm Wednesday, Dec. 2
 - [Register here](#)
- English: 9 am Thursday, Dec. 3

- Spanish: 5:30 pm Thursday, Dec. 3

All forums will be two hours long and will have small group discussions.

The virtual forums: A Portrait of Clark County – Needs of a Community, were originally scheduled for late October.

The confidential survey asked residents who are low-income about their family's needs. Community Services will share data from the survey, and participants will have a chance to provide feedback and share their opinions on the findings.

Community Services is required to conduct a community needs assessment every three years. The results are used to help prioritize which programs and services will be funded in our community with Community Service Block Grant awards.
