

DON'T FORGET TO PICK UP YOUR FREE MEDICATIONS

It's easy, it's important and it's a free benefit to you

The processes outlined below enable you to pick up a free supply of your medications prescribed to you at release.

Obtaining your free prescription medications is easy. One call is all it takes!

(Follow this recommended process to eliminate wait times at the pharmacy)

1

Call InMedRx at 888-896-1283 within 5 days of release.

2

Provide your name, phone number for call back, date of birth, group number (on the card below) and choice of pharmacy (name and address).

3

InMedRx will have your prescriptions faxed to the pharmacy and let you know when ready for pickup (typically within 3 hours of your call).

4

Go to the pharmacy to pick up your medications – no payment is required!

PHARMACY CARD

GROUP #: _____

Attention Pharmacist: Please call InMedRx at **888-896-1283** if the prescription for this patient has not been received.

This patient has no out-of-pocket costs and billing information will be sent with the prescriptions.

Patient Reminders: Medications MUST be picked up within 5 days of release. Take this card to the pharmacy when you pick up your free medications. All major pharmacies participate in this program, including CVS, Walgreens and Walmart.

Alternate option – Go straight to the pharmacy.

1

Go straight to a pharmacy (within 5 days of release) and present the pharmacy card included on this page.

2

A member of the pharmacy team will contact InMedRx to have your prescriptions faxed over.

3

The pharmacy will process and fill your prescriptions.*

**Please be aware there will be a wait at the pharmacy.*

4

Pick up your medications – no payment is required!
