## Child Abuse Intervention Center

### Department Summary

The Child Abuse Intervention Center (CAIC) is a combined specialty unit of the City of Vancouver Police Department, the Clark County Sheriff's Office, the Prosecuting Attorney's Office and area social services agencies. CAIC investigates, prosecutes and coordinates social services on felony child abuse cases when children are under the age of 16 and reside in the City of Vancouver or unincorporated Clark County. The unit is housed in a satellite office created to be "child friendly". Center staff is comprised of a Director, a Social Services Liaison, and three support staff. The Center houses a state child protective services worker, a YWCA sexual assault program staff and volunteer advocates. Investigators and prosecutors are assigned to the unit from their respective agencies.

## Child Support

### Department Summary

The Prosecuting Attorney's Child Support program is fully funded by the State and Federal governments to help establish, modify and enforce child support orders and protect the State's interest in cases initiated privately, but in which State monies are being or have been expended. All case referrals are received from the State Division of Child Support. County responsibilities include paternity establishment, modification of existing child support orders, filing of civil contempt and criminal non-support charges for non-compliance, and responding to actions initiated privately in which the State has an interest. This program performs all of its functions under the terms of a written service agreement between the County and the State DSHS.

## Clark Skamania Drug Task Force

### Department Summary

Created by Interlocal Agreement, the Clark-Skamania Drug Task Force is a coalition of law enforcement agencies that bring together officers from Vancouver Police Dept. Clark County Sheriff's Dept. Skamania County Sheriff's Dept. and Washington State Patrol, to more effectively combat drug-related crime in the region. The Task Force is the only independently funded, multi-agency department in Clark County with operational revenue coming from a combination of offender fines, asset forfeitures, and federal grants. The Task Force is governed by an Executive Board who appoints a Director and elects Clark County to manage the Task Force Funds.

## Clerk

### Department Summary

The Clark County Clerk's Office maintains the official, permanent records of Superior Court. Specifically, court records including criminal, civil, domestic, probate/guardianship, adoption/paternity, mental illness, juvenile criminal/dependency/truancy, and judgments. This office is responsible for entering these court records into the State's Superior Court Office Management Information System (SCOMIS). This office is also responsible for all monies received by the court and maintains them on the State's Judicial Information System (JIS). With the use of JIS, and the efforts of the Superior Court Collection's Unit, this office collects fines, fees, and restitution for the good of victims of crime and county programs. The clerk's office also manages the Courthouse Facilitator Program helping those citizens representing themselves in domestic relations matters.

## Community Based Corrections

### Department Summary

The Community Based Corrections division of the District Court is responsible for pre-trial investigation and supervision of persons released from jail pending trial; court services such as pre-sentence investigations, sentencing recommendations, and supervision of persons convicted of misdemeanor crimes; and sentencing alternatives such as work crews and electronic home confinement. In addition, the division offers offender employment assistance, alcohol education programs for those convicted of driving while intoxicated, and general law and justice planning support. In partnership with government and community groups, Clark County Corrections uses research-based practices and appropriate intervention to encourage pro-social behaviors and lifestyles among offenders. This enhances individual self-worth and promotes community safety.

**Electronic Home Confinement**

**Program Summary**

Electronic Home Confinement is an alternative to jail. This program reduces jail overcrowding which frees up jail space which can be utilized for more serious and repeat offenders. Persons sentenced to EHC are confined to their home and place of work. Compliance with this type of confinement is monitored electronically. The EHC alternative is a legal requirement for DUI offenses.

<b>EHC Program Modification</b>	<b>0001-430-03</b>	-1.00	-\$383,480	\$0
This budget neutral proposal would implement a significant conversion of the existing Electronic Home Confinement (EHC) program. The main modification is switching the monitoring equipment facet of the program to a vendor-operated offender-pay model. The new model does offer a wider array of current EHC technologies than the legacy program does. With this proposal, the vendor actually assumes the equipment cost recovery aspect directly from the offender. The vendor would supply Corrections with the requisite case management compliance/violation data both "on demand" and with a regular reporting basis. The county would continue to collect a significantly reduced fee from the offender which would offset the residual program expense. The expense for any future "no cost" to offender EHC referrals would need to be borne by the referring department.

**Employment/Education**

**Program Summary**

The Employment program offers assistance and training to improve offender opportunities for securing and maintaining viable employment. It involves job-specific training; assessment and development of individual employability plans; classes and workshops dealing with basic education as well as social and/or life skills. Our program works cooperatively with state correctional facilities in conducting job fairs and providing Moral Recognition Training. We also educate employers in our community and work with them on job development specifically for offender populations. The Employment program is funded by the general fund, Work Release, the Employment Security Dept. (Corrections Clearinghouse), and State Department of Corrections.

The DUI Detention Center provides alcohol/drug and driving educational material to those first-time offenders serving mandatory jail sentences.

The Victims Panel provides an opportunity to educate people who drink and then drive, about the devastating personal consequences of their actions.

The Driving While Suspended Restoration Program provides an opportunity for eligible offenders to regain their driving privilege with continued compliance with program requirements.

**Pre-Trial**

**Program Summary**

Pretrial screening for Release on Recognizance (ROR) provides District and Superior Courts with information so that appropriate pre-trial release decisions can be made in a timely fashion.

Supervised Release (SR) addresses the provision that any person arrested must be held by the least restrictive means possible until disposition of the offender's case. Staff are responsible for helping to select and monitor those people released from jail pending trial.

Staff conduct Court Investigations (CI) to provide the courts with information prior to sentencing that help judges balance community safety, accountability, and competency development.

# Community Based Corrections

## Supervision

### Program Summary

This program area includes financial screening, bench probation, supervised probation and deferred prosecution.

Bench probation and supervised probation center around monitoring compliance with court-ordered conditions of probation.

Deferred Prosecution is similar to probation, except that once the person completes the conditions imposed by the court, the charge is dismissed. This program is usually limited to DUI cases; however, it is sometimes used for persons with drug addiction and/or other mental health challenges, and for certain other specific offenses.

## WTSC Grant

### Program Summary

The Washington Traffic Safety Commission grant is aimed at reducing the overall number of traffic fatalities/injuries in Clark County and specifically the instances where those fatalities/injuries involve substance impaired drivers. The funding covers most of the expense for one FTE which functions as the coordinator for the Clark County DUI and Traffic Safety Task Force. Task Force activities enhance support of law enforcement activities and community education programs.

Public Works-Parks has requested one additional full-time work crew. This budget neutral proposal seeks to add one (1) revenue FTE Offender Crew Chief position for the purpose of supplying the additional work crew services requested by Public Works-Parks. This is a cost-saving measure for Parks. Without adding the position, Corrections would not be able to deliver the requested additional services. From the Criminal Justice side, this position will facilitate restorative justice and enhance accountability for offenders. Work programs have been shown to reduce recidivism. As a jail sentencing alternative best practice, it permits offenders with active employment to keep their jobs while serving their sentence.

## District Court

### Department Summary

District Court is the court of limited jurisdiction within Clark County. It is the trial court for misdemeanors and infractions as well as for small claims and civil suits involving amounts under \$50,000. Clark County's District Court has six elected judges and two judicially appointed commissioners. The commissioners chiefly hears traffic-related cases. This department also includes administrative and clerical support for the Court, including records management, receipting of monies received, and entry of judgments into the State's District Court Information System (DISCIS). The cities of Vancouver, Camas, Washougal, and Yacolt contract with the District Court for municipal court services.

This proposal is intended to provide the resources needed for District Court to complete a paperless office initiative. With current practices, creating, maintaining and archiving all the requisite hard copy client files consumes significant staff time, uses up pallet loads of paper/office products and occupies large amounts of scarce office space. The shift to paperless does require an extended phase-in period where both systems are maintained. However, upon full implementation, most legacy hard copy file practices will be replaced. Scarce office space can be re-purposed and any freed up staff time will be re-directed to higher priority tasks. Significant cost savings should be realized in the years past 2014 and the county's exposure to liability risk will be reduced. One position will be deleted through attrition.

## EMS Public Education

### Department Summary

Based on the ambulances services contract, the contractor pays fines for defaults in response time. These funds are to be used for EMS public education and first responder support programs. Other funding sources are also available through grants. The Department of EMS is interested in seeing programs developed which meet the needs of the customer (patient, provider, and payer). The Public Education and First Responder Support Program focuses on reducing illness and injuries in the community.

## Emergency Medical Services

### Department Summary

By county/city ordinance, interlocal agreement, and contract the Emergency Medical Services (EMS) Division fulfills the participating jurisdictions' responsibilities of uniform EMS regulation and group purchasing of ambulance service. Specific areas of responsibility under these legal instruments include: administrating a performance based ambulance contract, assisting in the development and oversight of the County wide EMS system standard of care, administrating the 9-1-1 emergency medical dispatch program, and coordinating a countywide program to reduce injuries and illness.

In addition, the EMS Division administers the Clark Regional Emergency Services Quality Improvement Unit. This unit is responsible for the agency's internal planning, performance based monitoring, training, and grant writing.

The ambulance contract funds 100% of the annual budget. These fees go to a special fund, and expenditures are limited to costs related to the administration of the contract and 9-1-1 call taking for the ambulance contractor. All fines levied against the ambulance contractor (i.e., late response time penalties) can only be used to support illness and injury prevention programs and first responder support.

### Emergency Preparedness Payment

#### Program Summary

This program is responsible for paying Clark County's portion of the Clark Regional Emergency Services Agency's (CRESA) Emergency Preparedness program. Emergency Preparedness was established pursuant to R.C.W. 38.52 to provide emergency management planning for the cities of Battle Ground, Camas, LaCenter, Ridgefield, Washougal, Vancouver, Yacolt, and Clark County. The Division of Emergency Preparedness ensures that governments and agencies in the SW region of Washington respond to and recover from major emergencies and disasters. The division also coordinates all search and rescue efforts, hazardous materials incidents, and the Local Emergency Planning Committee.

## Indigent Defense

### Department Summary

The provision of free legal defense services to indigent defendants is guaranteed by the United States Constitution. Rather than employ its own staff of public defenders to provide this service, Clark County contracts with local private attorneys. The Clark County Indigent Defense Coordinator has the responsibility for negotiating these contracts, and exercises day-to-day budgetary supervision of the program.

## Department Summary

This department is the responsibility of the Clark County Sheriff's Office. The Sheriff as the Chief Executive officer and conservator of the peace of the county shall arrest and commit to prison all persons who break the peace, or attempt to break it, and all persons guilty of public offenses. The jail delivers detention services through those related services, programs and operations deemed necessary for the protection of society. These services are delivered to promote efficiency while maintaining a safe environment for inmates, staff and the citizens of Clark County. The Jail provides food, maintenance, medical, commissary, and other basic services for those in custody. Jail costs are decreased by using inmate labor to perform tasks that would otherwise require regular paid personnel.

## Juvenile

### Department Summary

Clark County established its first Juvenile Court in the early 1900s. The Juvenile Court is a division of the Clark County Superior Court and has jurisdiction over juvenile offender, dependency, at-risk youth, child in need of services and truancy proceedings. Under the administration of the Superior Court Judges, the Juvenile Services Department provides Court, Probation, Diversion, and Detention services as mandated by law. While a Superior Court judge or Court Commissioner presides over juvenile hearings and trials, the department provides courtroom and record keeping support, including entering all case dispositions into the State's Juvenile Information System (JUVIS). Juvenile Department staff are responsible for pre-trial investigations and recommendations, diversion from prosecution, supervision and case management for juvenile offenders, and operation of the county's detention facility. Juvenile Services staff act as the prosecutor in misdemeanor offender cases.

Juvenile Department staff are responsible for pre-trial investigations and recommendations, diversion from prosecution, supervision and case management for juvenile offenders, and operation of the County's Detention Facility. Additionally, the Juvenile Department provides services to crime victims and engages with community partners to provide opportunity for young offenders to take responsibility for their actions and make amends to the people they have harmed.

## Medical Examiner

### Department Summary

The Office of the Medical Examiner investigates deaths within the county over which the medical examiner has jurisdiction for the purpose of determining the cause of death. Medical examiner services are provided seven days a week and include removal of decedents from the location where the death occurred or where the body was found to the medical examiner facility, performing autopsies, interpreting toxicology results, and providing consultative services to law enforcement agencies and to the Clark County Prosecuting Attorney's Office. The Office of the Medical Examiner is also responsible for processing and signing death certificates, maintaining appropriate records and safeguarding the personal property found with decedents. The office also makes available information concerning the cause of death and other medical conditions of the deceased to their family. Medical Examiner services are also provided to Klickitat County and Skamania County through intergovernmental contracts. The Office of the Medical Examiner has the additional responsibility for the disposition of the remains of deceased indigent persons who have died in Clark County.

## Regional Radio Systems

### Program Summary

In May of 1995 the Clark County Board of Commissioners provided policy direction to implement a regional 800 MHz backbone communications system, voice and data, for public safety and other governmental agencies and related service providers. Construction of the system began in late 1996 and was completed in 1998. System operation began in September 1997. Today the system serves over 2000 subscriber units extending the geographic boundaries to Cowlitz County. Indebtedness on the infrastructure is repaid through the 9-1-1 telephone excise tax. The Program of Regional Radio Systems is responsible for countywide radio communications infrastructure comprised of 800 MHz voice/data microwave systems and the VHF county fire radio system.

# Sheriff

## Department Summary

The mission of the Clark County Sheriff's Office (CCSO) is to Protect, Respect, and Improve the Quality of Life for People in Our Community. This mission is met through "reactive policing" responsibilities of, but not limited to: enforcement of County ordinances, State and Federal Laws, protection and support of individual rights of the citizens served, maintaining peace and order, and assisting citizens in urgent situations. Crime Prevention, Community Relations, and Juvenile Operations are proactive programs supporting our major role of community service. The CCSO liaisons with other agencies for interagency planning; traffic safety; emergency services; District, Juvenile, and Superior Court; and referral of services to other public agencies or community services. The CCSO establishes reciprocal services, mutual aid agreements and both criminal and other community policing alliances where cooperation can improve service. Primary jurisdiction is in the unincorporated areas of Clark County, secondary jurisdiction is in all areas of Clark County located inside city jurisdictions.
