Elections Director letter

Dear Clark County Voter,

Welcome to the 2022 Primary Voters' Pamphlet.

Recently enacted law created an opportunity for citizens who will be 18 years old by November 8 (the date of the General Election) and who register to vote no later than August 2 (the date of the primary) to cast a vote in the primary for candidates. Ballots for these "primary only voters" will only have offices on them, there will be no measures or precinct committee officers on those ballots.

Following the decennial federal census governments with internal districts are required to adjust the boundaries of those districts. In Clark County this "redistricting" resulted in a change of the legislative and/or county council district for many voters. You can find out what districts you reside in online at VoteWA.gov or by contacting the Elections Department at 564-397-2345 or via email at elections@clark.wa.gov.

In 2021 voters amended the Clark County Charter to make all county offices nonpartisan. It is no longer an option for candidates for these offices to declare a political party preference when they file a Declaration of Candidacy and candidates' political party preference will not appear on the ballot.

Over the past year the Elections Department has been experiencing delays in the delivery of voted ballots by the USPS. Ballot envelopes with a postmark of Election Day or earlier are accepted for processing up to, and including, the day before the election is certified, however we encourage you to consider mailing your voted ballot a day or two earlier than you have done in the past. We also encourage you to use one of the 22 ballot drop boxes in Clark County (locations of these may be found online at clarkvotes.org and on [pages 6-7](#) of this voters' pamphlet.

Precinct Committee Officers ("PCOs") are elected in the even numbered years. Each precinct has two PCOs, a Republican and a Democrat. If only one person files for one of these offices, that person is deemed to have been elected and their name does not appear on the ballot.

If you need to update your voter registration name or address, [page 63](#) of this voters' pamphlet is a Voter Registration form that you can use, or you can do that online at clarkvotes.org, or by calling the Elections Office.

If you are a registered voter and have not received your primary ballot in the mail by Thursday, July 21, please contact the Elections Office for a replacement ballot.

Democracy works best when citizens participate in the collective decision making process. I hope you will join in by casting your ballot in the Primary and Special Election on August 2nd. Every vote counts!

Sincerely,

Cathie Garber

Accessible voting

Using the Touch Writer

Clark County voters with disabilities have the option of casting their ballot independently using an accessible voting unit.

The Touch Writer voting unit is a ballot marking electronic machine that allows voters with disabilities, including those who are blind, mobility-impaired or lack upper-body dexterity, to vote privately and independently. The Touch Writer is in a booth that is wheelchair-accessible.

Beginning 18 days before each election, this accessible voting machine is available from 8 am to 5 pm, and on Election Day from 7 am to 8 pm at the Clark County Elections Office, 1408 Franklin Street, Vancouver.

To get to the Elections Office on C-Tran, take bus #25 Fruit Valley and St. Johns route. The bus stop is located at Franklin Street and Mill Plain Boulevard.

The Touch Writer unit is in a wheelchair-accessible booth.

About the Touch Writer

The Touch Writer is accessible in several ways:

- For those who cannot operate the Touch Writer using the buttons and wheel, special interface devices are available as shown here.
- For those who cannot see or read the Touch Writer screen, use the headphones with volume control to hear the ballot.

Accessible features

- Those who are visually impaired or have difficulty reading can listen to the ballot. The SELECT wheel is the trigger to the audio. Turning clockwise moves the listener through the ballot. To hear something repeated, turn the SELECT wheel counterclockwise. Those using hearing aids with a telecoil mode may use their neckloop rather than the headphones.
- Voters who lack upper-body dexterity can use the jelly switches to move through the ballot. The RED jelly switch is the same as the SELECT wheel. The GREEN jelly switch is the same as the ENTER button.
- Voters with quadriplegia can use their sip-n-puff to vote the ballot. Sip to move through the ballot. Puff to mark your choice.

Voting instructions

Here are a few important reminders to make sure your ballot is counted.

Your ballot packet will be mailed to you approximately 18 days before the August 2, 2022 Primary and Special Election. It will contain:

- An instruction sheet that explains the voting process
- The official ballot where you will mark your choices
- A secrecy sleeve
- A postage-paid return envelope with a green stripe

Mark your ballot by completely filling in the box to the left of your choice with a black or blue ink pen. If you want to vote for a candidate not appearing on the ballot, mark the box to the left of the dotted line provided to indicate your choice. Be sure to mark only one choice for each race or measure on the ballot.

Example:

Candidate 2 has been chosen.

One candidate has been marked and the box is filled in completely.

LOCAL NONPARTISAN OFFICES

Full Four Year Term
VOTE FOR ONE

Candidate 2

.....

Check your ballot to be sure you have voted for the candidates and measures you intended. Make sure you mark only one response box in each race or measure. If you mark more than one, your vote in that race will not be counted. Your other votes will be counted if they are done correctly. Leaving an office or ballot measure blank will not invalidate your ballot.

If you make a mistake marking your ballot, draw a line through the incorrectly marked choice as shown. You then have the option of marking another choice.

VOTE FOR ONE

Candidate 2

.....

You must sign and date your return envelope in order for your ballot to be counted!

- Sign in the signature box that has **YOUR** name printed on the envelope.
- If you registered to vote online, or when you obtained your driver's license, the signature on your driver's license is the signature in your voter registration record.
- If you are unsure about the signature in your voter registration record, we encourage you to call the Elections Office at 564-397-2345. We can provide a description of the signature you used when you registered to vote.
- Do NOT sign someone else's name, even if you have power of attorney.
- Voting over the phone by having someone else fill out and sign your ballot is against the law. Voters can call us at 564-397-2345 to learn about the options for voting while they are out of town.
- Drop boxes are available if you don't want your signature to go through the mail. See [pages 6-7](#) for a complete list of ballot deposit locations.

Follow the instruction sheet included with your ballot to seal, sign, date and return your ballot.

Henry Clay Dennison
Prefers Socialist Workers Party

Elected Experience No Information Submitted

Other Professional Experience Currently a rail worker and a member of the SMART-TD union. A union coal miner for 18 years. Worked in textile, steel, and other industries, joining coworkers to fight for better conditions.

Education The Black struggle and other workers' struggles taught me a profound confidence in the solidarity and fighting capacity of the working class here and internationally

Community Service Participation in actions supporting Black farmers fighting land loss, protests against police brutality, against anti-Jewish attacks, and in solidarity with immigrant workers. Defending free speech and debate, and standing against anti-working class, anti-scientific "cancel culture" and "wokeism"..

Statement The Socialist Workers Party campaign presents a course for working people to organize, defend ourselves, and make gains amid deepening world capitalist crises. Workers need to break from the Democrats and Republicans, and use our unions to form a party of millions of working people, a labor party, to speak and fight in *our* interests.

Moscow's troops out of Ukraine now! U.S. troops & nuclear weapons out of Europe! End U.S. sanctions, which hurt working people. International working-class solidarity, including between Ukrainian and Russians toilers, is key to defeating Moscow's invasion. Workers here share common interests with fellow working people worldwide, not the rulers who exploit us. For unconditional recognition of Israel as a refuge for Jews, increasingly scapegoated for the capitalist crisis, and facing murderous violence.

Workers need access to healthcare, childcare, family planning, easier adoption, contraception, and safe and secure abortion. Solidarity with farmers, who face soaring production costs and threat of foreclosure. Nationalize the land, to guarantee use by those who live on and work it.

Defend Cuba's socialist revolution, which shows it *is* possible for workers and farmers to transform ourselves in struggle, take political power, and begin to uproot capitalist exploitation. End the U.S. economic war against Cuba!

Working people face long hours and insufficient time off. The labor movement must fight for a shorter work week with no cut in pay to create jobs, prevent layoffs, and allow family life. For cost-of-living raises of wages and retirement benefits with every price rise! To defend life and limb on the job, workers must aim for control of production.

Only a revolutionary government of workers and farmers can build a society in the interests of the majority. That's what the SWP fights for.

Mohammad Hassan Said
Prefers Democratic Party

Elected Experience Precinct Committee for Grant County. State Delegate-Democratic Convention. National Platform Committee 1988. Former Vice Chair-Democratic Central Committee for Grant County. Committeeman-Washington State Democratic Central Committee 2016.

Other Professional Experience Healthcare expert, holding one of the highest medical degrees in the U.S. Expert of US-Arab /Muslim relations. Combined following of over 424k followers on Facebook (Dr.Mohammad Said).

Education M.D. honors, PhD honors, MPH, Specialities: Internal Medicine, Family Practice, Geriatrics, Preventative & Alternative Medicine, Former Asst. Clinical Professor at VA in Fargo, ND. Fluent in Arabic, Spanish, English.

Community Service 15 years of volunteer work at WA State correction facilities (local, county, & state).

Statement In 1992 as co-founder, I attended Rainbow Coalition in Seattle with intentions to run for U.S. Senate at the same time Senator Patty Murray came for endorsement. They convinced me to withdraw my name on her behalf and I agreed. Since 1992, senator Patty Murray was elected for WA state & is the chairman of Health and other departments.

I had been a doctor practicing in the state of WA for 38+ years with no complaints against me. Unexpectedly, the Health department suspended my medical license based on misinformation & what I suspect to be racism and Islamophobic. My case was handled through Zoom due to the pandemic and those members of the medical commission were all below my education and experience. I was racially targeted and they said I was demented and unable to practice. That misinformation came from a geriatrician, a member of LGBT whom I visited to get a second medical opinion on some issues. An attorney presented several supporting evidence, proving I was a competent medical doctor. The commission however, were convinced by an assistant attorney general who had been against me for years and I have evidence of that.

I wrote to Patty Murray, the chairman of the Health department, as this was her department. Why did not do anything? I decided to publish not only my grievances but also that of hundreds of my patients, as I am running for U.S. Senate.

I advocate amendments to the constitution which include War Powers Act, direct trade with foreign countries by states, National Guard to be under state control, Second Amendment as a privilege and not a right, allow foreign-born Americans to run for President, and U.S. Congress to meet in states by rotation. **John Guenther****Prefers Republican Party**

Elected Experience None, which is an attribute. Please read my statement carefully, I am about one thing results and I will bring results through this position.

Other Professional Experience State and Tribal.

Education MSW, I have every intention of getting involved in education on a

local level. We have to fix where our schools are at. I will work with both parties to focus on test scores, vouchers, and helping all schools.

Community Service A great deal of service. I am a Tribal member who will reach out to both sides of the aisle, and I will be involved with fixing crime and homelessness on a local level.

Statement My name is John Guenther, I am a Republican candidate for the US Senate. I am calling on votes from Democrats, Independents, and Republicans. I promise members of Congress or their significant others will not be permitted to own individual stocks and I will get term limits for the House and Senate; or I will not run again. Under my watch, we will fight the printing of money and the massive debts we are under, and we will stop inflation.

I will fight crime by ensuring Judges don't allow dangerous individuals out on bail. I will ensure Prosecutors file on dangerous individuals, I will fund the police, and will stop tent cities in city limits. I will be involved locally.

With education, focus on the basics, bring up test scores, why are poor and minority schools always the worst? We need to look at vouchers. Teach sex ed at home, and end CRT.

With energy, yes to alternative sources, but bring back nuclear, and get the uranium, oil and gas from American states. I will support legal immigration, and stop this surge. With foreign affairs, operate from a position of strength, stop allowing countries that are hostile to America, take over America. We are about to accidentally enter WWII.

I want to Reach out to Republicans and say, hardliners will not win, vote for me. Democrats, I will work closely with you and will work on a local level to make our State safe again, and help our educational system. With Independents, do you trust the direction we are going? We need leadership to right this wrong. I am saying to all three groups, vote for me and you will get results. I will not tell you that I have a plan, I will produce or not run again.

**Tiffany Smiley****Prefers Republican Party**

Elected Experience No prior elected experience, but an extensive background building coalitions and working with members from both parties to enact legislation reforming the Veterans Administration and improving veterans' health care.

Other Professional Experience

Triage nurse, full-time caregiver, President and Co-Founder of "Hope Unseen," veteran's advocate, mother of three growing boys.

Education Whitworth College- Bachelor of Science in Nursing

Community Service KADLEC Foundation Board, Elizabeth Dole Foundation, National Chamber for Hiring our Heroes, Veterans Airlift Command, Camp Corral, Smart Women Smart Money, Policy Vet Board

Statement Tiffany Smiley grew up on a farm in rural Washington and dreamed of becoming a nurse. When she married her high school sweetheart, Scotty Smiley, and achieved her goal of becoming a triage nurse it seemed she'd achieved her version of the American Dream. That dream was shattered in April of 2005 when she was informed that her husband had been blinded by a suicide car bomber in Mosul, Iraq. At 23, Tiffany quit her nursing job and flew to Walter Reed Army Medical Center to be by Scotty's side.

At Walter Reed, Tiffany had to stand up to the federal government and fight for Scotty, his dreams and the care he had earned. For Tiffany, her experience with the military bureaucracy highlighted the challenges facing many service members and their families. Tiffany became their voice, going to Capitol Hill and meeting with anyone who would listen to her. She built coalitions with members from both sides of the aisle which ultimately resulted in real reform of the VA to help the catastrophically injured and their caregivers.

Drawing on her experiences as a veteran's advocate, Tiffany will build coalitions and work for policies that improve public safety and protect Washington families, combat spiraling gas prices and the inflation that's hurting the middle class and address the homeless crisis plaguing our communities. Tiffany will be a strong supporter of our men and women in law enforcement whose sacrifices keep our streets safe and allow Washington communities to thrive. As the mother of three school-age boys, Tiffany will invest in our schools to provide every child with a brighter future. Tiffany has earned the endorsement of the Washington State Republican Party. From a small farm in Eastern Washington to the nation's capital, Tiffany will be a voice for all of Washington.

All of my life I have extended myself to the community, with non profit work at "People's Health International" working against endemic diseases such as Tuberculosis and many other communicable illnesses that ravage the most neglected human beings at the bottom of the pyramid.

It is my fervent belief that government by the people, from the people and for the People -- shall never perish from this Earth, if we can help it.

That is, if we can help it be maintained as discussed in our party manifest, and as "We Democrats and Independents" can coalesce into a strong majority that will push through our political agenda of Growth, Equality in front of the eyes of the law, and Equanimity in opportunity to harvest the American Dream that is promised to all of us, but rarely delivered to the ones who are less fortunate amongst us, because of racial divisions, lack of economic opportunity for most, and also because we are still tied up to the carriage of runaways that preach systemic racism and white supremacy, and still happen to be the majority of our elected officials. This is what I am here to change, and that is why I ask for your vote.

Thank You

Elected Experience Yes, I have no elected experience. However, I do have food for thought for middle-road Democrats and voters with unhappy wallets.

Other Professional Experience

CEO, DAS Electronics (Army contract award for wireless systems); Manager, Boeing, 737 Airplane Electrical Wiring

Education BA Business Administration, University of Washington: Economics, Finance, Accounting; BA Political Science, Chaminade University: Constitutional Law & Government

Community Service Army veteran, Captain, Second Infantry Division. Incidentally, I was a *middle-road*, JFK (John F. Kennedy) legacy Democrat. The Democratic Party *abandoned* me. I became a Republican. Praise God.

Statement The 7% inflation in 2021, the worst in 40 years, cost the average U.S. household \$3,500 more for the same goods and services.

Think about this. The ineffective career politicians in charge, who just messed up your wallet, want another chance. Bad idea.

This election, *cut your losses*.

Vote your unhappy wallet a Senator (and Representative) who will sponsor tried-and-true policies that foster prosperity.

Specifically, under Democrat President John F. Kennedy, almost everything was made-in-the-USA, America was energy independent, our border was secured, and inflation was 1%. *With policies like JFK*, Donald Trump's inflation rate was 1.2%.

Something else. Article IV, Section 4, in the Constitution, protects each state against invasion. Accordingly, I oppose amnesty for illegal aliens. These people invaded America.

Statement This year's candidacy marks a decade of not trying to win but to use the Voters' Pamphlet to attract viewers to the posts on my blog <http://stoeastlinknow.blogspot.com>. It began in response to the Seattle Times failure to recognize Sound Transit had a board of elected officials and a CEO that didn't understand the basics of public transportation.

That 4-car light rail trains don't have the capacity to reduce peak-hour congestion on multi-lane freeways and cost too much to operate during off-peak commute. That the billions already spent on Prop 1 extensions will do nothing to reduce freeway congestion. They're only a down payment on ST3 "voter approved" extensions whose costs have increased from the \$54B voters approved in 2016 to \$135B in 2022; yet don't increase capacity but add to operating cost.

The Times has abided Sound Transit no longer releasing quarterly service reports that would have shown Northgate Link ridership was ~8000, a fraction of the 42,000-49,000 the paper had heralded as "Transit Transformed". Portending even worse debacles for the "voter approved" ST3 extensions; my goal to expose.

This year it will also allow state residents to vote for someone who doesn't believe the country is systemically racist, believes teaching CRT doesn't benefit students, and that sex education should be age appropriate. That Gov. Inslee should explain the benefits of EVs whose batteries are charged by fossil fueled generators and whose owners don't pay gas taxes to fund roads. Who questions the efficacy of his carbon tax when the country only emits 15% of the planet's CO2 and a Dec NAS paper conclusion:

CO3 warming effect decreases with concentration. CO2 has less and less effect with increased concentration. CO2 can go to 1000 to 2000 to 5000ppm and it won't warm the earth

Helping parents and children in America and abroad in Family Court issues, also 10 years.

Statement My name is Jon Butler, I'm running for United States Senator of Washington State/ My platform is Family Court Reform and Family Law Reform. I've been an advocate for going on 10 years now. Helping parents and children here in Washington to around the country and the world. Family Courts have destroyed families, dreams of our children and their parents for over a century. It Started in 1910. It is time to stop the abuse on Washingtonians and the American parents. I would like to Butler Corps, like Job Corps but for older adults: the homeless vets, woman and men. Where people can get a good education/trade and off the street, to get them a job. Everyone needs just a nudge in the right direction. Also, I would love to give teachers raises and better incentives. They are on the front line our generations to come, and they should be treated like the best. Furthermore, somethings that has been on my heart to do is, limit terms on politicians. This has never been done in history. It is time to make history and make this happen. There are other great things I would love to get done for us Washingtonians, from creating stricter laws on pedophiles, stricter voter ID laws, again term limits, to even raising the speed limits on some highways. Plus, to step it up I don't ask for donations, my name isn't bought like most of them are. I even will be giving the paycheck back to the public. Giving it back to local communities and building families up. The other part will go to building Butler Corps. I am not asking for money. I'm asking for your vote. As Senator Solstin, I will continue educational efforts. I fully support my wife's community effort. Dr. Solstin is from Uganda. She has dedicated her career to Washington's homeless and women's psychiatry.

Statement Social Liberal and Fiscal Conservative

Fix Our Broken Monetary System: Inflation is at a 40-year high. US debt is \$30 trillion and accelerating. Since 1971, The Fed's money printing is administered like a painkiller. After 50 years, the US economy is addicted to synthetic stimulus. We can forgo the Weimar Republic pattern. There is a way out. Wtfhappenedin1971.com

Since 1971, wealth inequality continues to widen. QE and money printing is the biggest wealth transfer to the financial class in human history. Money printing is bleeding the working class. Inflating housing, food, and fuel. The root cause of homelessness. We are in a large-debt cycle and Bitcoin will provide relief from the failing US Dollar. As Senator Solstin, I will focus on fixing our broken monetary system. Bitcoin eliminates the magic money printer. Eliminates inflation. Crypto does not. Crypto is fiat.

I want to be Senator Solstin to give control back to citizens. I advocate privacy, individual sovereignty, and private property. In summary, Bitcoin. Nothing else is sufficiently decentralized. As a privacy advocate, I will fight every CBDC effort, including countries who implement a CBDC. The US worker shouldn't compete with an ultra-centralized, economy. Central Bank Digital Coin is slave money. Dystopian. I'm happy to debate this with any opponent.

Conservationist: I will fight for clean air, clean water, clean soil, and clean energy.

STEM Leadership: The internet's TCP/IP accelerates the velocity-of-data. Bitcoin's BTC/LN accelerates the velocity-of-value. Both protocols demonstrate *decentralized* resiliency, and accelerates the digital transformation of Science, Technology, Engineering and Math (STEM). I will strategically invest in STEM's digital transformation, accelerating abundance and prosperity for everyone. The aging US Senate desperately needs proven, STEM leadership. Statement These last few years have been some of the toughest for our state that I can remember. But that has only made me more determined to be a strong voice in the other Washington for our workers and families—one who listens to the people of our state first and foremost, and always stands up for our values and priorities.

As your Senator, I focus on results and concrete ways I can make life better for people in our state. I led the Senate in passing legislation last year to get our kids back into the classroom safely, make COVID vaccines available to everyone who needed them, and help small businesses and families make ends meet through difficult times.

Right afterward, I got to work to help pass the Bipartisan Infrastructure Law, which will create good-paying union jobs in every part of our state, improve public transit, expand lower-cost clean energy, establish universal broadband, and upgrade our bridges, ferries, and ports to strengthen supply chains.

And, I negotiated a bipartisan budget that funds local priorities Washington workers and families like you have told me about, like helping veterans find housing and expanding job training.

I will always stand up to those who want to roll back workers' rights, jeopardize American democracy, or ban abortions. I believe the economy should work for everyone in our state, not just those at the very top. Instead of tax cuts for the rich, I want to lower families' costs for basics like health care and child care—make housing, college, and career and technical education more affordable, and invest in American manufacturing to bring good jobs back home.

I ask for your vote so I can keep fighting for you and everyone here in Washington state.

Community Service Built fish ladders and state and federal water betterment projects throughout the state.

Statement Hi, I'm Thor Amundson, and I am a pro-democracy candidate and freedom of choice and freedom of speech. Born and raised in Eastern Washington, I've lived and worked throughout the state, and this has given me the opportunity to talk with people in all walks of life, and to consider the variety of issues facing them. I believe that without a little more opportunity for the next generation, we cannot have a healthy civilization.

If corporations move to other countries, they should follow the same rules and labour practices as in the USA. Stop shipping logs, jobs, and clean air and water over seas. Turn off reactor at Hanford and no new reactor; stop making the mess. Replace Hanford with geothermal power generation. Nationwide public internet access for everyone and net neutrality. Ban the use of certain weed killers on federally funded sites like easements, fencelines, ditch banks, and public schools; reintroduce the monarch butterfly to Washington state. Overturn Citizen's United.

Picture a state and a nation where your children can afford to live. Annex Weyerhaeuser's land and give away 250k free off-the-grid homesteads in WA state. A place where elected officials are chosen by the people, not by their financial contributors. Make C-Span more entertaining. Rather than propose campaign reform, I'm going to implement it. I am not an attorney, and I am not a politician. Therefore, there will be no question about who I am working for. I will lead Washington into the 21st century.

Statement We have a serious problem and even as wealthy as this Nation is, this is getting expensive. \$30,400,000,000,000 National Debt along with increasing interest rates; the postponement/abandonment of dealing with this has left the United States in a precarious financial situation, Interest Payments this year will exceed \$600 Billion (1.7 Billion Each Day).

The incumbent has been in office 29 years; the National Debt has increased over \$26,400,000,000,000 during her time in office. Without your help it will not get repaired, the people who created this mess have no incentive to fix it. Grandmothers, moms, your kids and grandkids have gotten Fleeced!

Not learning from but repeating history is Insane yet here we are again, will the catastrophic results repeat also? George Washington's farewell speech in 1798 addressed Political Parties and the damage they would inflict on this Nation because of Potentates and Despotism; the cost of abandoning Virtue and Morality for Legalism; the dangers and damage of Outside Foreign Influence; along with the irresponsibility and cost associated with an unfettered National Debt.

Thomas Jefferson stated: "I know no safe depository of the ultimate powers of society but the people themselves; and if we think them not enlightened enough to exercise their control with a wholesome discretion, the remedy is not to take it from them, but to inform their discretion by education."

Unfortunately there are no term limits; the Elephants and Asses (Republicans and Democrats) defrauded/deceived you, your kids and your grandkids! The only way to get rid of the lifers in the House and Senate is to remove/fire them all. If you are tired of the status quo, help change it. It's past time to clean house.

Statement I am a successful entrepreneur, businesswoman, wife, and mother. Born and raised in Bellevue, WA, I have watched firsthand our state's downfall. Friends ask me "Naz, why would you put yourself out in the angry political world?" Simple. As the daughter to Iranian immigrants and as wife to a husband whose family fled the Socialist Republic of Romania, I have seen sacrifice. I love my country, I love the constitution, and I want there to be a future for my children and yours! As an independent, I believe that our differences empower us and that respect is essential, even when we disagree. We all see the bad direction our country is headed and we all see the hypocrisy among both sides of the establishment. We all want change. I am that change.

I believe our 2-party system does not care for the common citizen. They pledge their allegiance to their party. I will pledge allegiance to our country and the people of WA! I promise to be honest, upright, and continue holding the same moral values that I hold in my personal life, family, and business. I won't be bought by special-interest groups and I will put the grueling issues that plague our state first on the list. From holding state officials accountable with homelessness funds, to fighting big Pharma, inflation, education, student loans, energy innovation, immigration, etc. The list goes on and I'm prepared to bring solutions to the table and work between party lines to get things done!

Who is best to represent you Washington? A democrat? A republican? Or is it an independent? One who truly loves her state, the Washington people, and wants to better the quality of life for all. The voters have to decide. Thank you for the opportunity to serve and represent you!

**Jaime Herrera Beutler****Prefers Republican Party**

Elected Experience Working for Southwest Washington families and small businesses in Congress since 2010. My focus is on making gas and groceries more affordable for working families, protecting seniors, and fighting against government waste. Washington State House of Representatives, 2007-2010.

Other Professional Experience Former Senior Legislative Aide, U.S. House of Representatives. Before that, jobs from nanny to picking blueberries.

Education B.A., University of Washington, Communications

Community Service Advocate for low-income parents and children facing medical complexities; working to prevent and promote treatments for kidney disease; helping veterans, small businesses and students succeed; supporting members of law enforcement.

Statement Serving Southwest Washington families and communities is my mission. I listen to you, and I stand up to politicians in both political parties to put our region's needs first. Of Washington's 12 members of Congress, I've been ranked "most effective" for championing good-paying jobs, lower prices on gas and groceries, and preserving our way of life in this amazing region.

Main priorities: Worker pay, cost of living. Our region must remain a great – and affordable – place to live. I've helped pass laws boosting the average family's paychecks by \$2,300 and creating thousands of jobs. My yearly Jobs Fairs have secured good-paying employment for countless residents. I've opposed trillions in wasteful spending that contribute to spiking prices, while promoting solutions to get more goods on our shelves and lower gas prices. Hardworking residents should be able to afford a home, feed their families and drive to work.

Backing law enforcement. I've stood up and opposed dangerous calls to "defund the police." With spiking crime and an influx of deadly drugs in our neighborhoods, strong law enforcement is more important than ever. I'm leading efforts in Congress to pay, train and equip local police so we have enough honorable men and women in law enforcement to serve all citizens.

Protecting sportsmen, preserving salmon. My legislation to control predatory sea lions and improve salmon numbers on the Columbia River is now law, and I'm securing funds for more hatchery production and habitat restoration. We'll bring back our salmon and steelhead.

Seniors have earned Social Security. I won't vote to cut benefits, and have fought to strengthen this vital trust fund for seniors who depend on it.

Nobody will work harder for Southwest Washington than I will. It's an honor to serve you in Congress and I ask for your vote.

Statement My name is Chris Byrd and I am running as an independent candidate for Washington's 3rd Congressional District. I decided to run for Congress because of the extreme polarization facing our nation. Our current political climate is unhealthy. Unless we change the way we approach politics, I fear the opportunities our generations have experienced may not be there for our children. We can do better. We must do better.

We have numerous challenges in front of us, which require us to work together. Partisan gridlock between Democrats and Republicans has not worked in the past and it is not the answer moving forward. Continuing on this path will not solve our problems. Something must change. As your independent representative I will do everything in my power to unite both sides of the political aisle. I will support bipartisan legislation that benefits the people of Southwest Washington.

Like you, this is my home. I was born here, I moved back here, I work here, and I hope to retire here. We may not agree on every issue, but I genuinely care about the future of both our country and our local communities. As your elected representative I will be of service to you. Our future depends on us to find a way forward together.

When our Constitution was created in 1787 someone asked Ben Franklin while he was outside of Independence Hall what type of government he helped create. He responded, "A republic, if you can keep it." A functioning government requires us to put forth our best effort. I will work as hard as I possibly can for the people of Southwest Washington. I am excited for the opportunity to step up to the plate and be your representative.

Vote Independent. Vote Chris Byrd for Congress.

Community Service Mounthood Community College Automotive Program Advisory Committee, Hillsboro Highschool Automotive Advisory Committee, Treasurer for Stevenson Downtown Association.

Statement Our Representatives are completely out of touch with those of us struggling to keep up with the rising costs of food, gas, housing and prescription drugs. As co-owner of an auto repair and machine shop, I know how tough it's been to navigate this economy. Like so many working Washingtonians, we do our best to stay ahead of bills; but because we cannot afford quality child care for our son, we take him to work with us.

Special interests and party bosses have too much power in Washington and are failing to solve our biggest challenges. I'm running to take on politicians who are bought and paid for by large corporations who refuse to pay their fair share while working families who follow the rules fall further behind. I'm not taking a dime of Corporate PAC money and will put people over profits. I like to get my hands dirty fixing things, not working the system.

I'm proud to have created many family wage jobs with my business. As our business has grown, like many employers, we struggle to find workers with the skills they need to succeed. In Congress, I'll make expanding career and technical education a priority, to empower more Washingtonians to obtain family wage jobs they can be proud of.

Finally, I'll stand up to politicians who try to tell women what they can and cannot do with their own body. We cannot assume our rights will be protected here in Washington State any longer. It is up to all of us to fight to protect reproductive freedom.

Prefers Republican Party

Elected Experience Washington State Representative, 17th Legislative District since 2017.

Other Professional Experience 20 years private sector business experience; Account Executive for Dell, Pillsbury, Frigidaire. Small business owner providing grant writing for

nonprofits; Worked for We Care America a nonprofit that worked with the U.S. faith-based and community initiatives office.

Education Graduate Michigan State University, B.A. Advertising.

Community Service Clark County Veterans Assistance Center, Boys and Girls Club, Evergreen Bible Church. My roots are in Washington. My dad came to Ft. Lewis in the Army and my mom is from Yakima Valley. I moved to Vancouver in 2007 and live in this community with my husband Paul.

Statement The people of Southwest Washington deserve a U.S. Representative who is a proven, experienced, conservative leader fighting for the people with the voting record to back it up. As State Representative, I've kept my promises to the people. I've never caved into special interests or party leadership, and I never will. That's why I'm running now to represent the 3rd Congressional District.

I was honored again to receive the Conservative Excellence Award, for my conservative legislative voting record, from the national CPAC Conference (Conservative Political Action Conference) host, the American Conservative Union Foundation. According to their recent scores, I had the most conservative voting record in the House of Representatives.

I've continually fought for your 1st and 2nd Amendment Constitutional rights. My first bill passed helped Disabled Veterans. I sponsored legislation to reform governor emergency powers, protect your right to refuse vaccine mandates, and introduced Washington's most comprehensive election integrity bill.

Continuously, I've worked for limited, accountable government, a strong economy that promotes our American free market, small business, farms, timber and growth. We need a balanced budget. Getting America's supply chain moving will lower inflation and prices. We must reduce I-5 traffic congestion for commuters and freight with no light rail and no tolls.

Closing our southern border will stop the flow of criminals, drugs, and sex trafficking. America must operate in strength and sovereignty, including a strong military to protect our nation, citizens, and freedom.

As the leading Legislator fighting to protect parents' rights and children from Comprehensive Sex Education, I introduced school choice legislation. I've always been pro-life, and co-sponsored legislation to protect unborn babies. Our nation is at a critical crossroads. Together we can get America back on track, and see Southwest Washington thrive for you, your family and future! I ask for your vote.

I have been a teacher for nine years. I currently teach high school history and civics.

Statement As our politics get increasingly divisive, we need a third option that gets away from the partisan bickering. I will be a voice in Congress that reflects the values of working people. To learn more about the American Solidarity Party go to solidarity-party.org.

Worker Ownership: Currently, our economic system only benefits a select few. It needs to be fairer. The key to addressing economic injustice is to restructure our economy so that most employees are able to become worker-owners. Worker cooperatives benefit the employees by increasing wages while benefiting the firm by increasing worker engagement.

Pro-Life for the Whole Life: I favor policies that support the sanctity of life from conception through natural death. This includes not just restricting abortion but supporting policies to improve our lives. This includes affordable medical care, food security, affordable housing, support for refugees and diplomatic solutions, and abolishing the death penalty.

Justice: Our criminal justice system is fundamentally broken. There are more Americans incarcerated than in any other country per capita. Major reforms are needed to protect the innocent from wrongful incarceration and police violence while promoting diversion programs to prevent recidivism.

Environment: There is no "Planet B." We are called to be responsible stewards of this Earth for future generations. Alternative energy is good for the economy and good for the planet; we need to devote resources toward the development and implementation of renewable energy. At the same time, we must improve conservation, reduce waste, and improve our recycling and compost programs.

Democracy: Our government is dominated by major corporate influence and governed by two parties that no longer represent the people. We have to take back our democratic traditions. We need to get Big Money out of our elections and make sure our democracy is more representative of the people's views.

Statement For nearly twenty years, my husband and I have been raising our family in beautiful SW Washington. We are blessed that our grandchildren are also being raised here—and we hope that one day, they will want to raise their own families here.

Our nation is at a crossroads. The next elections will determine whether or not we implement the failed policies of socialism or restore the values that made the United States a beacon of hope for the whole world.

Like many of you, I am deeply concerned with the direction our nation is headed under Joe Biden and the Democrats. Most of us know that we are heading in the wrong direction. Soaring inflation, the loss of medical freedom, the disregard for parental authority in our schools, the embracing of socialism and our increasingly unsustainable debt speak to the fact that we desperately need new leadership.

America was built on the simple premise of "Citizen Statesmen" going to Washington to represent the interests of the citizens who elected them. I have a lifelong, proven record of voting for and implementing Conservative values, and believe I am the right voice to represent SW Washington at this time in our nation's history.

I believe in limited government, which produces the fruit of freedom. As your representative, I will boldly stand and defend the Constitution, including the 2nd Amendment, our borders and our right to medical freedom. I will never vote for a piece of legislation without answering two questions: "Is it constitutional?" "Can we afford it?"

By working together and with God's help, I believe our best days are ahead of us. It would be my honor to continue serving the citizens of SW Washington by promoting the principles of freedom and limited government on your behalf in Washington, D.C.

Secured grants for community service projects**Statement** People often ask me why I am running for this seat. My immediate response is 'because I have Grandchildren'. But the deeper meaning behind that is that I am alarmed at the direction our nation and the world has taken. It has turned away from reality and let's be real about it. There is only one party responsible for that and I want to unseat it. This isn't my Grandfather's Republican party. In fact I barely recognize it. I cannot leave my Grandchildren this country in the shape it has become. I am compelled to do something about it. I believe it's time we did something different.

Then people ask if I'm a progressive. Well kinda. I think of myself as more of a moderate (I was raised in Alabama but have been on the left coast for over 20 years). I welcome everyone to look at my website or Facebook page (Davy Ray for congress) to get an idea of where I stand on particular issues. I have a number of things I'd like to pursue in the best interests for the 3rd. I sincerely hope you will consider me to represent you in Washington D.C.

I will represent your constitutional rights in Congress and will fight to defend your freedom. Candidates speak in abundance with cheap words, but accomplishing political promise requires courage and determination.

America First: I have first-hand experience in negotiating international trade contracts. I oppose law or trade rules which place our American workers and businesses at a disadvantage. I support American small businesses and promise to protect against monopolies and globalists. I oppose bills which place essential American products such as medicine, food, steel, energy fuel, and manufacturing at risk. I support our trade and public service unions because they make a fundamental contribution to American product quality, productivity, and worker security. Social and cultural policies such as school choice and curriculum are the prerogative of parents, not unions or the DOJ. I support higher pay and improved training for our police. I will not vote to create or intervene in foreign wars unless America's interests are first and priority.

Defend Our Freedom: Election fraud is rampant and is a threat to voter rights. Congress has a role to ensure that fraudulent ballots are not counted in federal elections, and that ballots are only submitted by legal citizen voters. International cartels cannot have access to voting machines. I commit to defend the southern border against illegal invasion, drug importation, and human trafficking. I support gun ownership and the right of parents to protect children in schools against criminals. "Green energy" legislation is largely a sham intended to retard American productivity and transfer wealth to globalists and I will fight it. I will protect the environment, not the Chinese Communist Party.

**Joe Kent****Prefers Republican Party**

Elected Experience I am not a career politician; I am a warrior. For over twenty years, I fought for our nation in the most challenging conditions as Green Beret and led troops into battle.

Other Professional Experience

I currently work as a project manager for a small technology company. Before

joining the Army, I was a Boy Scout summer camp instructor, a lifeguard, and mowed lawns.

Education Norwich University B.S. Strategic Studies and Defense Analysis, U.S. Army Special Forces Qualification Course, Eagle Scout.

Community Service I deliver meals to veterans in need and volunteer at my church. I have trained and provided security services to churches and Synagogues.

Statement I served for over twenty years in our nation's Special Forces and as a foreign policy advisor to President Trump. I'm endorsed by President Trump, Loren Culp, Lars Larson, and Gen. Michael Flynn.

My priorities are: fighting inflation by ending wasteful 'omnibus' spending and restoring energy independence; investigating the 2020 general election, election integrity laws and impeaching Biden and Harris immediately. Standing up for the right to life and the 2nd Amendment; securing our border and ending illegal immigration; and enacting an America First economic agenda that will restore our local manufacturing and timber industries and create good-paying jobs.

Like many of you, I've voted for Jaime Herrera Beutler before, but her betrayal of our conservative values compelled me to run against her. She voted with the Democrats to impeach President Trump, halt construction of the border wall, give 1.5 billion in taxpayer dollars to Planned Parenthood, and enact "Red Flag" laws that take away 2nd Amendment rights.

Here in the district, she's done nothing while mills, factories, and veteran clinics are shut down, and she's failed to address the I-5 Bridge Project and the sea lion problem that is devastating our fish stocks. Inflation is robbing our families of 9% of their take-home pay. Jaime caused that by voting for Biden's trillions in omnibus spending and, most recently, to send \$53 billion of your money to Ukraine.

I have been personally affected by Jaime's eagerness to keep U.S. troops in unnecessary foreign conflicts. My wife, Senior Chief Petty Officer Shannon Kent, was killed by a terrorist in Syria one month after President Trump tried to withdraw our troops from that conflict. Jaime voted to block that withdrawal.

Unlike Jaime, I will always put America and Americans first. I would be honored to have your vote.

Education Recent Professional Certifications include University of Pennsylvania, The Wharton School: Data Analytics; University of Washington: Machine Learning and Data Manipulation at Scale, Systems and Algorithms.

Community Service Election auditor and observer.

Statement As Secretary of State, working with our citizens and Legislature, using only American labor not more globalism, I commit to improving and replacing election systems and processes as needed to guarantee every Washingtonian who can legally vote can easily vote, people who legally cannot vote do not vote, and implement a voter identification system and routine audits to protect the integrity of our elections. Compared with accuracy and transparency requirements for engineering, banking, and healthcare, our elections have been completely substandard. We deserve and will build an election system that earns our trust.

We need a strong voice of the people serving in Olympia, someone who has a record of actually getting things done, not just another government career builder, political agitator, or activist trying to build name recognition. We need innovative, free-market solutions proven in the real world. My successful career was built outside of the swamp of government. Like serving on jury duty, I will serve our people, taking responsibility, deliver what I promise, then return to private life, and never make excuses.

Education Certain people have made sure I got one.

Community Service Five times on the ballot just to embarrass the politicians out of arresting me for talking to them about the Transit they sabotaged. Abuse of process is a thing, in Centralia. The Hardest place to leave I've ever been. I'd be there still if the police chief hadn't 'suggested' I leave town. So, bad eye or not, I bought a car, and a house, and left. It's a great pleasure to live among civilized people again.

Statement For those unaware, China is assembling a 'security' pact in the Pacific. This amounts to a series of gas stations for their 350 ship navy, 80 ship maritime militia, and any aircraft and small craft imaginable. They already have Guadalcanal. They also have 100 tankers and 400 containerships (Temporary helo troopships). So, if certain dominoes fall certain ways, we could have half a million Chinese troops in Western Washington. Where there is a huge anchorage and ready protection from our Army provided by mountains, deserts, and rivers. If this comes even close to happening, we will already have had a bad day. Long before then I want the Military to Recon the place hard and think about what to do with that much trouble.

Chinas' move is not so much new as next. Part and parcel to the happenings in Ukraine. You don't need ESP to see war clouds gathering. We must get our supply chain out of their country. That wont happen by itself.

Then there are the republicans. I think the free states should sue the slave states. To have a free and fair election in the United States, it must be free and fair in every state.

Education MBA - Seattle University, in progress; Election Administration Cert - Auburn University, in progress; B.S. in Applied Management - Grand Canyon University**Community Service** Seattle Angels - Love Box Leader/Mentor; Military Family Fun Run Event; NAACP Member

Statement I was born and raised in Russellville, Alabama, to a young mother and father. Growing up in the south as the 2nd oldest of 14 children was challenging at times; however, I garnered valuable leadership skills and the ability to influence. I learned the importance of hard work, giving back to the community, and becoming a person of value. After graduating high school and attending college, I decided to pursue a new career by enlisting in the U.S. Army and serving my country. Soon after my military career, I obtained my B.S. Degree and maintained a career in Banking. Washington has been my home for nearly a decade, and I enjoy volunteering and hiking.

I choose to run for Secretary of State because representation matters, voter education matters, election security matters, and restoring confidence in our democracy matter. Washington state has maintained recognized leadership in the nation with its impressive mail-in voting process and same-day voting registration. I believe I can carry on that legacy once I am elected.

As an openly gay man of color, it would be a groundbreaking achievement once I am elected.

Washington Representative of 'Restore-Liberty' (2021- present)

Statement I am an Election Integrity Investigator fully committed to restoring transparent, secure and verified elections for all of Washington voters. Currently, we are told that our mail-in system is the most "convenient, accessible and secure" in the country, yet we appear to be sacrificing voter confidence in the name of convenience. The public is currently prohibited from inspecting the key aspects of our elections despite vulnerabilities of tabulation machines being widely known. Our voter rolls don't appear to be properly maintained which could allow fraudulent ballots to be accepted, and because anyone with your name and birthdate can turn in your ballot, we currently do not have verifiable ballot chain-of-custody. This isn't a partisan issue. If we can't trust the process of how we elect our representative government then our Democratic Republic is only an illusion. We the People must be the ones to restore a system that we can trust. No matter where we stand politically, if we can come together on this one thing, *we all will win*. Increased transparency and oversight are key to solving these problems. I am the only candidate in this race committed to restoring that accountability.

Education Master of Public Administration and Bachelor of Arts from the University of Washington. United States Army Command and General Staff College, Defense Information School.

Community Service Rotary, American Legion, Nisei Veterans Committee

Statement As your current Secretary of State, my top priority is to ensure our elections are secure and accessible to every eligible voter. I am proud of my career in public service working alongside Democrats, Republicans, and Independents advocating for all Washingtonians.

My mom, an Asian immigrant, raised me to work hard, value education, and serve others. That is why I have worn the uniform for more than 30 years and served 15 years in the state Senate.

With bipartisan support from state lawmakers, I am leading work that safeguards our election systems from cybersecurity threats, confronts malicious disinformation, and engages underrepresented communities. These commitments are why I am endorsed by numerous County Auditors who conduct elections, labor and business, voting rights advocates, and prominent state and federal leaders.

The Secretary of State must possess the highest standards of integrity and leadership and serve as a strong advocate for voting rights in Washington. As attacks on our democracy become more sophisticated, I am here to lead our state's elections through security challenges. Community Service Fraternal Order of Police 2020 Legislator of the Year, Rotary International; Fraternal Order of Eagles #2069, American Legion Post 41

Statement For five decades, Washington voters across the political spectrum, have trusted Republican leaders to oversee our sacred right to elect our own leaders. That ended when the governor appointed a Democrat to fill Secretary Wyman's vacant seat. I am running to return this office to the "people's choice" and to restore balance, accountability, and integrity to our election and voter registration system.

Washington has one of the most accessible election systems in the country; that needs to be protected. But with accessibility comes risk. Washington needs a SoS who understands the value of your vote and the need for constant vigilance and security improvements to protect the integrity of our elections; the bedrock of our society. Under my leadership, this office will be proactive, unbiased, and transparent.

Voter confidence suffers when we do not definitively and consistently demonstrate a commitment to free, fair, and transparent elections. And when confidence falters, voters no longer participate. I am the only candidate who has actually sponsored legislation (Washington Voter Confidence Act) to both improve access and accountability. I am not running to make things better for any political party, I am running to make things better for Washington State voters.

Community Service Federal Way Boys and Girls Club Board; Lake Dolloff PTA VP; State and National Baldrige Quality Examiner, St. Vincent's Knights of Columbus

Statement I'm running for Secretary of State to restore trust and integrity to government, especially our election systems. From registering voters, to eliminating irregularities, and to auditing and validating all votes, I will insure 100% accuracy and compliance with laws!

We need a passionate, experienced leader to head this critical agency who will work with county auditors and fight for election integrity and fairness. I've spoken to many Washingtonians, Republicans, Democrats, and Independents alike, who feel as I do that our concerns with government performance are not welcome. It shouldn't be controversial for Washingtonians to ask for transparency or demand audits and evidence of zero fraud. Yet many who have merely asked questions about problems or irregularities, have been mocked, silenced, or labeled as conspiracy theorists.

Citizen oversight over government is uniquely American! I will support all people, of any political party or belief, who want to be involved to ensure that their voices, and the voices of all others, are heard.

If I accomplish one result as Secretary of State, it would be to ensure that all Washingtonians are 100% convinced that elections were accomplished with integrity, and the results are true. I would be honored to get your vote!

Statement Polarization has eroded trust in our government. The Secretary of State has the critical job of running trustworthy elections, as well as providing public records access, business registry, and library services. This demands experience. Partisanship has no place in the Secretary of State's office.

I've been Pierce County's nonpartisan Auditor for 12 years, leading a nationally recognized, award-winning office that has increased voter access, enhanced election security, and improved auditing procedures. I've provided oversight and statewide leadership in elections, increased access to public records, and streamlined business licensing. I hold national and state certifications in election administration and am a certified public records officer.

I've worked closely with counties throughout the state. Together, we've created a national reputation for excellence. That's how I've earned the trust and endorsement of more than 30 Democratic, Republican, and Independent election administrators and County Auditors throughout Washington State.

My experience and leadership managing hundreds of elections in Washington's second largest county has prepared me to serve as your Secretary of State. I will protect our democratic republic by making our elections more secure, transparent, and accessible. I ask for your vote.

Part of that surplus should have gone to timber communities suffering from excessive logging restrictions. Parents deserve to be heard. Statement It is an honor to be your Assessor. In prior campaigns, I promised *Better Government, Faster Service and a Financially stronger office.* More so than ever we can say, *"Promises Delivered"*

Better Government- The last few years have been challenging for all of us, but my office has continued improving and never stopped serving the citizens of Clark County. The senior exemption program was expanded greatly increasing the number of eligible seniors and utilizing technology we met the challenge even as the team had to work remotely. We have reworked our service delivery methods to provided more efficient, safe, and enhanced personalized services.

Faster Service: We have focused on technology to allow property owners to get services on-line and faster. Routine items like changing your mailing address and appealing assessed values can be completed on-line reducing paperwork for citizens and staff.

Financially Stronger: The Assessor's office continues to fulfill our mandated services with fewer employees than when I took office. My team has been and continues to leverage technology allowing us to meet the challenges of a rapidly growing county while holding the line on spending. With promises delivered I again ask you for your vote. Thank you.

Statement For nearly 24 years voters have entrusted me with the responsibility of ensuring that elections in Clark County are secure, transparent, accountable and accurate. If re-elected I will continue to work diligently to safeguard elections.

Free and fair elections are part of the foundation of our democracy. Citizens must have confidence in the accuracy of election results. The best test of election results accuracy is a recount. duties included starting up new production facilities. Extensive experience in creating and improving processes in business, manufacturing and construction. Commercial construction management in the Seattle Metro area.

Education University of Washington, B.S. in Construction Management. Newport High School, Bellevue, WA.

Community Service CCRP Election Integrity Team, Washington Election Integrity Coalition United and Washington Voter Research Project

Statement I have chosen to run for Clark County Auditor due to my sincere belief that nothing in government is more important than having election integrity and the confidence of the people in the results of their vote. Over the past two years I have been involved with citizens' committees in the fight for election integrity here in Clark County and have been sorely disappointed by the stonewalling and destruction of information shown by the Auditor's office.

It has become obvious to me that the current office is working for the bureaucratic establishment, instead of for their real bosses, We the People. There is enough flexibility and discretion within current laws for the Auditor to provide transparency while assuring that the vote of We the People is accurate, safe and secure. They haven't done that.

I intend to make sure that the votes of all Clark County citizens are accurately and safely counted so that only the officials and policies that We the People vote for are entrusted with power. I believe that I have the leadership ability needed to build trust and restore confidence in this office, and am asking for your vote.

My career in semiconductors took me to many cities and countries, but moving to Vancouver 30 years ago felt like I was home again. I learned that my strength is leading people to jointly identify problems, find solutions and implement them.

I founded and lead many organizations, such as Community Roots Collaborative. We built over 20 tiny homes for the houseless. I advise Clark County Sheriff's Office, and am a member of Vancouver Police Chief's Diversity Advisory Team, and Clark College Social Equity Advisory Council.

Most of us agree that people should not be living on the streets. Population growth does not require cutting down all the trees and paving over all the farmland. Law enforcement must keep everyone safe.

As your county councilor, I will focus on these and other problems and find cost-effective solutions. Those who know me understand that beyond my low-key nature is a strong passionate advocate who will work diligently to improve the lives of everyone in Vancouver and Clark County. *I respectfully ask for your vote.*

Statement As a federal procurement leader, Veteran, and mother I bring a unique skill set to the many challenges confronting our County. I'm ready to put my school board run in the Vancouver School District to work to restore your voice back to the County Council. I will leverage my attention to detail to find solutions to lower housing costs, taxes, and bring relief during this near-historic inflation we're all experiencing.

I'm running because the homeless camps crisis is turning Clark County into Portland; something that I will fight to turn around. I'm passionate for our communities to be safe by having supported, well-trained, and fairly compensated deputies (the defunding police mentality is devastating our communities!), along with finding real solutions to our traffic problems, ones that puts Clark County residents first. Portland politicians or bloated government projects that just want to expand light rail, are not priorities for Clark County.

The last several years our District hasn't had their concerns addressed or listened to by Council, if elected, I'll represent you, always be accessible, and be a community-based member of the Council. I've proudly served our Country, and now I need your vote to serve our County.

Statement For 22 years as your state legislator, I proudly fought for responsible governance, your parental rights, and successfully led property tax exemptions for seniors. As Director of Environmental Services for Clark County, I protected our environment without costing one job. During my four-year leadership as Director of the U.S. Selective Service, reporting directly to the President of the United States, we received national recognition for an 84% improvement in employee engagement, ranking third in the nation for effective leadership.

Public safety, lower taxes and homelessness are my top priorities. We do not want to become Portland! As your County Councilor, I will always treat financial decisions like it's your money, not the government's and will represent you honorably, transparently, and effectively using commonsense solutions. Throwing money at an issue is *not* the first thing government should do. I understand government budgets and believe in exploring all other solutions. Education BS Environmental Health, Western Washington University; trained facilitator consensus model Kettering Foundation National Issues Forum.

Community Service Friends of Clark County; Clark/Cowlitz Farm Bureau.

Statement My family has farmed in Clark County over 60 years. We recently planted 27 acres of hazelnuts and, with our grandchildren, are nurturing a fourth generation of farmers.

I consider the hard work of farming the dues we pay for the privilege of living in this beautiful place. Valuing the rural landscape and promoting thriving cities are important to me and I have developed a platform to support this vision.

Strengthening the rural economy by promoting local agriculture, small business, and clean industry will enable residents to live and work in Clark County. It is important to plan for right-sized development that does not overburden our roads, schools and natural resources or increase the community's tax burden. We must earn the public's trust by providing quality services - public safety (quick response to calls for help), reducing unnecessary permit burdens, ensuring affordable housing and addressing homelessness, and empowering the public through transparent decision making.

Candidates elected to Council this November will guide and vote on the next comprehensive plan. It is why I am compelled to run and believe I am the strongest candidate to ensure the community has a seat at the table. Let's plan our community's future together!

Community Service *Current;* Clark County Civil Service Commission, Clark College Veterans Advisory Board, President March Estates HOA. *Former;* Clark County Planning Commission, Our Lady of Lourdes School Commission, Leadership Clark County Board, Clark County Youth Football coach (7 years).

Statement I raised my three children in this community and have always been extremely proud to call Clark County our home. Unfortunately, the Clark County we live in today has become unrecognizable to many who live here. It’s time to elect steadfast leadership that is not beholden to any special interest. I have the courage and fortitude to lead our county in a professional and forward-thinking manner while working to promote public safety, livability, economic development and small government.

I have been a resident of Clark County for 23 years, spending over 12 years in law enforcement at both the Clark County Sheriff’s office and Vancouver Police Department. I have a deep understanding of the major issues facing our County, including skyrocketing crime rates, an outdated county jail, growing homeless population, exorbitant home prices, crumbling roads, and failing county leadership.

I pride myself on being able to draw upon my education and work experience to quickly evaluate data and make decisions for the good of all our citizens. I’m running for Clark County Council District #5 to ensure Clark County is safe, affordable, and prosperous for everyone who calls Clark County home.

Education Bachelors Degrees in Marketing and Finance and MBA.

Community Service Clean Water Commission (Chair for 2 years); Meadowglade Neighborhood Association past Director; Education Blog 6+ years; Assisted in foundation of neighborhood and HOA associations. Past registered foster parents. Deep involvement in K-12 education issues and groups. I’ve been a soccer and baseball coach, a soccer referee.

Statement Our safety is under assault with runaway robberies, shootings, gang violence, and surging drug dealing due to lack of support for law enforcement. I will work to fully fund deputies so that they can actually fight crime! I will advocate to clean up homeless camps by using a combination of policing and services to address addiction and mental illness.

Steep increases in food prices, rent, gasoline, with raging inflation, are hurting us. I pledge not to raise any taxes or fees and work to reduce government regulations that increase costs.

I pledge to oppose road and bridge tolls. I promise to oppose light rail into Clark County. We need a third bridge to reduce traffic on I5.

We can provide thousands of family wage jobs by developing some of the vacant land along the short-line railroad and by identifying parcels of 10-20 acres for commercial development. Creating jobs in Clark County will save people paying Oregon income taxes, will reduce pollution and relieve bridge congestion. We can lower the cost of housing and rent by reducing restrictions on land that prevents building enough housing to drive costs down. I support more housing for rural families.

Statement Our community is no longer safe for families. Flawed police reform legislation has led to skyrocketing crime and policies that put criminals ahead of law-abiding citizens. Illegal homeless encampments are spreading; drug abuse is out of control. Public safety has taken a back burner, and our citizens are paying the price.

Clark County residents rightly demand strong leadership to these complex public issues. Rey Reynolds brings 37 years of boots on the ground experience in law enforcement. Rey will prioritize spending within the Sheriff's office to increase training opportunities that focus on proactive community engagement to improve the safety of our neighborhoods.

Unfilled positions are taking a toll on existing staff. Rey will lead the charge to recruit and retain top quality deputies with fair compensation, improved working conditions and a supportive environment that empowers well-trained deputies with the resources necessary to protect citizens. Deputies must have the ability to proactively patrol, not simply respond once crimes are already committed.

Community Service Volunteer youth sports association- Football Head Coach/President

Statement Crime in our community is at a historic level while public safety services decrease due to staffing and ineffective relationships with other criminal justice partners. Over decades what once was an innovative and trusted organization has surrendered to complacency. Existing leaders have diminished the efforts to engage in the community when needed the most. This Sheriff’s election is about keeping the status quo or voting to make the changes our community desperately needs.

Restorative justice offers positive results when used in conjunction with other justice system tools. An officer’s success should be measured on the number of problems solved, hours spent enhancing our neighborhoods and empowering our community members to be more involved.

A proven leader with 30 years of law enforcement experience, and the only candidate with practical experience working in a jail, enforcement and support services. I will bring both vision and action to the Sheriff’s Office while protecting your constitutional rights. Statement It is an honor to serve as your Clark County Treasurer. In my first term I upheld my commitment to upgrade payment technologies and enhance customer service by administering and advocating for fair and efficient tax laws.

Despite the pandemic, we met the challenge and found ways to adapt and meet the needs of our customers. At the onset, I quickly authorized a property tax due date extension, provided payment plans to small businesses, and offered multiple payment options. Under my leadership my team successfully transitioned to a new bank. We reduced the number of bank accounts by over half, streamlined banking processes, and strengthened fraud prevention, all while saving taxpayers money.

My experience includes managing the collection of approximately \$960 million in property related taxes annually; \$1.1 billion investment portfolio; \$1.4 billion debt portfolio; and \$9.6 billion in deposits and disbursements. If elected, I will continue to administer the county's finances with full accountability and transparency. Elected Experience No Information Submitted

Other Professional Experience I taught science, mostly at Camas and Fort Vancouver High Schools. Subjects included physics, electricity & electronics, computer science, biology, chemistry, and energy conservation.

Education BA Ed, with a physics teaching major, Seattle Pacific; MST from Portland State; Continuing Utility-Ed: webinars by the WSU Green Transportation program, NW Energy Coalition, the Northwest Power and Conservation Council; 8 weekly utility trade journals.

Community Service City of Vancouver's Climate Action Roundtable Committee; Clark County Clean Water Commission; the Tesoro-Savage oil terminal campaign; the Clark County ESA speaker's bureau.

Statement The transition to clean energy is happening. It will create jobs for working class families, keep rates stable, and provide abundant and reliable energy. This transition is being funded by industry, Congress, and our legislature.

Grid modernization will allow us to integrate the needs of electric trucks and buses with hydro, solar and wind energy. It will also reduce outages and provide resilience during times of storms, and seismic events. Instead of sending a billion dollars out of Clark County every year to purchase fossil fuels, we can create our own reliable and affordable energy, and expand economic opportunity.

Economic opportunities include jobs in solar and manufacturing, jobs for HVAC installers, electricians, plumbers, pipefitters, excavators and linemen. The cost of solar and wind has fallen 80% this century and is expected to continue to decrease as we develop economies of scale.

Having attended Commission meetings for years, I understand how our PUD operates and the challenges it faces. As a commissioner, I'll embrace the challenges of expanding solar and modernizing our grid. Grid modernization will facilitate affordable access to high-speed internet and enable affordable rates. Let's keep what is good about our utility and work to make it better.

STATEMENT FOR

The time has come. We must address the increasing crime in our streets, businesses, garages, homes, and vehicles! Have you seen shoplifters calmly exiting a store with stolen goods? What message does this send to other potential law breakers? Or to our children? Public safety is the first obligation of government and we must make a change.

We will send a new message of accountability for crime and of support for law enforcement with this measure. If approved, proceeds of this additional 0.1% sales tax (ten cents for each \$100 spent) *must be used exclusively for public safety and criminal justice.*

Step 1 will be a body camera program, including purchase, maintenance, and staff to train personnel and maintain the cameras. Cameras are consistently supported by law enforcement personnel and community leaders. They are supported by advocates for the vulnerable on our streets to establish trust and transparency. This funding can also be used to help with recruitment. Staffing levels of Sheriff's deputies are at crisis low levels – the lowest of any county in the state. Criminals know that. With effective staffing levels restored over time, law enforcement personnel will again be able to do their jobs.

The current sales tax rate for unincorporated Clark County is 7.7% - lower than for comparative counties such as Spokane (8.1%), and Tri-Cities (8.0-8.1%). We don't take any increase lightly, but we must act to secure funding that is dedicated to our safety and the future safety of our children.

REBUTTAL OF STATEMENT AGAINST

This measure invites voters to participate in approving this funding. It specifies that each entity must spend the money only on public safety and/or criminal justice. Elected representatives will decide the specifics, and taxpayers have the right to offer comments and guidance. The funding continues through time because the costs of body cams are mainly ongoing operations, maintenance, and training. This measure does not preclude additional funding for the police or for the jail.

Clark County

EXPLANATORY STATEMENT

This measure proposes a local sales and use tax within Clark County equal to one-tenth of one percent (0.1%) for public safety and criminal justice purposes. If approved, tax proceeds will be annually distributed sixty percent (60%) to Clark County and forty percent (40%) to cities within Clark County. Revenue from the public safety tax will be used to include, but not limited to, funding a body worn camera program, increased staffing for the Clark County Sheriff's Office, and other public safety and criminal justice expenses.

STATEMENT AGAINST

Vote *No* on Proposition 11

Crime is rising and public safety is faltering under the current laws. The legislature passed a law, RCW 82.14.450, allowing the local governments to implement a sales and use tax on the people. This tax doesn't ever go away. Sadly the law allows the use of 2/3rds of all funds distributed to be used on anything not strictly criminal justice programs. Programs such as homelessness and drug addiction.

While the County Council's current intent is to fund body cams what will become of the rest of the money into perpetuity? The County Council doesn't control what the cities do with their cut of this tax. The City of Vancouver has a current homeless levy and their website shows a balance budget as long as they get another source of revenue from the tax payers to tackle their homelessness issues. They state in there that their police department is fully funded. So what can we assume they will spend this "criminal justice" funding on?

Once this tax passes we will never get a chance to truly fund the police. If, like me, what you want is a measure that will spend *All* the money on hiring police/sheriff officers, body cams which we need for police safety, and a new jail then this tax is the wrong process. This proposition actually causes a further reduction in access for police and sheriff's funding forever.

With a heavy heart I ask you to join me and vote *No*!

La Center School District No. 101

Proposition No. 5

Replacement Educational Programs and Operations Levy

The Board of Directors of La Center School District No. 101 adopted Resolution No. 2021/2022-4, concerning a proposition to continue funding current educational programs and operations. This proposition would authorize the District to levy the following excess taxes, replacing an expiring levy, on all taxable property within the District, for educational programs and operations expenses not funded by the State (including smaller class sizes, advanced courses, technology, rising maintenance costs, extracurricular activities, transportation, special education and student safety):

<u>Collection Year</u>	<u>Estimated Levy Rate/\$1,000 Assessed Value</u>	<u>Levy Amount</u>
2023	\$1.50	\$2,635,172
2024	\$1.50	\$2,819,501
2025	\$1.50	\$3,016,734

all as provided in Resolution No. 2021/2022-4. Should this proposition be approved?

For the complete text of the resolution, go to clarkvotes.org.

STATEMENT FOR

The La Center School District is asking for a renewal of the Education Programs and Operation (EP&O) levy that provides needed revenue to help all La Center students succeed. A Yes vote for the EP&O levy will provide the necessary funds that will prevent the loss of valuable learning experiences. Covid restrictions were costly to students. A loss of local funding would be devastating.

State funding does not fully cover all the costs associated with funding the education of our students. A local tax is needed to bridge the gap in funding. Our current levy makes up approximately 10% of the district’s overall budget. Smaller class sizes, advanced placement classes, counseling, student reading support, extracurricular activities, music programs, professional development for staff, technology, and special education are just some of the ways in which we use levy funds to continue to invest in our children.

The levy you are being asked to vote on is not a new tax. A “Yes” vote on August 2nd will assure the continued levy support that has been approved in previous years. The proposed levy is set at a tax rate of \$1.50 per \$1,000 of assessed property value. This is the same tax rate per \$1,000 of assessed valuation as in the expiring levy.

Saying Yes to the levy means that you are willing to financially support our children. Strong schools are proven to produce productive citizens and leaders who will maintain our amazing community and country.

LCSD has long provided a well-rounded education for students in and out of the classroom. LCSD has a multi-year track record of meeting/exceeding State test scores before COVID. They are good stewards of taxpayer funds, receiving a clean audit from the state for 2020-2021. Approving the levy continuation bridges the gap between government funding to invest in education and programs that promote learning, personal growth and a healthy, strong community.

La Center School District No. 101

EXPLANATORY STATEMENT

This proposition authorizes La Center School District to replace an expiring educational programs and operations levy. The taxes collected by this levy will continue funding current educational programs and operations that are not fully funded by the State, including smaller class sizes, advanced courses, technology, rising maintenance costs, extracurricular activities, transportation, special education and student safety. For further information visit <https://www.lacenterschools.org/>. Taxes collected by the proposed levy, together with state levy equalization money that is contingent upon levy passage, will provide approximately 10.4% of the District's General Fund budget. Exemptions from taxes may be available, call Clark County Assessor (564)397-2391.

STATEMENT AGAINST

Earlier this year in February, voters had the common sense to reject an identical levy. Yet here we are again. The school board refuses to accept the voters' choice and has put it back on the ballot for a second time unmodified. Can we trust a school board that so willfully ignores voter input? On that principle alone, this levy deserves to be rejected.

It gets worse. The latest Fall 2021 Student Assessments were a disaster. Test scores plummeted across the board. Less than half of the district's students are meeting state standards for English. For math it's less than one-third. The state wants us to believe these scores are an aberration and should not be considered part of a trend. We shall see. What isn't an aberration are per pupil expenditures. When it comes to spending our money, it's a steady trend upward as taxpayers get less for more. For 2020-2021, total funding and expenditures were over \$17,500 per student per year. That is more than nearly all private schools and more than tuition and books at UW! Perhaps school vouchers are in order to give families another choice and taxpayers a break?

The district has not proven itself to be a good steward of our money. Don't be scared to reject this levy. A basic education for our children is guaranteed via state funding from the McCleary Decision's increased state school property taxes. For an honest, accurate cost analysis, <https://www.levyno.com>

The state *does* fully fund school districts from our increased state school property taxes. The pro committee's statement is wrong. The tax rate is an estimate - not a setting. In their mathematics, the pro committee fails to mention increasing assessed values that when multiplied by their *constant* tax rate equals rapidly increasing taxes - in dollars.

Proposition No. 9

Replacement Educational Programs and Operations Levy

The Board of Directors of Ridgefield School District adopted Resolution No. 2021-2022-010 concerning this proposition to maintain current educational funding. This proposition authorizes the District to continue meeting students' needs and providing school operations that are not state funded by levying the following excess taxes, replacing an expiring levy, on all taxable property within the District and subject to legal limits at the time of levy:

<u>Collection Years</u>	<u>Approximate Levy Rate/\$1,000 Assessed Value</u>	<u>Levy Amount</u>
2023	\$1.50	\$9,053,791
2024	\$1.50	\$10,411,860
2025	\$1.50	\$11,611,283

Should this proposition be approved?

For the complete text of the resolution, go to clarkvotes.org.

STATEMENT FOR

This is *Not* a new tax. This is a replacement levy, which will continue *Current* funding for programs and positions that are not covered by the state. Levy's are for learning and bonds are for building. This levy does not and cannot cover buildings of any kind. Your taxes will not be raised when this passes.

These funds are critical for our schools. They make up approximately 13% of our district budget. The money covers everything from textbooks to technology. It covers critical staff such as nurses, teachers aids and school psychologists. The levy will fund sports, special education, highly capable learning, the arts, community education, early learning programs and so much more. These funds affect all of our children in one way or another. Ridgefield School District, one of only 2 districts in the state to win the State Auditor's financial stewardship award, will use these funds responsibly for our children.

Our children have been through so much, and maintaining school staff and programs at current levels is a simple, yet critical way to support them. Ridgefield is a special place, where people with various backgrounds, politics and ideas have historically found a way to come together and care for each other. This city may be growing and changing, but we can all collectively make the choice to continue to be a community that unifies in support of each other. Let's choose to be the community that puts kids first. Please vote yes for the replacement levy.

The actual amount spent per student 21-22 is \$14,885.34. Current taxes are based on the value of your home in January. There will *not* be a 56% increase. If your home value goes up \$10,000 that only equals \$15 in levy tax. The McCleary decision doesn't include funding for athletics, arts, curriculum, nurses, classroom support paraeducators, etc. Levies do that. Please join us in voting yes so our children have a solid educational foundation.

Ridgefield School District No. 122

EXPLANATORY STATEMENT

Ridgefield School District requests voter approval of an educational programs and operations levy of \$31.08 million in the aggregate to be collected in the three-year period from 2023 to 2025. Passage of Proposition No. 9 would allow levy of taxes, replacing an expiring levy, to pay for eligible educational programs and operations not funded by the State. Programs and services to be funded include, but are not limited to: additional certificated and classified staffing (including salaries, benefits, and professional development); special education; student transportation; extracurricular activities and athletics; community education; early childhood education; textbooks and other curriculum; and technology.

STATEMENT AGAINST

The district is asking you to approve a 56% tax increase (in dollars) in a so-called "replacement" levy in a time of runaway inflation. Can you afford a 56% tax increase? The district's campaign literature discusses *rates* only with no mention of skyrocketing property assessed values. A constant rate multiplied by skyrocketing assessed values equals skyrocketing taxes. The district should be transparent with taxpayers and use logical mathematics when discussing finances - and at all other times for that matter.

The McCleary ruling was a decision to swap local levies for state funding. Taxpayers have kept up our end but school districts are double dipping with state school property taxes increasing dramatically while demanding more local school taxes which keep spiraling out of control - eventually taxing people out of their homes.

Total district funding (and spending), as of 2020-2021, is over \$18,000 per pupil per year. That is more than tuition at nearly all private schools and more than tuition and books at UW! Perhaps school vouchers are in order to give families a choice and taxpayers a break?

All WA school districts need to be frugal and stick to the McCleary state funded budget. They need to stop asking for more money at every opportunity. They need to stop pitting one set of taxpayers against others as they ratchet up their own compensations at a faster clip than inflation that is in fact adding to inflation. The pro committee's statement is mathematically incorrect. This levy is a 50+% increase over the previous in dollars and it will increase property taxes. Check the calculator at LevyNo.com. These optional Enhancement Levies are just that, optional. So this levy is a new tax. If the district is 13% over budget, well the district needs to reduce compensations starting with management. Stick to a budget Ridgefield SD - just like taxpayers do.

Clark-Cowlitz Fire Rescue

Proposition No. 3

Emergency Medical Services Property Tax Levy.

The Board of Fire Commissioners of Clark-Cowlitz Fire Rescue adopted Resolution 220324-1 concerning a proposition to fund emergency medical services.

Will Clark-Cowlitz Fire Rescue be authorized to fund emergency medical services for its citizens by imposing a regular property tax levy of \$.50 or less per \$1,000.00 of assessed valuation for a period of six consecutive years to be collected beginning in 2023?

For the complete text of the resolution, go to clarkvotes.org.

STATEMENT FOR

Since 2016 your fire department emergency responses have increased over 57%. Private transport ambulance arrival times are now often exceeding 20 minutes or more. The fire station at the fairgrounds was forced to completely close due to lack of staffing. Fire engines often respond with only two firefighters. Fire crews are staffed with a paramedic only slightly more than 50% of the time.

Support for this levy will staff all six of your fire stations, including the station at the fairgrounds with three highly trained firefighters including at least one paramedic 24 hours a day, 365 days a year. In dire situations when the private transport ambulance has unacceptable arrival times, the fire department paramedics will be able to transport critical patients to the ER in a District owned critical care ambulance. The levy will also provide reduced fire insurance for some homeowners in the district.

In critical medical emergencies three things can be life-saving. First, trained medical responders need to arrive rapidly with adequate personnel to address the emergency. Second, skilled paramedics with advanced life-saving equipment need to be a part of this crew. Third, when vital body systems cannot be stabilized by this crew, the patient must rapidly arrive at an Emergency Room.

For less than \$1 per day, the average homeowner can provide all the above critical care for yourself, your family, your neighbors, and your community. Become a part of the solution. When Seconds Count, please vote Yes.

STATEMENT FOR

Please vote Yes on Proposition 1 for Clark County Fire District 5! CCFD5 has a cooperative agreement with the Vancouver Fire Department, that shares costs to provide fire and emergency medical service to Clark County Fire District 5 citizens. This agreement provides a high level and quality of service to the residents of the District.

Our community has grown to the point that we require additional staffing and investments in facilities and apparatus to serve district residents. Call volumes have increased 20.8% in three years, but the number of firefighters serving Vancouver and the CCFD5 community has not changed for 15 years. Fire facilities are aging and require renovations for firefighter safety and emergency response. It would also provide space for additional future staffing and replace emergency apparatus to help meet the increasing needs of our community.

City voters approved an additional \$0.50 per \$1,000 of assessed value increased for public safety. CCFD5 is asking its residents for a \$0.24 per \$1,000 fire levy lid lift to pay its fair share of increasing costs. The fire levy "lid lift" would cost the owner of a \$400,000 home an additional \$8 per month beginning in 2023. More than ever, we need these vital services for our community.

More information can be found on CCFD5's website at www.ccf5.org. Thank you for your consideration.

Paramedics save lives – yours, your family’s and your neighbors’. Passage of this Emergency Medical Services (“EMS”) levy will continue to provide fire, rescue and emergency medical services at the paramedic level – 24 hours a day, 7 days a week. These Advanced Life Support services provide critical care – bringing the ER to your door and increasing chances of recovery from heart attack or stroke.

Population growth and increased call volumes strain existing resources and make passage of this replacement levy even more critical. The voter-approved funding now in place ends December 31, 2022. Approval of this EMS levy will retain current paramedic staffing and keep Advanced Life Support services rolling to your door. Without this funding, fewer emergency medical personnel will be available to respond to medical emergencies which are 87% of all calls. A yes vote on your ballot will keep Firefighter/Paramedics on duty and allow Fire District 6 to maintain the current service level to the communities they protect and serve: Hazel Dell, Lakeshore, Felida, Salmon Creek, Mt. Vista and Fairgrounds. Fire District 6 is asking voters to approve a replacement EMS levy – with the same 45¢ per \$1,000 of assessed property value as the expiring levy. That cost for a home assessed at \$400,000 is only \$180 a year. The current exceptional Paramedic service and emergency medical response can only be maintained through funding from this replacement levy. Please vote yes on August 2 because ongoing emergency medical paramedic response saves lives!

STATEMENT FOR

The Board of Commissioners voted in favor of bringing a levy lid lift to the voters. We understand how difficult it is to ask our voters for a lid lift, when inflation is up and affecting everyone. Costs have also gone up for our Fire District, including supplies and operating costs. Our call rate has risen 20% since 2017 when voters approved the lift, while our tax rate has dropped from \$1.00 to \$.82 per thousand. The 2017 lift allowed us to bring in our first 24/7 staffing of a single Firefighter EMT.

It has become more common to run more than one call at a time. This lift will allow adding staffing to improve coverage to the west side (View, Highlands, Etna, Fargher Lake, Taylor Valley) areas of our district and better responses to simultaneous calls district wide. This would include adding living-quarters in the west side and more staffing, improving response times throughout the 85 square miles in our district. Clark County Fire District 10 responds to emergency medical calls, structure fires, wildfires, traffic accidents and public assists.

Did you know that as well as having the single full time Firefighter EMT staffing our Amboy station, which the voters approved in 2017, we are still heavily dependent on our volunteer firefighters? These volunteers are fully trained but all have full time jobs, families, and responsibilities which limits response availability. Additional staff will bridge this gap allowing us to continue providing the service our community expects and deserves.
