A message from Secretary of State Steve Hobbs

On behalf of the Office of the Secretary of State and election officials statewide, I am honored to present the 2023 General Election Voters' Pamphlet. This guide includes information about voting to help you make informed decisions as you exercise your right to vote.

To participate in the election, you must be registered to vote. Voter registration forms that are mailed or completed online must be received by Oct. 30. If you are already registered, review your registration information at **VoteWA.gov** to ensure it is up to date. After Oct. 30, you must visit an elections office or voting center during regular business hours or until 8 p.m. on Election Day, Nov. 7, to register to vote or update your registration and receive a ballot.

After you have marked your ballot, be sure to sign the return envelope. Your signature is important because trained election officials check to ensure your signature matches the one on your voter registration record before they count your ballot. Next, return your ballot. If returning by U.S. mail — no postage necessary — remember that ballots must be postmarked by Nov. 7 to be counted. You can also use an official ballot drop box anywhere in the state. Drop boxes are open until 8 p.m. on Election Day. Go to **VoteWA.gov** to locate a ballot drop box or check the status of your ballot.

By voting, you are making your voice heard. Thank you for participating in our democratic process.

Sincerely,

Steve Hobbs
Secretary of State

County Auditor letter

To Clark County Voters,

You can now receive text messages informing you of when your ballot is received and when it has been accepted for tabulation, or if we need more information in order to count your vote. You can sign up for this service online at VoteWA.gov in the “Update my name or address” section.

Our goal is that the preliminary election results issued Election night and the Friday after Election Day include all accepted ballots. To achieve this goal, the continuous increase in the number of registered voters will require an expansion of the Elections Office work area. Expanding the Elections Office work area will allow for increased transparency and security, including a larger observation area for the public as well as room for more staffing. We foresee our staff being able to increase the number of ballots processed each day in preparation for next year’s Presidential election.

We maintain voter registration records daily but there are instances when ballots get mailed to previous addresses of voters. Federal law is very specific about when we can update a voter’s address, change their voter registration status from “active” to “inactive”, and when a voter’s registration can be canceled.

Along with updates received from USPS and DOL, we rely on voters to keep their registration records up-to-date. A previous occupant or family member may have failed to tell us they’ve moved. Until we know that a ballot is undeliverable, we are required to continue to send ballots to the address on file. If you receive a ballot for a person who does not reside at your address, do not open it but return it via the USPS and write, “No longer at this address” on the unopened envelope. Place the envelope back in the mail; do not put it in another envelope. In order to change the voter’s status to inactive we need to have the yellow label from the USPS affixed to the original envelope.

We verify the signature on every ballot envelope so signing your envelope is important! For every election there are ballots that are unable to be counted. This is due to the voter failing to sign the envelope or signing using a different signature than what is on their voter registration record. If you registered to vote online or at a Department of Licensing office then your voter registration signature is the signature that can be found on your driver’s license.

Ballots will be mailed on October 20th to registered voters. If you do not receive yours by Thursday, October 26th, contact the Elections Department to obtain a replacement ballot.

I urge you to read this pamphlet but to also seek out more information. The best decisions are made by informed voters.

Your vote makes a difference. I encourage you to join me in exercising one of the most precious rights we have as Americans – the right to vote.

Sincerely,

Greg Kimsey
Clark County Auditor

Accessible voting

Using the Touch Writer

Clark County voters with disabilities have the option of casting their ballot independently using an accessible voting unit.

The Touch Writer voting unit is a ballot marking electronic machine that allows voters with disabilities, including those who are blind, mobility-impaired or lack upper-body dexterity, to vote privately and independently. The Touch Writer is in a booth that is wheelchair-accessible.

Beginning 18 days before each election, this accessible voting machine is available from 8 am to 5 pm, and on Election Day from 7 am to 8 pm at the Clark County Elections Office, 1408 Franklin Street, Vancouver.

To get to the Elections Office on C-Tran, take bus #25 Fruit Valley and St. Johns route. The bus stop is located at Franklin Street and Mill Plain Boulevard.

The Touch Writer unit is in a wheelchair-accessible booth.

About the Touch Writer

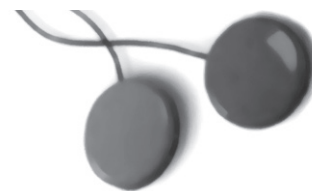

The Touch Writer is accessible in several ways:

- For those who cannot operate the Touch Writer using the buttons and wheel, special interface devices are available as shown here.
- For those who cannot see or read the Touch Writer screen, use the headphones with volume control to hear the ballot.

Accessible features

- Those who are visually impaired or have difficulty reading can listen to the ballot. The SELECT wheel is the trigger to the audio. Turning clockwise moves the listener through the ballot. To hear something repeated, turn the SELECT wheel counterclockwise. Those using hearing aids with a telecoil mode may use their neckloop rather than the headphones.
- Voters who lack upper-body dexterity can use the jelly switches to move through the ballot. The RED jelly switch is the same as the SELECT wheel. The GREEN jelly switch is the same as the ENTER button.
- Voters with quadriplegia can use their sip-n-puff to vote the ballot. Sip to move through the ballot. Puff to mark your choice.

Voting instructions

Here are a few important reminders to make sure your ballot is counted.

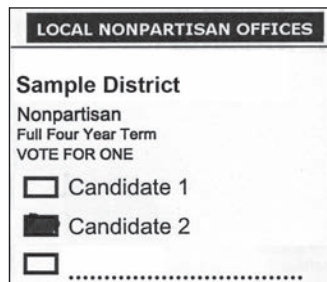

Your ballot packet will be mailed to you at least 18 days before the November 7, 2023 General and Special Election. It will contain:

- An instruction sheet that explains the voting process
- The official ballot where you will mark your choices
- A secrecy sleeve
- A postage-paid return envelope with a green stripe

Mark your ballot by completely filling in the box to the left of your choice with a black or blue ink pen. If you want to vote for a candidate not appearing on the ballot, mark the box to the left of the dotted line provided to indicate your choice. Be sure to mark only one choice for each race or measure on the ballot.

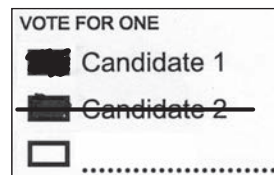

*Example:
Candidate 2 has been chosen.

One candidate has been marked and the box is filled in completely.*

Check your ballot to be sure you have voted for the candidates and measures you intended. Make sure you mark only one response box in each race or measure. If you mark more than one, your vote in that race will not be counted. Your other votes will be counted if they are done correctly. Leaving an office or ballot measure blank will not invalidate your ballot.

If you make a mistake marking your ballot, draw a line through the incorrectly marked choice as shown. You then have the option of marking another choice.

You must sign and date your return envelope in order for your ballot to be counted!

- Sign in the signature box that has YOUR name printed on the envelope.
- If you registered to vote online, or when you obtained your driver’s license, the signature on your driver’s license is the signature in your voter registration record.
- If you are unsure about the signature in your voter registration record, we encourage you to call the Elections Office at 564-397-2345. We can provide a description of the signature you used when you registered to vote.
- Do NOT sign someone else’s name, even if you have power of attorney.
- Voting over the phone by having someone else fill out and sign your ballot is against the law. Voters can call us at 564-397-2345 to learn about the options for voting while they are out of town.
- Drop boxes are available if you don’t want your signature to go through the mail. See pages 14-15 for a complete list of ballot deposit locations.

Follow the instruction sheet included with your ballot to seal, sign, date and return your ballot.

Do your part!

While the Elections Office is continually updating the voter rolls with information from the Department of Licensing, the post office, local obituaries and a monthly public health deceased list, **you can do your part by following these simple steps:**

- **Update your address** with the Elections Office whenever it changes. Address changes can be made online through *VoteWA.gov*, by email, mail or phone until 5 pm October 30. You may update your registration in-person until 8 pm on Election Day.
- If you are a snowbird or a college student, use our simple web form or call to set up a **temporary or seasonal mailing address**.
- **Return to Sender!** If you receive a ballot for a person who does not live at your residence, write “Does not live here” on the **unopened** envelope and put it back in the mail. This does not apply to military or overseas voters.
- If you receive a ballot for a **recently deceased voter**, write “Deceased” on the **unopened** envelope and put it back in the mail. We will research and follow up.

Keeping up-to-date with the Elections Office is quick and easy!

We have invested in additional street patrols, detective work, school resource officers and recently added a drone program. Our community has always prioritized public safety, and it's important for City Council to follow suit. I've also supported fire services through the annexation of Fire District 3, which provides financial and service stability to our citizens.

My experience with finance has helped the city eliminate debt and maximize the investment of our citizens in projects and infrastructure. We have invested more than \$1 million per year in improving our roads. I have lobbied at the state and federal level resulting in tens of millions of dollars coming back to our community. If re-elected, I'll continue to look for ways to save money and maximize our investments.

In my next term, I'll support the addition of a regional sporting complex and partnering to bring a much-desired pool to town. I have appreciated your past support and would be humbled to earn your vote.

City of Battle Ground

Councillor, Position No. 2

**Josh VanGelder**

Elected Experience None

Other Professional Experience Landscaping Crew Foreman - 2015-2017; Landscaping Business Partner/Manager - 2018-2020.

Education High School Graduate - Home Schooled.

Community Service CCSO Volunteer Search and Rescue - 2012-2015; Church on the Rock Serving Team - 2020-Present; Multiple Homeless Outreach Programs.

Statement I am running as a small town advocate. Being born and raised in Clark County for my whole life, and now raising my own family of 4 in Battle Ground, I recognize the importance of keeping our small town values and a safe and friendly community for the next generation. I have witnessed what has happened as our small town atmosphere is slowly chipped away by big city policies, where small businesses and personal freedoms are choked out by high rising taxes and increasing government control.

I believe in defending the rights and freedoms of the people, protecting the unborn, supporting our law enforcement officers, producing an environment for local small business success, reducing government control and taxes, and operating our city in a moral and responsible way, as a steward of the funding and trust of the citizens.

I strive to put Christ first and foremost in everything that I do, and this campaign is no exception. I intend to run with love and not hate. With humility, grace and honesty, not mudslinging, cunning and backstabbing. Let us all come together to build a better City, to the glory of God.

Councilor, Position No. 3

Victoria Ferrer

Elected Experience Precinct Committee Officer

Other Professional Experience

I Proudly served in the United States Army during 9/11 terrorist attacks, the United States Postal Service, and the Battle Ground School District where I helped children with behavioral and mental health needs. Much of my career

has involved elements of customer service which has provided me with a servant's heart.

Education I Earned an AA in Business Science at Mt. Hood Community College and completed courses at Eastern Oregon University in Accounting.

Community Service Volunteer work at Daybreak Primary School, Washington Parents Alliance, Battle Ground Public School Community Advisory Committee, and several other community committees.

Statement Our town needs leadership that will truly listen to "We the people." I say *No* to Portland 2.0 because I value our natural landscape and our rural values and I'm concerned about our fast-growing community. We need to plan responsibly so not to overburden our roads, schools, and natural resources while ensuring affordable housing for our neighbors.

I will work with my fellow council members to achieve responsible financial spending, while ensuring citizens receive quality services that will not require additional taxes. We already have too many families struggling with high inflation rates.

I'll ensure zoning is being fully researched and your health and safety are more important than growth and revenue. Right now, we are not even in the top 10 in Washington State for clean water and this is a concern for Battle Ground citizens.

Battle Ground is a great place to live. I would be honored to represent you and this great town of ours. If elected, I will work diligently by listening, researching, and helping our community in every way possible. I humbly ask for your vote so I may serve you and our neighbors on the city council.

Statement I moved to Battle Ground in 2000 and have grown to love this community. It is truly my home. I recently retired after more than 30 years in the paper industry, and now desire to use my time to serve our city. My many years in technical roles has given me strong analytical and management skills which will serve our city well.

In the time I have lived here, the size of the city has doubled. With growth comes the challenge to maintain the small town feel of Battle Ground. Growth is inevitable. However, the way we grow is ours to determine. I will work to ensure that Battle Ground maintains existing infrastructure and holds developers to high standards for new development with designs that complement our existing construction and strike a balance between buildings, parks, and green spaces. I pledge to be a fiscally conservative consensus builder, ready to listen to and work with citizens from all perspectives.

Elected Experience Current elected Republican Precinct Committee Officer for Precinct 581, serving in my second term.

Other Professional Experience Owner and operator of Patriot Pest Management LLC, proudly serving Clark and Cowlitz Counties, based out of Battle Ground.

Education Attended Clark College. Graduated Lebanon High School in Lebanon, OR.

Community Service Area Representative and coach with Clark County Youth Football. Director of Church in the Streets homeless outreach based in Battle Ground. Active member and volunteer with my church’s men’s ministry. Volunteer with the Portland Rescue Mission. Volunteer and assistant coordinator with the nonprofit Soccer in the Park. Organizer and volunteer with newly formed Football in the Park.

Statement As Battle Ground has grown in population, we have started to stray from the small-town values on which the city was built. As a resident and small business owner operating out of BG, as well as a Precinct Committee Officer, I understand what is needed to get us back on track. Outside of work and family, I spend my time volunteering with youth through sports programs such as CCYF and with multiple homeless outreach programs, one of which I run out of my church right here in the city. I love this community, and all the people in it, and I want to work to see us thrive.

I believe in family first, and we need policies to reflect that. I want to see families excel here, with booming small businesses, safe and fruitful schools, and effective public safety. I want to support families by alleviating the burden of high taxes, while insisting on frugal government spending to ensure clean parks, viable roadways, and other important city services.

I believe in holding elected officials accountable and I'll serve honorably, honestly, and with integrity. I will put family over politics, and people over political party, every single time. Thank you.

Statement I chose to live in this city because I fell in love with the small-town values and strong sense of community found in Battle Ground. We have great access to public safety, we are surrounded by nature, and crime rates are low. This city exemplifies affordability, safety, and relative freedom from high taxes and crumbling transportation infrastructure.

I look forward to working together with all citizens to find solutions to our current challenges. I plan to use my expertise as a Navigator to plan for Battle Ground’s future requirements for roads, sewer, and water to accommodate our growing population while employing the necessary fiscal responsibility to control taxes. I'll work to build a bridge between our community and the police department for enhanced public safety.

As an active community member, BGSD employee, and a married mother of 3, I am heavily invested in the success of our community. Volunteer for Meals on Wheels, the Ivy League, and a blood donor. Camas Mill Cleanup Community Advisory Group member. Community advocate on many issues.

Statement I'm running for mayor because Camas needs a new direction to bring this divided community together. It's been a remarkable journey that led Debbie Nagano and me to Camas on a fateful trip 7 years ago with our dog Cody to meet Debbie's long-time friend the "Camas Bee Lady." We thank so many of you that have welcomed us as active members of this community.

Moving beyond our rich mill town history, we can protect current mill jobs, clean and start the planning process for appropriate reuse. We can recognize the many unique neighborhoods created in the last 30 years, and those coming. Neighborhoods deserve to be listened to. We can protect and enrich our historic downtown.

A Mayor can't do it alone. Camas needs a city council to do its job protecting our forests and lakes, building a pool, and tapping our incredible volunteer talent. The Mayor and Council are a team.

No matter your story you are Camas. You care about our city's vision. This campaign is about bringing all Camas together for our collective future. Let's not be afraid to dream. I'm asking for your vote to get this started.

Councillor, At-large

**John Svilarich**

Elected Experience President, Deer Creek Homeowners Association. Chairman, Citizens Advisory Committee, Camas School Board.

Other Professional Experience

My experience includes leadership positions for some of the world's largest companies. My background includes business development, logistics and

distribution, training, and ecommerce.

Education Bachelor of Science, Finance and Marketing, California State University, Sacramento. Ongoing professional development including financial, technology and communication.

Community Service Camas North Shore Citizen Advisory Committee. Long Term Planning Committee, Camas School District. Chairman, Citizens Advisory Committee, Camas School Board. Port of Camas-Washougal, Waterfront Advisory Committee. President, Deer Creek Homeowners Association. Pioneer Courthouse Square Board of Directors. Friends of Trees team leader. Rotary and Kiwanis Volunteer.

Statement In Camas, the City Council seems to admire problems instead of solving them.

We've known for years that our merged fire department wasn't sustainable, but we keep studying it. We know that it costs more to repair streets than maintain them, yet our streets continue to crumble. Unsafe buildings, non-functioning systems, we have many. How did we get here? *By kicking the can down the road!* The city wrings its hands while asking for more studies and more information. We wait. I'm tired of Camas admiring its problems. Aren't you? We need to change the city's strategy from admiration to action while working towards solutions and moving forward.

I don't have a magic wand to easily solve our problems. However, if elected I will act. We've waited too long to solve our many challenges. The cost of delay is bigger problems with larger bills to pay. Since moving to Camas 21 years ago, I've volunteered constantly to help the community. I have a practical perspective of how we got here and what we need to do to improve Camas. I also have valuable private sector experience. All of this will help get things done. That is my only agenda!

Community Service Little League board member and coach; AAU, Catholic Youth Organization and Camas High School volunteer basketball coach.

Statement As a retired law enforcement officer, current business owner, husband and father of three, I am dedicated to protecting this incredible community for future generations. Camas is my home, and now more than ever, it needs experienced and effective leadership - servant led, agenda free, and compassionately executed. *This, I'll deliver for Camas.*

I know all voters deserve open and transparent two-way communications with their elected officials. After visiting with thousands of my neighbors during this campaign, I've come to know the value they collectively place on honest conversation. *This, I'll deliver for Camas.*

Rising interest rates and inflationary realities make fiscal stewardship the most important new metric of municipal leadership. My financial expertise provides Camas a set of uniquely qualified tools that are desperately needed. And when cities, counties, and states must collaborate to meet funding realities - an experienced and steady hand is paramount. *This, I'll deliver for Camas.*

Public safety, environmental responsibility, and sustainable growth management is the key to preserving the charm that is Camas. Safe streets, clean water, and a place that everyone can afford to live is something we can all agree on. I have solutions. I know the way. *Together, let's deliver for Camas.*

Gary Perman

Elected Experience Past President, Institute of Electrical and Electronics Engineers – Oregon/SW WA.; Board member, St. Matthew Lutheran Church.

Other Professional Experience Successful Camas business owner, PermanTech for past 27 years; firm specializes in the alternative fuels industry; Member, Society Automotive

Engineers and NTEA – National Truck Equipment Association; Member/past Chair – IEEE, Oregon/SW WA.; Director, U.S. Recruiters Network.

Community Service Commissioner, Civil Service Commission, City of Camas; Member and Board of Director, St. Matthew Lutheran Church, Washougal; Volunteer: Refuel Fridays, Impact C/W; Camas Washougal Chamber of Commerce; Past member: Rotary International, SHARE, Lions.

Statement Camas elected officials continue to ignore the citizens they’re supposed to serve. Neighbors have lost faith in City leadership. Whether it be their refusal to allow a public vote on the new utility tax, or an unwanted \$15 million splash pad proposal instead of a simple pool replacement for Crown Park, or another year of a toxic Lacamas Lake, or raising property taxes repeatedly on our community’s most vulnerable, city leaders are simply not listening to the people!

It’s time for positive change in Camas! As a successful business owner, I’ll provide strong leadership that always puts citizens first. We need leaders who’ve signed the front side of a paycheck in elected positions, not those employed in other government agencies. I’ll prioritize spending and oppose tax hikes to save taxpayer dollars.

I’ll improve citizen communication, better manage growth to preserve our rich heritage, and support public safety to keep Camas safe. My wife Becky and I are lifelong residents of Camas. Our two sons were born and raised here. I care deeply about Camas and I’m ready to launch a new era of accountability in city government. Statement La Center is a rare gem, filled with an abundance of manicured parks, trails, and natural wetlands situated along the Lewis River. Moving here in 1993, I quickly became involved in the community, and I've never looked back.

My motivation is to see La Center maintain its small-town feel, yet grow and diversify. Bringing new businesses to the community will strengthen the City of La Center financially for the future. Additional businesses will also generate important tax revenues, provide employment, and better serve the community's needs.

I promise to each of you, that I will continue working diligently to reach a strong contractual arrangement providing a high degree of safety and protection for all residents. I will also work very hard to obtain the much-needed state and federal grant dollars necessary for La Center to keep our roadways safe. I will continue building strong relationships with the Cowlitz Tribal Council members and ilani staff as we move forward in developing the junction area.

It is an honor to serve you. Please reach out and discuss any topics you may have. You can reach me at 360-263-2229, or ecervený@tds.net. I look forward to representing you.

Statement Before moving to La Center, in 2000, I was a business owner, a professional singer, a Cruise Director, a mom, a grandmother and a wife. I'm still some of those things. Since those early days in La Center I have seen lots of changes. When I was first elected, in 2003, we didn't even have 1000 registered voters. The old hospital building became the library, making way for the Chevron Marketplace, the cardrooms supported our Cities' budget, before and now, after the Pandemic, the purchase and upgrade of the Waste Water Treatment Plant, the dedication of Sternwheeler Park and Amphitheater, and the Cowlitz Tribe building up at the junction. Bringing in more commercial businesses would be a goal of mine and I'd like to see our Lewis River access utilized for community enjoyment. But, most of all, we need a working Police force again. My husband, of more than 46 years, always says. "we are the sum total of our experience" and I offer quite a bit of it. I love La Center and taking part in community endeavors and projects, and feel I would make an excellent and *involved* Council member."

Statement Like many, my family moved to Ridgefield in the last few years because it offered a safe and welcoming environment. We have come to love the community and can't imagine a better place to raise our two small children. If chosen by the people to serve on the city council, my primary goal is to keep Ridgefield the safe and family friendly community it is as that community continues to grow.

In my view, the City Council has two main priorities: 1) Support law enforcement to keep our community safe; and 2) responsibly manage and use the citizens' tax dollars. My background as a CPA and accountant will allow me to effectively review our city's budget and understand how each policy decision will impact the budget and the services our city needs to provide.

As a prosecutor, I have worked with and understand what law enforcement needs to effectively accomplish the difficult task of monitoring our city and keeping each of us safe. I will work with our officers to ensure they have the resources they need to protect our city and themselves.

Thank you and I look forward to serving!

Education Master of Business Administration - Marylhurst University; Bachelor of Arts degree - Washington State University; Associate of Arts degree - Clark College

Statement As your City Councilman, my vision for Vancouver has always been One Community, Safe and Prosperous. Whether you live on the East Side or the West Side, Uptown or Downtown, or somewhere in between, I will continue to represent you. When we share common goals, our city's diversity is our strength. My vote has always been to improve public safety and core essential services. I am honored to have the endorsements of the International Fire Fighters Association #452 and the Vancouver Police Guild.

First elected during a time of double digit unemployment and a recession, I chose to trim back nonessential services, while maintaining our police and public safety agencies. Most importantly, we continued to operate our city on a sound fiscal basis. Today, the economy is stronger and there is renewed development throughout Vancouver as our city continues to grow and prosper.

By coordinating efforts among our public agencies, we can save taxpayer dollars and provide value added services. As an example, I developed the C-Tran Apple Pass program that gives middle school and high school students free access to our bus system and community centers.

I ask for your vote and continued support.

Education Mt. View High School and continuing education at Clark College

Community Service Stone Soup, Clark County Food Bank and WHO. Sunday School teacher, Volunteered with the Northwest Neighborhood association. Volunteer work for the city of Vancouver.

Statement I was born and raised in Vancouver, surrounded by the beauty of rivers and parks where my family spent summers together. The strong sense of community made me decide to raise my own family here. Times have changed, and now many Vancouver families struggle to afford living in this city. Family wage jobs are crucial in the face of rising living costs, as they provide stable and sufficient incomes to support families and maintain a decent standard of living.

To address the housing crisis, we need innovative solutions that offer housing options at all levels, ensuring anyone can call Vancouver home. We must invest in transportation infrastructure as the city grows to meet the increasing demand. I support Vancouver's climate action plan, which includes expanding access to renewable energy sources and incentivizing green employers. Funding social services will alleviate the burden on the policing system and create a safer Vancouver, enabling police to focus on ensuring citizen safety while empowering social workers to provide necessary support to the community.

I am committed to making Vancouver an affordable and safe place where families can thrive and be proud to call home. I am your choice for positive change in Vancouver.

Todd Dinehart

Statement For 28 years, I have proudly called Woodland my home. My wife’s family has deep roots in the community, and this is where we raised our family. I cherish the small-town atmosphere and the sense of security that comes with it. I am running for mayor because I believe it is time to listen, engage and partner with our community on a deeper level.

Together, we can bring the change

needed to restore transparency and trust in our city government.

Our local government should be held accountable to our citizens to ensure the continued livability of Woodland. The exorbitant increase in utility bills, along with outsourcing of local jobs, is unacceptable. I will apply my 31 years of finance and accounting experience to ensure reasonable and appropriate spending of taxpayer funds and resources. Improving congestion and infrastructure is also critical and requires attention. I will build working relationships with county commissioners and state officials to create sustainable long-term solutions for our community.

Woodland’s strong sense of community inspires me, and I am asking for your vote to serve as your mayor. Together, we can build a brighter future for our town. Thank you for your confidence and support.

City of Woodland

Mayor

Will Finn

Statement As Mayor since 2016, I have delivered seven balanced budgets, cut spending, and strengthened business relationships. My administration has increased the general reserves by reducing general fund liabilities. We did this through reduced staffing, technology upgrades, and streamlined services. City Hall has become a customer service-based experience by

creating a culture of “yes”, making our city the benchmark for other cities in our area.

My administration has secured \$11+ million in grant funding with little contribution from your local tax dollars. We have leveraged your local tax dollars to secure outside grant dollars to help complete capital projects, upgrade facilities, and assist in long-range planning. I am continually looking for creative cost saving measures that do not reduce the level of service you deserve. We have applied for over \$30 million in grant funding, including \$23 million for the construction of exit 21.

I will continue my efforts in creating a strong, conservative government focusing on Public Safety, Financial Stability, Infrastructure, Economic Development, and Organizational Efficiency. It has been an honor to serve as your mayor and I look forward to the next four years!

DeeAnna Holland

Statement Four years ago, I asked that Woodlanders vote for leaders invested in our community, leaders that would stand for the issues concerning our residents and willing to fight for our way of life. I was honored to be elected to serve the community as your council member.

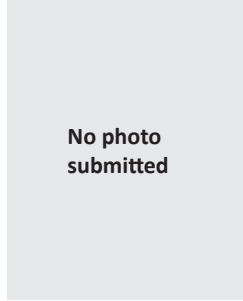

I don't know if any of us could have anticipated a global pandemic, the challenges it created, or how it would impact our lives. As a council member I feel like our legislative body spent more time reacting to things outside our control rather than addressing issues that have been affecting our city for decades. Years were spent on distractions and delays. There is no quick fix for outdated infrastructure, traffic congestion or growing pains but I am willing to put in the work needed to finally make headway on issues facing our residents and business owners.

I am asking for your vote to continue representing my hometown as your council member. For several years I have been the board President of the Woodland Action Center, founder and volunteer of Laundry Love – Woodland and am committed to our community. Thank you for your time.

Statement For nine years, I've committed to uniting diverse voices in shaping our vision for education, acknowledging every stakeholder's indispensable role. In the face of recent challenges, I recognize the strain on our community - students, families, teachers, and more. I stand for increased engagement, ensuring the voices of students and families are heard and drive decision-making.

EOFC policy council member and volunteer of the year in 2014.

Statement I am a husband of 26 years and father of 8 children. My wife and I have adopted 6 of our children through the foster system. Vancouver has been our home for 23 years and we have lived in the Evergreen Public School district for that entire time. Evergreen Public Schools was once the pinnacle of excellence in education. I want to restore leadership and accountability to Evergreen Public Schools, repairing the trust that the current leadership has broken due to a lack of transparent leadership. If elected, I will propose that the school board adopts a hiring policy for the superintendent of Evergreen Public Schools as the last two hiring processes did not interview a single candidate outside of the interim superintendent that was appointed by the current board. I would not vote for a budget unless it includes cutting our district administration to levels commensurate with enrollment and restores the positions that were recently cut. Some of those cuts were entire programs that serve our students with the greatest needs. Evergreen Public Schools needs leadership that will put students first. I will work tirelessly to restore trustworthy leadership to Evergreen Public Schools.

Statement As parents of Evergreen students we've watched their quality of education plummet for 6 years under this school board. Per OSPI: only 25% of Evergreen students are meeting Math Standards, English 38% and Science 35% (averaging 33% overall compared to next door Camas averaging 70%). Evergreen has the worst academic scores of the 9 Clark County School Districts. This is unacceptable and contributed to our losing 3,546 students resulting in approximately \$42,500,000 loss in state funding.

For 2 years I've attended almost every school board meeting speaking several times addressing these concerns. Finally, after a year of persistence and offering several solutions, this board only scratched the surface with the SIP Program.

When elected, I pledge to use my accounting skills focusing on cost savings on administrative staff not classroom teachers. I'll advocate for more transparency and parental input with proposed budgets and bell schedule changes. Additionally, I pledge to never fire superintendents 'without cause' (*as this board has costing taxpayers \$570,812 buying out two superintendents in 4 years*).

Poor management by this board squandering \$57,330,951 in one-time ESSER Funds since 2020 resulted in \$19,140,000 proposed budget cuts for 2023-24. *We can do better!* Vote Wilson for Evergreen!

Education Portland State University, Marylhurst College

Community Service Vancouver Strong executive board, member Vancouver Downtown Association, Harmony PTA; Quality Education Coalition of Clark County; Evergreen Citizens for Schools; Evergreen Coalition of Parent Organizations. Iris Award winner.

Statement As an effective community leader, I will continue to champion programs for students that lead them to success after graduation. The district's most recent addition of a skilled trade center adds to our other programs that prepare students for careers, college, or the military. Community and business partnerships continue to be a focus in supporting our students. While Covid-19 has impacted students across the nation, we have put in place a comprehensive strategic plan to address learning loss that is already showing results.

I have worked to ensure the district is fiscally responsible and honors our commitments to the taxpayers. Our new building projects ensure safe, energy efficient schools and came in under budget and on time. While we are experiencing statewide budget cuts, we are working hard to maintain programs that are important to our students and families.

I believe all children can learn when given a safe environment with adults that care. I promise to continue putting students first. Your vote continues my advocacy both locally and legislatively to see that all children have the schools they deserve.

Community Service Evergreen Public Schools Equity Advisory Committee member and liaison to Students Advocating for Equity (2020-22); Harmony Elementary PTA (2011-16): various positions including co-president; Former Girl Scout parent volunteer, Cub Scouts secretary and Washington Timbers academy soccer team manager

Statement I'm honored to serve as an EPS Board Director. As a long-time Vancouver resident, I'm proud that my children, including a 2023 graduate, attend school here. I've seen the great things that come from working together with students, families, and staff. I've witnessed parents coming together to create community, staff going above and beyond to help students thrive academically, and caring adults working tirelessly to build a culture of belonging in their schools.

Much was lost in the pandemic. Community was interrupted, students fell behind, and declining enrollment accelerated. During that time, the demographics of our community shifted. We have more students below the poverty level, more families who need support, and fewer resources at our disposal.

I'm committed to holding the board accountable in righting the ship and keeping students headed toward success and academic excellence. That means a commitment to sound fiscal management and ensuring educational equity.

My priorities are to ensure students from marginalized communities get equitable educational opportunities, all students have a voice in their school experience, and staff gets the support they need. I want students to feel welcome, seen, and safe at school, families to feel supported, and staff to know they're valued.

Marketing Agencies.

Education English for Secondary Education, with additional focuses in journalism, theater, and marketing.

Community Service I volunteer time with youth activities such as spending 5 years coaching my oldest's YMCA volleyball team, serving with various parent/teacher organizations, and various community service initiatives and fundraisers through my community gym.

Statement My background in marketing allows me to leverage my professional skillsets along with my personal passions to help Hockinson align on and tackle the future in an innovative way. Having moved from a district in Texas where the public school options were so limited that most parents were forced to choose private schools to set their children up for success, it has been a great experience for our family to have such promising public schools in our backyard. If elected I will have one child in TK at Hockinson Elementary and one entering as a Freshman at Hockinson High School, giving me a vested interest in helping create and foster an environment at Hockinson that allows staff members at the schools and every child to thrive and grow short and long term.

Other Professional Experience

I gained commercial marketing and management experience at two Fortune 500 companies. In 2006, I transitioned to a local small business where I am

responsible for developing new business initiatives, managing business strategy and marketing, and participating in budget review and contract negotiations.

Education MBA Strategic Business Development: Indiana University Kelley School of Business. B.A. English and Art: Georgetown University.

Community Service School volunteer, lunch buddy, coordinator for local little league

Statement I am a native Washingtonian and have lived in Vancouver for 18 years. I'm the proud parent to three VPS students with one child in elementary, middle and high school. I was drawn to serve in order to evolve our system so it better supports the needs of our diverse learners and to improve student learning outcomes. Throughout the challenges of the last four years, I have remained steadfast in my focus on student achievement and increased district accountability.

In my first term, our board accomplished the hiring of a new superintendent, the passage of our Equity Policy, the expansion of dual-language programming, a new process for community engagement, and the development of a new strategic plan. I served as Board Chair in 2021 where I led our superintendent search process. My current board responsibilities include: Vice Chair, Budget Committee, Community Advisory Committee, and representative to the Foundation for Vancouver Public Schools.

There is still significant work to be done to ensure *all* students achieve their full potential, but we have laid the foundation to make that possible. In my continued service, I'm committed to data-driven decision-making, setting measurable goals for student achievement, and maintaining fiscal responsibility.

brands. He has committed his professional career to helping local government organizations and small businesses in managing their most valuable asset, their people. Community Service Younglife, Little League, Babe Ruth and WIAA Umpiring

Statement Born in Vancouver, a husband and father, Nick prioritizes quality education and believes in traditional values. He brings unique qualification to the position having worked negotiations, training and development in both the Private and Public sector.

Nick's goal is to ensure a safe and effective learning environment for all students in Vancouver Public Schools. Nick emphasizes the importance of foundational subjects such as reading, writing, and arithmetic, along with promoting civic responsibility. The low achievement scores throughout the district and 23 of our schools falling in the bottom half of state rankings, are evident of the failure of "the way it's been done." These practices are damaging to the future of our children and it's time for change.

As a member of the community, a taxpayer, and a small business advocate, Nick values fiscal responsibility and accountability in our school system. He is dedicated to maximizing the efficient use of taxpayer dollars while empowering parents and teachers to make informed decisions for their students and classrooms. Ultimately, he will work tirelessly to improve the education system in Vancouver by bringing about positive change and progress.

It's time we put education back in the hands of our local teachers and parents.

Statement As a working parent from Washougal, my goal is to represent *you*. I believe we all want to provide our kids with the critical thinking, problem-solving, and life skills to meet the increasingly complex challenges of our world. As a community, we share this endeavor by paying hard-earned taxes. Let's make sure we're spending them wisely and asking the hard questions.

I've known many gifted and dedicated teachers; my mother was one of them. They inspire confidence that there are professionals giving their best for our children every day. I've heard these same teachers complain about the ever-increasing administrative burdens that interfere with their ability to teach. I want to enable our teachers to do what they do best: teach.

I understand that many decisions are complicated. I'm not afraid to look through data and work to understand long-term impacts. I also value our community and know we are capable and strong. Together let's commit to raising resourceful and resilient Washougal kids.

Statement Woodland Schools are extremely important to me and my family. My wife and I both Graduated from Woodland High School, as did all three of our daughters. Now I have grandchildren spread from Jr. high on down to preschool.

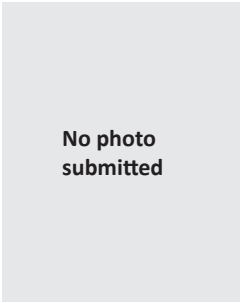

I do not have any public office experience. What I have to offer is the fact that, if elected, I will give my all to see that our children receive the best education and school experience we as a community can give them. There are many issues our schools are currently facing. The first and foremost is the recent levy failure. I want to dig in with the other board members to ensure we provide a high-level education and positive school experience, even without the levy funds.

I have been project manager for many large industrial projects and all of them had limited budgets. Yet each time we found a way to accomplish the project's goal. We can do this here and now with our schools.

Elect me and I promise I will research, study, poll community opinions and give information back to our town's people on all issues. I will give you my best.

Clark-Cowlitz Fire Rescue

Commissioner, Position No. 2

Brigid Taylor

Elected Experience Appointed to the City of Ridgefield Parks Board

Other Professional Experience 23 years of teaching experience in Clark County; Safety Committee in two elementary schools in VPS; Finance Committee Member for Ridgefield Education Association. Ski Instructor at Mt. Hood Meadows.

Education Bachelor of Arts in Elementary Education, University of Montana; Master in Education, Washington State University Vancouver; Washington State Teaching Certificate.

Community Service Citizens for Ridgefield Schools Board, Ridgefield Public Schools Foundation Board, Ridgefield Lions Club, YMCA Task Force, Muscular Dystrophy Association.

Statement Within my family I've been exposed to the hard work and dedication that goes into protecting our communities. I attend our fire commissioner meetings regularly and am up to date on current events and issues that our fire service faces, specifically to our area.

These meetings have made me aware of the decisions being made by fire commissioners and how they directly impact all our families.

I feel compelled to be a voice for the communities in which Clark-Cowlitz Fire Rescue serves. My goal is there will be five minutes or less response time for all residents. I will help create a bridge that allows an open line of communication to our city and county officials and expand these partnerships. I will collaborate to ensure seamless emergency services because minutes matter for all residents. Fire engines need to be well maintained, have proper staffing, and should travel roads that allow for quick response time.

I show integrity, transparency, and a genuine love for the communities Clark-Cowlitz Fire Rescue serves. I humbly ask for your support in electing me as your next Fire Commissioner so that together, we can build a safer, stronger place to live, work and play.

Community Service 10 years volunteer Firefighter/EMT (Woodland/CCFR); 13 years Woodland Planters Days Celebration Committee; 7 years Clark County 4-H program; 7 years Christmas Roundup (benefiting Open House Ministries, Vancouver); Ridgefield American Legion Post 44 Active member.

Statement It has been an honor to serve as your Fire Commissioner this past year. We have worked hard to ensure our tax dollars are used to provide high quality emergency services at a reasonable cost. We have been able to secure grants and partnerships with outside agencies to add valuable services, including nonemergency referral visits to people discharged from hospitals or previous emergency responses. We also have mental health professionals teamed up with paramedics to provide more focused care for those needs, mostly without using tax dollars. This past year, we added many new firefighters, EMTs, and paramedics to support our growing community and also provided full time staffing of the Fairgrounds Station (179th St.) in cooperation with Fire District 6.

It is my commitment to continue to support these services and support the valuable men and women we have protecting our community. I believe my experience as a soldier, firefighter, EMT, workforce and facilities manager provides the knowledge to help guide our fire district in providing the best service delivered by the finest people to ensure our local communities have quick, reliable, and professional emergency services. Community Service 9 years as a volunteer firefighter for the City of Woodland, 4 of which I also served as the Department’s representative to the planter’s days committee.

Statement Thank you voters for allowing me to serve the last 10 years as your voice for fiscal accountability and integrity within your Fire Department. In that time we have accomplished some great work. We continue to operate on a balanced budget, passing clean audits every 2 years. We reopened the station in Charter Oaks neighborhood and most recently (in partnership with Clark County Fire District 6) were able to jointly open the Fairgrounds station on 179th. We were also able to retain 100% staffing throughout covid by offering accommodations and had no significant illnesses or permanent disabilities. This fall we began staffing an ambulance to assist in medical calls.

We also started a community risk reduction division and some exciting new programs. Including a mental health response team to connect those individuals to resources outside of a hospital setting. We have a unit providing follow-up care from hospital releases (as requested), and for the elderly who fell and received an injury. All of these programs are mostly or completely funded by outside sources. Putting very little financial burden on the tax payers but maximizing community health and adding resources to your local fire department. Thank you for your consideration.

Other Professional Experience Ecologist at Oregon Department of Environmental Quality. I work to protect drinking water and fisheries from pollution, using science, law, and collaborative efforts with public water

systems, landowners, community groups, and government agencies. Previously a biomedical researcher.

Education Capital High School, Boise, ID. B.S. in Biochemistry, Washington State University. M.S. in Environmental Science, Washington State University-Vancouver.

Community Service I serve on the Clark County Clean Water Commission, fundraise for food banks, donate farm produce to those in need, and do public education about human and environmental health.

Statement Since August 2018, I've served on the East County Fire and Rescue Commission. I ask for your vote to serve another term. I'm a rural resident and understand the challenges faced by landowners who need fire-safe and ecologically healthy homes and properties.

My priority is to ensure that the District continues to provide quality EMS and fire service to residents and maintains a firm financial footing. I want the District to have a greater public education presence about defensible space and fire-safe behavior, along with attracting more volunteers. This is critical with hotter, drier fire seasons. We all have a role in fire safety. As a Fire Commissioner, I've helped lead cost-saving measures such as using squad trucks for EMS response and selling an unused station, using the proceeds to pay off debt and saving interest costs. I use my technical skills to assist district management, such as mapping incident response patterns and researching firefighter safety risks from toxic chemicals.

Public service is a core value of mine. My interest in serving on this commission stems from a desire to make and keep my community a good place to live and work. Thank you for your consideration.

Statement I’m a Vancouver native and have lived within the current Vancouver Fire Department/District 5 service area my entire life raising two children together with my wife of 45 years. I have been actively involved with local fire service for 46 years.

Since 1988 the Fire District has actively pursued regionalizing fire and emergency medical services, first merging with Fire District 4, and in 1994 contractually consolidating with the Vancouver Fire Department. The combined resources have allowed the Vancouver Fire Department to add enhanced services including a fully staffed paramedic program, ladder truck operations, hazardous material team, technical/heavy rescue, and a fire boat. I fully support our contractual relationship with the City and believe it provides the best service to both communities.

My leadership has been instrumental in further improving service delivery, including the building and staffing of the Glenwood Fire Station 7, enhancing response to Glenwood, Barberton, Pleasant Valley and Brush Prairie. I take much pride in my personal efforts working with the City to build the new Station 11 in Fire District 5 and funding the construction and staffing of the station to better serve Orchards, Sifton, and 117th Avenue corridor.

Statement As Fire Commissioner , my commitment to both the citizens of Clark County, and the Fire Department, is to serve with the same dedication, integrity, and pride, that I have given to the Fire Service, for most of my adult life. The priorities I have going forward, would be to focus on providing oversight and engagement, to make certain the department has the resources they require to maintain adequate staffing levels, and training, making “ Firefighter Safety “ an absolute priority. The public education programs the department provides should also continue to be a priority as well . With the significant growth of Clark County over the last few years, it should be incumbent upon all elected officials, involved with the department, to be able to monitor the agency’s needs and work diligently to provide whatever is needed to serve the citizens most effectively. Community Service Three Creeks Advisory Council; Highway 99 Corridor's "Team 99"; Hazel Dell Salmon Creek Business Association; Boy Scouts; Little League; Church

Statement I am looking forward to retaining my position as a commissioner at Clark Regional Wastewater and continuing to work with an outstanding general manager, staff and employees as I have for the past 20 years. Throughout these 20 years of experience my thoughts have always been to give back to the community which has given so much to our family.

Clark Regional Wastewater District provides wastewater services to more than 100,000 people in Clark County making it one of the largest and most respected districts in the state of Washington. The District provides wastewater collection services to its customers and relies on a regional partnership with the Discovery Clean Water Alliance and a separate agreement with the City of Vancouver to provide treatment services. Not to be forgotten, we have the lowest rates in the county.

The Alliance is a partnership managed by the District, along with Clark County and the cities of Battle Ground and Ridgefield. Alliance members jointly own and manage wastewater treatment infrastructure that helps to leverage existing resources, control future capital costs, and stabilize customers' rates. The Alliance treats wastewater from 25% of Clark County's population and serves half of all the county's designated growth areas.

C-W, Camas Parks Foundation Board, Camas Ivy League (volunteer invasive species removal) Coordinator. Former: Camas Parks Commission (12 years), C-W Community Chest, Washougal Festival of Trees, Lacamas Little League, Helen Baller PTA

Statement Our Port is a major contributor to our quality of life in Camas-Washougal – through jobs creation, recreation, and a dedication to efficiency and environmental protection. Over the past few years, we’ve celebrated some major accomplishments: the opening of Building 20 in the Steigerwald Commerce Center (50,000 square feet for local businesses and jobs); the completion of the Steigerwald Wildlife Refuge Reconnection Project through multi-agency collaboration; and an agreement with Clark PUD to bring the Community Solar East project to our area later this year.

Moving forward, I’ll focus on long-term planning for the remainder of the Commerce Center land, as well as our Port’s properties at Grove Field. Both have tremendous potential to bring diverse local jobs and essential services to East County. I’ll also continue to prioritize community involvement, transparency, and fiscal responsibility in all Port decisions, while focusing on energy efficiency and sustainability in all areas of our operations. Combined, these efforts not only make economic sense, but also help secure a better future for us all.

Our Port is doing great work. I’d be honored to serve as your commissioner for another term.

Community Service 40 years Ridgefield Lions Club; Ridgefield Schools; 4-H Clubs; PNW Christmas Tree Association - Past President; Clark County Farm Advisory Committees; Vancouver Lake Planning Advisory Groups

Statement After graduating from WSU in 1968, I served three years in the army. Upon my discharge in 1971, and until my retirement in 1997, I worked for the U.S. Fish and Wildlife Service, managing Wildlife Refuges in four western states. The Ridgefield Refuge Complex was my last refuge duty station.

After retiring, I joined the Port of Ridgefield to assist with their huge environmental remediation project along its Lake River property and adjacent the Ridgefield Refuge. That massive 20-year project was completed at a cost of nearly \$100 million.

Other recent Port accomplishments include: completion of the rail overpass into the waterfront; construction of the Washington Department of Fish and Wildlife office building; and two 20,000 square feet buildings that are fully leased and includes Wisdom Ridge Academy; designating eight acres along Lake River for a future park, including the .75 mile paved foot path; and making land available for Rosauers, "our" community grocery store.

These Port projects are the result of vision and collaboration with our community and of the Port's commitment to the health of our environment. Planning the future of your waterfront is our ongoing project. Come assist us!

Statement The One with Appeal! In 2017, I was honored to win a seat on the Vancouver Port Commission with over 64 percent of the vote. Together, we stopped the proposed oil terminal along the Columbia River. Today, the port is stronger than ever with record revenues and exciting projects on the horizon. Instead of oil trains, the Waterfront has put Vancouver on the map as a national travel destination.

This is an amazing community. Mary and I raised our boy here and loved learning about your families.

As a long-time local business owner I believe our people and their talent is what makes companies strong, not undercutting wages or cutting corners. I have fought to increase the minimum wage and for family-wage jobs, first as a citizen advocate lobbying my legislators, and now as an elected leader. Family-wage jobs are the key to a safe and prosperous community. Public safety and protecting workers is essential to a strong port and local economy.

With your support, I will continue asking the hard questions, advocate for public safety, fight for family-wage jobs, and protect our tax dollars. The future is bright for Vancouver and our port!

City of Washougal

Proposition No. 11

Emergency Medical Services Regular Property Tax Levy

The Washougal City Council adopted Resolution No. 1230 which authorizes the City to fund emergency medical services with a regular property tax levy. This measure would impose regular property tax levies of \$.50 or less per \$1,000 of assessed valuation for each of six consecutive years beginning in 2024 to replace an expiring emergency medical services property tax levy as authorized by RCW 84.52.069.

Should this tax levy be approved?

Yes No

STATEMENT FOR

The purpose of this proposition is to maintain the EMS levy which provides the paramedic ambulance response delivered by the Camas-Washougal Fire Department to the citizens of Washougal. Similar levies in the city of Camas and the district of East County Fire & Rescue also fund this essential service. Without this levy, there will be no guarantee that an ambulance will be readily available when you call 911. Your yes vote will simply maintain the established service within Washougal. Please vote yes!

Levy History:

The EMS program, started in 1978, has provided an enhanced level of emergency medical services for over 40 years. The program includes local paramedic ambulance transport and continuous medical training for all emergency response personnel. The Washougal community has supported this levy since 1978.

Levy Assessment:

At fifty cents per thousand dollars assessed property value, the levy will provide paramedic responders as well as the funds necessary to support replacement of ambulances and equipment, offset rising fuel costs, continue mandated training, continue community CPR and First Aid training and provide training and support to our firefighters and first responders.

Benefits Provided:

The levy provides funding for dual-function paramedic/firefighters and local low-cost ambulance transport service as compared to private companies. Funds generated will allow for a paramedic ambulance to remain stationed in the City of Washougal. Rapid response of a local ambulance based within the community improves patient outcomes and keeps our community safe.

Statement for submitted by:

Kevin Bergstrom, Chair

Rod Morris

Ernie Suggs

Email EMS.yes@comcast.net

EXPLANATORY STATEMENT

Cities within Washington State have the authority to provide emergency medical services to the citizens of their city. To fund these services, a special six year levy is authorized and may be collected if approved by the voters of the city. If the voters of City of Washougal approve this levy to replace the expiring levy at the rate of \$0.50 or less per \$1000 of assessed valuation at the November 7, 2023 election, the City will be authorized for the next six years to continue to collect the property tax levy necessary to provide emergency medical services.
