BACKGROUND

Clark County Technology Services has undertaken a project to replace its current ticketing system. The current system, Altiris, was originally implemented in 02/2009. Since then, the system has become seriously out of date and is no longer covered under a maintenance agreement which expired September 2011. This leaves the County in a vulnerable state where an outage would leave the Technology Services department without an automated way to receive, manage, and track requests for support from Clark county employees and departments.

Managing Technology Services work has also changed since Altiris was originally implemented. In addition to being able to create tickets that track when system is down or broken (Incident ticket), there are several other ticket types that can be leveraged to improve how Technology Services manages its work. In today's ITSM (Information Technology Service Management) systems it is standard practice to also manage:

- Problem tickets (determine and correct root causes)
- Change tickets (changes to production systems)
- Release tickets (introduces many changes together)
- Request tickets (Technology Services requests other than break/fix)

ITSM systems also are able to track the components (Configuration Items – CIs) used in delivering Services. These new systems understand how the CIs work together to deliver the Services. This is very useful when planning and troubleshooting.

The process of selecting a vendor began with soliciting 39 potential vendors for participating in a Self-Assessment of which 15 vendors participated. They graded themselves on their products ability to meet the requirements. The vendors were also requested to identify contracts that they had received that: Were publicly advertised and competitively awarded AND had an interlocal clause in the RFP and contract allowing “piggybacking”

Only 4 vendors were identified that had “piggybackable” contracts. Those 4 vendors moved into the On-Site demonstration phase. Based upon the demonstrations results, 2 vendors were selected to move into the trial systems evaluation. The selection team was able to select 1 vendor after a many interactive Q&A sessions. The State of Washington, acting by and through the Department of Enterprise Systems (DES) issued Request for Proposals, RFP No. 13-2000-ACCO (the “RFP”), on March 22, 2013, resulting in Master Contract 04513.

- 15.5. During the Term and any time thereafter, Contractor shall execute all documents and perform such other proper acts as Purchaser may deem necessary to secure for Purchaser the rights pursuant to this section, and when so obtained or vested, to maintain, renew, and restore the same.
- 15.6. Contractor shall not use or in any manner disseminate any Work Product to any third party, or represent in any way Contractor ownership in any Work Product. Contractor shall take all reasonable steps necessary to ensure that its agents, employees, or Subcontractors shall not copy, disclose, transmit or perform any Work Product or any portion thereof, in any form, to any third party.
- 15.7. Contractor shall exert best efforts to advise the County and Purchaser of all known or potential infringements of publicity, privacy or of intellectual property rights of the Preexisting Material furnished under this Contract or any SOW. The County and Purchaser shall receive prompt written notice of each notice or claim of copyright infringement or infringement of other intellectual property right worldwide received by Contractor with respect to any Preexisting Material delivered under this Contract or any SOW. Purchaser shall have the right to modify or remove any restrictive markings placed upon the Preexisting Material by Contractor.

16. Data Storage, Transmission and Archive

All Purchaser data must be stored and transmitted within the contiguous United States of America only. No offshore data transmission (e.g., for support services) or storage (e.g., data center, hosted site or backup, disaster recovery or other locations) will be permitted.

17. Security

While on the County or any Purchaser's premises, Contractor, its agents, employees, and Subcontractors shall conform in all respects with any and all of Purchaser's physical, fire, safety, and other security regulations.

17.1. Facility Access.

Contractor understands that Purchaser's building entrances may be controlled for access. In the event Contractor performs any work at Purchaser's buildings, Contractor agrees to become familiar with Purchaser's building and security policies, and further agrees to observe and comply with all Purchaser's building and security policies or procedures.

Contractor understands that in order to obtain access to Purchaser's premises, Contractor may have to be issued a security badge by Purchaser. Contractor shall provide certain personal information, including valid government-issued photo identification, prior to obtaining a security badge when required by Purchaser. Contractor further understands that Purchaser will collect and retain such personal information for so long as the SOW is in effect and such individual(s) has access to the premises. Purchaser reserves the right to conduct background checks and deny an application for a security badge. Failure of Contractor to comply with Purchaser's security and safety policies and procedures is sufficient grounds for revoking, modifying, suspending or terminating access to Purchaser's facilities. Upon the earlier of termination of the SOW, or suspension or termination of access to Purchaser's facilities, Contractor shall return all security badges.

17.2. Remote Access to Network.

Contractor understands that in order to obtain remote access to Purchaser's Local Area Network (LAN), email, or supported computing environments through a remote access connection ("Remote Access"), Contractor must comply with Purchaser's Remote Access policy and any other applicable policies or procedures. 17.3. System Security

Contractor acknowledges and understands that it may be required to access Purchaser's computer networks in performing an SOW and that in providing such access to Contractor, Purchaser places special confidence and trust in Contractor. Contractor acknowledges and understands that any access granted by Purchaser to its computer networks shall be limited, restricted and conditioned upon Contractor's compliance with certain policies and practices. Contractor warrants that it will perform all work for or on behalf of Purchasers in full compliance with security policies, standards, and guidelines, and any other security documents and best practices provided by the County ("Security Policies"). Contractor agrees that the Security Policies shall serve as the standard for network security and warrants that it shall exercise its best efforts to comply with the Security Policies with respect to 1) any electronic transfer of code or data; 2) prevention of unauthorized access; and 3) prevention of any and all undisclosed programs, extraneous code, Self Help code, unauthorized code, or other data that may be reasonably expected to damage data, code, software, systems or operations of the County's network, system or data. Contractor staff

may be required by Purchaser to complete a certain minimum level of security awareness training coursework depending on the skill and experience levels required by Purchaser.

17.4. Security Incident Response

If Contractor becomes aware of any breach, including but not limited to unlawful access to any Purchaser data stored on or at Contractor's equipment or facilities, or unauthorized access to such equipment or facilities, which may result in loss, disclosure, or alteration of Purchaser data (each a "Security Incident"), Contractor will take the following actions:

- Notify Purchaser of the Security Incident immediately following discovery;
- Investigate the Security Incident and provide Purchaser with detailed information about the Security Incident;
- Take steps to mitigate the effects and to minimize any damage or loss resulting from the Security Incident; and
- Provide cooperation and assistance to Purchaser in fulfilling its mitigation, investigation, and notification obligations under applicable law or regulation, including assisting third parties retained by Purchaser for such purposes.

If a Security Incident is found to be the result of Contractor's failure to take reasonable security precautions, including, but not limited to, adoption and enforcement of a technology security policy, Contractor will assume complete responsibility for notifying affected individuals as directed by Purchaser.

17.5. Safety

Contractor shall observe and comply with WISHA and OSHA regulations, all applicable safety and environmental laws and regulations, and all of Purchaser's rules, guidelines, policies and procedures relating to safety, workplace conditions, health and the environment, including but not limited to physical, fire, evacuation, accidents, hazardous materials or situations, or other safety regulations and policies.

To the extent the Proposed Solution has mobile features and/or using a mobile platform, the mobile component of the Proposed Solution complies with any laws, guidance, recommendations, guidelines or reports published by any regulatory or governmental bodies setting forth practices, policies and procedures to govern the use of mobile devices. The terms of this Section are effective on the Effective Date and shall remain in effect with respect to particular Solution for as long as a Purchaser is receiving SaaS Services.
- 18.5. Neither Contractor nor its suppliers or service providers warrant that the services will be uninterrupted or error free, nor do they make any warranty about the results that may be obtained by using the software or services. Except as expressly and unambiguously provided in this Contract, the Software and SaaS Services are provided "as is" and Contractor, its suppliers and service providers disclaim all warranties, express or implied, including but not limited to, implied warranties of merchantability, fitness for a particular purpose, information content, system integration, enjoyment and non-infringement.

19. Contractor's Protection of Confidential Information

- 19.1. Contractor acknowledges that some of the material and information that may come into its possession or knowledge in connection with this Contract or any SOW may consist of Confidential Information. This audit: (a) will be performed at least annually; (b) will be performed according to ISO 27001 standards; (c) will be performed by independent third party security professionals at, as between the County and Contractor, Contractor's expense; (d) will result in the generation of an audit report ("Security Audit Report"); and (e) may be performed for other purposes in addition to satisfying this section. Within thirty (30) days of Contractor's receipt, Contractor will provide the Security Audit Report to the County. At its sole cost and expense, the County will have the right, through its internal staff, another agency of the State, or a third party auditor, to audit Contractor's security standards related to the services provided under this Contract. Any such audit will occur on Contractor's premises, during normal working hours, subject to Contractor's reasonable policies and regulations, and no more than once annually. Control Objectives shall include the audit of policies, practices and procedures involving the delivery of the Solution via mobile devices and platforms. If the County determines as a result of any such review that Contractor or Data Center Provider must comply with additional and/or different control objectives or expand the scope of its audit, the County shall so notify Contractor in writing and such control objectives and/or expanded scope of audit thereafter shall constitute the scope of audit and/or Control Objectives for purposes of this Contract. If Contractor or Data Center Provider wants to change the control environment, reduce the scope of audit or any of the Control Objectives subsequent to the delivery of the last SOC 1 Type 2 Report or SOC 2 Type 2 Report, Contractor shall so notify the County in writing at least sixty (60) days prior to the proposed change, including identifying the planned effective date of such change, and such proposed changed control environment, scope of audit and/or Control Objective(s) shall be subject to the County review process described above in this Section 33.3. Contractor shall cooperate with the County and its auditors (including the County's internal, independent third party, and/or State, auditors) in connection with the terms, obligations and rights set forth in this Section 33.3.
- b) In accordance with the requirements set forth in this Section 33.3, Contractor shall ensure its Data Center Provider causes a nationally-recognized independent certified public accounting firm to conduct audits with respect to the Control Objectives at least once annually and to promptly prepare, no later than March 31 of each year, SOC 1 Type 2 Reports and SOC 2 Type 2 Reports following each such audit. No later than April 15 of each year, Contractor shall deliver to the County a full and complete electronic copy of each such SOC 1 Type 2 Report and SOC 2 Type 2 Report, each of which must cover the previous calendar year. Within forty-five (45)

days following the County's written request for a letter updating the most recently issued SOC 1 Type 2 Report or SOC 2 Type 2 Report, Contractor shall deliver to the County a letter from an authorized senior executive officer of Data Center Provider that contains a written description of any material changes to the control environment that would adversely affect the prior delivered SOC 1 Type 2 Report or SOC 2 Type 2 Report to cover the time period not covered under the scope of such most recently issued audit report from the date of such report until the date requested in the County's written request, or if there have not been any such changes, a letter stating that there have not been any changes since the date of the most recently issued report.

- c) At the County's sole cost and expense, the County shall have the right (either through its own audit staff, an independent third party auditor or an Agency of the State) to conduct reviews and audits of the type covered by SOC 1 Type 2 Reports and SOC 2 Type 2 Reports or other reviews and audits to ensure compliance with the Control Objectives and Contractor's other obligations. Such reviews or audits will be conducted during regular business hours, will be subject to Contractor's reasonable security policies (which will not apply to the extent they prevent or interfere with the County's right to conduct a review or audit as described in this Section 33.3) and will not unreasonably interfere with Contractor's business activities. Further, within the scope of each such review or audit, such reviewers and/or auditors shall have the right to examine and audit the Records (defined below) and question and interview any personnel with knowledge about the Control Objectives and other financial, operational, security, physical or other aspects of the SaaS Services. If the report identifies Deficiencies (defined below) requiring remediation, the County shall deliver to Contractor a full and complete copy of the report.
 - d) As of the Effective Date, Data Center Provider uses Ernst & Young to conduct audits resulting in SOC 1 Type 2 Reports and Ernst & Young to conduct audits resulting in SOC 2 Type 2 Reports. In order to assure auditor independence, Contractor shall provide the County at least ninety (90) days prior written notice if Data Center Provider intends to use an auditing firm other than Ernst & Young to conduct such audits, and shall discuss with the County, and address any concerns that the County may have regarding such change of auditors.
 - e) If any SOC 1 Type 2 Report, SOC 2 Type 2 Report or other audit report reveals any deficiencies and/or exceptions with respect to the Control Objectives or otherwise (the "Deficiencies"), Contractor shall ensure that Data Center Provider prepares and delivers to the County a detailed plan for remedying all such Deficiencies (each such plan, a "Remedial Plan"). Contractor shall deliver such Remedial Plan to the County within a reasonable period of time following identification of any Deficiencies based on the nature and complexity of the Deficiencies to be remedied, not to exceed thirty (30) days following the County's written request for same. As between the County and Contractor, Contractor shall bear all costs and expenses associated with correcting all Deficiencies.
- 33.4. All Records shall be subject at reasonable times and upon prior notice to examination, inspection, copying, or audit by personnel so authorized by the County, Purchaser, and/or the Office of the State Auditor and federal officials so authorized by law, rule, regulation or contract, when applicable, at no additional cost to the State. During this Contract's Term, Contractor shall provide access to Records within Clark County, Washington or the county where Purchaser is located. Contractor shall be responsible for any audit exceptions or disallowed costs incurred by Contractor or any of its Subcontractors.

-
- 33.5. Contractor shall incorporate in its subcontracts the records retention and review requirements of this Section 33.
 - 33.6. It is agreed that books, records, documents, and other evidence of accounting procedures and practices related to Contractor's cost structure, including overhead, general and administrative expenses, and profit factors shall be excluded from Purchaser's review unless the cost or any other material issue under this Contract is calculated or derived from these factors.
 - 33.7. Contractor shall upon written request provide access to data generated under this Contract and any Statement of Work to the County, to Purchaser, to the Joint Legislative Audit and Review Committee, and to the State Auditor, as requested, at no additional cost. This includes access to all information that supports the findings, conclusions, and recommendations of Contractor's reports, including computer models and methodology for those models.
 - 33.8. Except as otherwise expressly provided otherwise in this Section 33, each party shall bear its own costs and expenses incurred in connection with performing its obligations and/or exercising its rights hereunder, including costs and expenses charged by its own independent auditors.

General Provisions

34. Patent and Copyright Indemnification

- 34.1. Contractor, at its expense, shall defend, indemnify, and save the County and any Purchaser harmless from and against any claims against the County or Purchaser that any Products supplied hereunder, or Purchaser's use of the same within the terms of this Contract or any SOW, infringes any patent, copyright, utility model, industrial design, mask work, trade secret, trademark, or other similar proprietary right of a third party worldwide. Contractor shall pay all costs of such defense and settlement and any penalties, costs, damages and attorneys' fees awarded by a court or incurred by the County or Purchaser provided that the County or Purchaser:
 - a) Promptly notifies Contractor in writing of the claim, but the County's or Purchaser's failure to provide timely notice shall only relieve Contractor from its indemnification obligations if and to the extent such late notice prejudiced the defense or resulted in increased expense or loss to Contractor; and
 - b) Cooperates with and agrees to use its best efforts to encourage the Clark County Prosecutor's Office to grant Contractor sole control of the defense and all related settlement negotiations.
- 34.2. If such claim has occurred, or in Contractor's opinion is likely to occur, Purchaser agrees to permit Contractor, at its option and expense, either to procure for Purchaser the right to continue using the Products or to replace or modify the same so that they become noninfringing and functionally equivalent. If use of the Products is enjoined by a court and Contractor determines that none of these alternatives is reasonably available, Contractor, at its risk and expense, will take back the Products and provide Purchaser a refund equal to the entire amount Purchaser paid for provision of such Products.
- 34.3. Contractor has no liability for any claim of infringement arising solely from:
 - a) Contractor compliance with any designs, specifications or instructions of Purchaser;

-
- b) Modification of the Products by Purchaser or a third party without the prior knowledge and approval of Contractor; or
 - c) Use of the Products in a way not specified by Contractor;
- unless the claim arose against the Products independently of any of these specified actions.

35. Save Harmless

Contractor shall defend, indemnify, and save the County and Purchaser harmless from and against any claims, including reasonable attorneys' fees resulting from such claims, by third parties for any or all injuries to persons or damage to property of such third parties arising from intentional, reckless or negligent acts or omissions of Contractor, its officers, employees, or agents, or Subcontractors, their officers, employees, or agents. Contractor's obligation to defend, indemnify, and save the County and Purchaser harmless shall not be eliminated or reduced by any alleged concurrent the County or Purchaser negligence.

Contractor waives its immunity under Title 51 RCW (Industrial Insurance) to the extent required to indemnify, defend and hold harmless Purchaser, the County, the State and other agencies, officials, agents or employees of the state.

36. Insurance

- 36.1. Contractor shall, during the Term of this Contract, maintain in full force and effect, the insurance described in this section. In the event of cancellation, non-renewal, revocation or other termination of any insurance coverage required by this Contract, Contractor shall provide written notice of such to the County within one (1) Business Day of Contractor's receipt of such notice. Failure to buy and maintain the required insurance may, at the County's sole option, result in this Contract's termination.
- 36.2. The minimum acceptable limits shall be as indicated below, with no deductible for each of the following categories:

- 36.4. Purchasers may require additional coverage or terms as included in a Statement of Work.
- 36.5. Contractor shall pay premiums on all insurance policies. The County shall be named as an additional insured on all general liability and automobile liability policies, and Contractor shall provide a copy of the policy endorsement(s) designating the County as an additional named insured. Such policies shall also reference this Contract number 733391 and shall have a condition that they not be revoked by the insurer until forty-five (45) calendar days after notice of intended revocation thereof shall have been given to the County by the insurer.
- 36.6. All insurance provided by Contractor shall be primary as to any other insurance or self-insurance programs afforded to or maintained by the State and shall include a severability of interests (cross-liability) provision.
- 36.7. Contractor shall include all Subcontractors as insureds under all required insurance policies, or shall furnish separate certificates of insurance and endorsements for each Subcontractor. Subcontractor(s) shall comply fully with all insurance requirements stated herein. Failure of Subcontractor(s) to comply with insurance requirements does not limit Contractor's liability or responsibility.
- 36.8. Contractor shall furnish to the County copies of certificates and endorsements of all required insurance within thirty (30) calendar days of this Contract's Effective Date, and copies of renewal certificates and endorsements of all required insurance within thirty (30) calendar days after the renewal date. These certificates of insurance must expressly indicate compliance with each and every insurance requirement specified in this section. Failure to provide evidence of coverage may, at the County's sole option, result in this Contract's termination.
- 36.9. Contractor shall provide insurance certification to the Purchaser under a Statement of Work when requested. Failure to provide evidence of coverage may, at Purchaser's sole option, result in termination of the SOW.
- 36.10. By requiring insurance herein, the County does not represent that coverage and limits will be adequate to protect Contractor. Such coverage and limits shall not limit Contractor's liability under the indemnities and reimbursements granted to the County or any Purchaser in this Contract or any SOW.

37. Industrial Insurance Coverage

If Contractor has operations in the State, prior to performing work under this Contract, Contractor shall provide or purchase industrial insurance coverage for its employees, as may be required of an "employer" as defined in Title 51 RCW, and shall maintain full compliance with Title 51 RCW during the course of this Contract. The County or Purchaser will not be responsible for payment of industrial insurance premiums or for any other claim or benefit for Contractor, or any Subcontractor

or employee of Contractor that might arise under the industrial insurance laws during the performance of duties and services under this Contract.

38. Licensing Standards

Contractor shall comply with all applicable local, state, and federal licensing, accreditation and registration requirements and standards necessary in the performance of this Contract or any SOW. (See, for example, chapter 19.02 RCW for state licensing requirements and definitions.)

39. Antitrust Violations

Contractor and Purchaser recognize that, in actual economic practice, overcharges resulting from antitrust violations are usually borne by Purchaser. Therefore, Contractor hereby assigns to Purchaser any and all claims for such overcharges as to Products, SaaS Services, and Services purchased in connection with this Contract or any SOW, except as to overcharges not passed on to Purchaser, resulting from antitrust violations commencing after the date of the bid, quotation, or other event establishing the Price under this Contract or any SOW.

40. Compliance with Civil Rights Laws

During the performance of this Contract and any SOW, Contractor shall comply with all federal and applicable state nondiscrimination laws, including but not limited to: Title VII of the Civil Rights Act, 42 U.S.C. §12101 *et seq.*; the Americans with Disabilities Act (ADA); and Title 49.60 RCW, Washington Law Against Discrimination. In the event of Contractor's noncompliance or refusal to comply with any nondiscrimination law, regulation or policy, this Contract may be rescinded, canceled, or terminated in whole or in part under the **Termination for Default** sections, and Contractor may be declared ineligible for further contracts with the County.

41. Severability

If any term or condition of this Contract or the application thereof is held invalid, such invalidity shall not affect other terms, conditions, or applications which can be given effect without the invalid term, condition, or application; to this end the terms and conditions of this Contract are declared severable.

42. Waiver

Waiver of any breach of any term or condition of this Contract or any SOW shall not be deemed a waiver of any prior or subsequent breach. No term or condition of this Contract or any SOW shall be held to be waived, modified, or deleted except by a written instrument signed by the appropriate parties.

43. Treatment of Assets

- 43.1. Title to all property furnished by Purchaser shall remain in Purchaser. Title to all property furnished by Contractor, for which Contractor is entitled to reimbursement, other than rental payments, under this Contract or any SOW, shall pass to and vest in Purchaser pursuant to the **Ownership/Rights in Data** section. As used in this section **Treatment of Assets**, if the "property" is Contractor's proprietary, copyrighted, patented, or trademarked works, only the applicable license, not title, is passed to and vested in Purchaser.

-
- 43.2. Any Purchaser property furnished to Contractor shall, unless otherwise provided herein or approved by Purchaser, be used only for the performance of this Contract or any SOW.
 - 43.3. Contractor shall be responsible for any loss of or damage to property of Purchaser that results from Contractor's negligence or that results from Contractor's failure to maintain and administer that property in accordance with sound management practices.
 - 43.4. Upon loss or destruction of, or damage to any Purchaser property, Contractor shall notify Purchaser thereof and shall take all reasonable steps to protect that property from further damage.
 - 43.5. Contractor shall surrender to Purchaser all Purchaser property upon completion, termination, or cancellation of any Statement of Work.
 - 43.6. All reference to Contractor under this section shall also include Contractor's employees, agents, or Subcontractors.

44. Contractor's Proprietary Information

Contractor acknowledges that the County and Purchaser are subject to chapter 42.56 RCW and that this Contract and any SOW shall be a public record as defined in chapter 42.56 RCW. Any specific information that is claimed by Contractor to be Proprietary Information must be clearly identified as such by Contractor. To the extent consistent with chapter 42.56 RCW, the County and Purchaser shall maintain the confidentiality of all such information marked Proprietary Information in their possession. If a public disclosure request is made to view Contractor's Proprietary Information, the County or Purchaser, as applicable, will notify Contractor of the request and of the date that such records will be released to the requester unless Contractor obtains a court order from a court of competent jurisdiction enjoining that disclosure. If Contractor fails to obtain the court order enjoining disclosure, the County or Purchaser, as applicable, will release the requested information on the date specified.

Disputes and Remedies

45. Disputes

- 45.1. In the event a bona fide dispute concerning a question of fact arises between Contractor and Purchaser and it cannot otherwise be resolved between the parties or by Clark County, either party may initiate the dispute resolution procedure provided herein.
- 45.2. The initiating party shall reduce its description of the dispute to writing and deliver it to the responding party. The responding party shall respond in writing within ten (10) Business Days. The initiating party shall then have ten (10) Business Days to review the response. The parties shall then have ten (10) Business Days to negotiate in good faith to resolve the dispute.
 - a) If the dispute is not resolved by the parties during this negotiation period, either party may request a Dispute Resolution Panel to be convened by requesting it in writing and identifying the first panel member. Within ten (10) Business Days of receipt of the request, the other party will designate the second panel member. Those two panel members will appoint a third individual to the dispute resolution panel within the next ten (10) Business Days.

-
- b) The Dispute Resolution Panel will review the written descriptions of the dispute, gather additional information as needed, and render a decision on the dispute in the shortest practical time.
 - c) Each party shall bear the cost for its panel member and its attorneys' fees and share equally the cost of the third panel member.
- 45.3. Both parties agree to exercise good faith in dispute resolution and to settle disputes prior to using a Dispute Resolution Panel whenever possible. Unless irreparable harm will result, neither party shall commence litigation against the other before the Dispute Resolution Panel has been invoked and issued its decision on the matter in dispute.
- 45.4. Purchaser and Contractor agree that, the existence of a dispute notwithstanding, they will continue without delay to carry out all their respective responsibilities under this Contract that are not affected by the dispute.
- 45.5. If the subject of the dispute is the amount due and payable by Purchaser for Products, SaaS Services, or Services being provided by Contractor, Contractor shall continue providing SaaS Services and Services pending resolution of the dispute provided Purchaser pays Contractor the amount Purchaser, in good faith, believes is due and payable, and places in escrow the difference between such amount and the amount Contractor, in good faith, believes is due and payable.

46. Non-Exclusive Remedies

The remedies provided for in this Contract shall not be exclusive but are in addition to all other remedies available under law.

47. Failure to Perform

If Contractor fails to perform any substantial obligation under this Contract or any SOW, the County and/or Purchaser, as applicable, shall give Contractor written notice of such failure to perform. If after thirty (30) calendar days from the date of the written notice Contractor still has not performed, then the County or Purchaser may withhold all monies due and payable to Contractor, without penalty to the County or Purchaser, until such failure to perform is cured or otherwise resolved.

48. Limitation of Liability

48.1. EXCEPT AS SET FORTH IN SECTION 48.2:

- a) WITH RESPECT TO CONTRACTOR'S LIABILITY TO THE COUNTY OR PURCHASER, CONTRACTOR'S CUMULATIVE LIABILITY FOR ANY AND ALL CAUSES OF ACTION ARISING OUT OF OR RELATING TO THIS CONTRACT OR ANY SOW, WITH ALL TYPES OF DAMAGES ALLOWABLE, SHALL NOT EXCEED TWO (2) TIMES THE FEES PAID OR TO BE PAID UNDER THIS CONTRACT OR THE SOW, AS APPLICABLE (INCLUSIVE OF ALL AMENDMENTS, PROJECT AGREEMENTS, AND SUPPLEMENTS); AND
- b) WITH RESPECT TO PURCHASER'S LIABILITY TO CONTRACTOR, PURCHASER SHALL BE LIABLE TO CONTRACTOR ONLY FOR UNPAID AND UNDISPUTED INVOICES FOR PRODUCTS, SAAS SERVICES, AND SERVICES AND EXPENSES AND FEES (INCLUDING ANY INVOICES LATER DETERMINED TO BE VALID).

-
- 48.2. Notwithstanding anything contained herein to the contrary, the limitations on liability set forth in Section 48.1 shall not apply to: (a) claims arising as a result of personal injury, including death, caused by a party or its employees, agents and/or subcontractors; (b) claims arising as a result of damage to real property or tangible personal property (including loss of data) caused by a party or its employees, agents and/or subcontractors; (c) breaches of Confidential Information; (d) Contractor's failure to comply with its obligations under Audits & Review of Contractor's Records; Data Storage, Transmission and Archive; Patent and Copyright Indemnification, and Disputes; (e) any amounts owed by Contractor to the County as an Administration Fee, and (f) any negligence or willful misconduct on the part of Contractor.
- 48.3. If, at any time: (a) (i) the total aggregate liability of Contractor for claims asserted by the County or Purchaser under or in connection with this Contract or an SOW, as applicable, exceeds seventy percent (70%) of the limitation of liability amount set forth above; and (ii) Contractor does not agree in writing to increase such amount by the amount required to restore the full original value of the limitation of liability amount within thirty (30) days following its receipt of a written request that it do so; or (b) the total aggregate liability of Contractor equals or exceeds the limitation of liability amount, then the County or Purchaser shall have the respective right to terminate this Contract and the applicable Statement of Work (in whole or in part) by delivering a written notice of termination to Contractor. Any termination pursuant to this Section shall not constitute a termination under any other provision of this Contract or any SOW.
- 48.4. To the extent a party elects to cure any failure by it to comply with its obligations under this Contract or any SOW, all costs and expenses associated with such cure shall be borne solely by the curing party and shall in no event count toward satisfaction of the cap on damages described in Section 48.1.
- 48.5. Neither Contractor, the County nor Purchaser shall be liable for delays or failure to perform the Services or SaaS Services of this Contract due to causes beyond their reasonable control. Such delays include, but are not limited to, fire, explosion, flood or other natural catastrophe, governmental legislation, acts, orders, or regulation, strikes or labor difficulties, to the extent not occasioned by the fault or negligence of the delayed party. Any such excuse for delay shall last only as long as the event remains beyond the reasonable control of the delayed party. However, the delayed party shall use its best efforts to minimize the delays caused by any such event beyond its reasonable control. Where Contractor fails to use its best efforts to minimize such delays, the delays shall be included in the determination of the service level achievement. The delayed party must notify the other party promptly upon the occurrence of any such event, or performance by the delayed party will not be considered excused pursuant to this section, and inform the other party of its plans to resume performance. A force majeure event does not excuse Contractor from providing SaaS Services and fulfilling its responsibilities relating to the requirements of backup and recovery of Purchaser data. Configuration changes, other changes, viruses / malware, or other errors or omissions introduced, or permitted to be introduced, by Contractor that result in an outage or inability for Purchaser to use the SaaS Services shall not constitute a force majeure event.
- 48.6. If delays are caused by a Subcontractor without its fault or negligence, Contractor shall not be liable for damages for such delays, unless the Products to be delivered or Services and SaaS Services to be performed were obtainable on comparable terms

from other sources in sufficient time to permit Contractor to meet its required performance schedule.

- 48.7. Neither Contractor, Clark County nor Purchaser shall be liable for personal injury to another party or damage to another party's property except personal injury or damage to property proximately caused by such party's respective fault or negligence.

Contract Termination

49. Termination for Default

- 49.1. If Contractor violates any material term or condition of this Contract or any SOW, as applicable, or fails to fulfill in a timely and proper manner its material obligations under this Contract, or any SOW, as applicable, then Clark County or Purchaser shall give Contractor written notice of such failure or violation, and the failure or violation shall be corrected by Contractor within thirty (30) calendar days or as otherwise agreed. If such breach is not capable of cure within thirty (30) days, Contractor must commence cure within such thirty (30) day period and diligently pursue completion of such cure. If Contractor's failure or violation is not so corrected, this Contract may be terminated immediately by written notice from the County to Contractor, or a Statement of Work may be terminated by written notice to Contractor from Purchaser.
- 49.2. In the event of termination for default of an SOW by Purchaser, Purchaser shall have the right to procure the Products, SaaS Services and Services that are the subject of such agreements and Contractor shall be liable for: (i) the cost difference between the original price for the Products or Services paid to Contractor and the replacement costs of similar Products and Services acquired from another vendor; (ii) if applicable, all administrative costs directly related to the replacement of a Statement of Work (such as costs of competitive bidding, mailing, advertising, applicable fees, charges or penalties, staff time costs); and, (iii) any other direct costs to Purchaser resulting from Contractor's breach. Purchaser shall have the right to deduct from any monies due to Contractor, or that thereafter become due, an amount for damages that Contractor will owe Purchaser for Contractor's default.
- 49.3. If either the County or Purchaser violates any material term or condition of this Contract or any SOW, as applicable, or fails to fulfill in a timely and proper manner its obligations under this Contract or an SOW, as applicable, then Contractor shall give the County or Purchaser, as appropriate, written notice of such failure, which shall be corrected by the County or Purchaser within thirty (30) calendar days, or as otherwise agreed. If such failure to perform is not so corrected, Purchaser's Statement of Work may be terminated by written notice from Contractor to Purchaser or, if appropriate, this Contract may be terminated by written notice from Contractor to the County.
- 49.4. If the failure to perform is without Contractor's control, fault, or negligence, the termination shall be deemed to be a **Termination for Convenience**.
- 49.5. This section shall not apply to any failure(s) to perform that results from the willful, reckless or negligent acts or omissions of the aggrieved party.

50. Termination for Convenience

- 50.1. When, at the sole discretion of the County, it is in the best interest of the County, the County may terminate this Contract, in whole or in part, not until 1 year after Effective date by fourteen (14) calendar days written notice to Contractor.

-
- 50.2. Purchaser may terminate a Statement of Work upon fourteen (14) calendar days written notice to Contractor. If an SOW is so terminated, Purchasers are liable only for payments for Products, SaaS Services, and Services received and accepted by Purchaser prior to the effective date of termination.

51. Termination for Withdrawal of Authority

In the event that the County's or Purchaser's authority to perform any of its duties is withdrawn, reduced, or limited in any way after the commencement of this Contract or any SOW and prior to normal completion, the County may terminate this Contract, or Purchaser may terminate its Statement(s) of Work, by seven (7) calendar days written notice to Contractor. No penalty shall accrue to the County or Purchaser in the event this section is exercised. This section shall not be construed to permit Clark County to terminate this Contract, or Purchaser to terminate any SOW, in order to acquire similar Products, SaaS Services, or Services from a third party.

52. Termination for Non-Allocation of Funds

If funds are not allocated to the County to continue this Contract, or to Purchaser to continue any SOW, in any future period, the County may terminate this Contract, or Purchaser may terminate any SOW by thirty (30) calendar days written notice to Contractor, or work with Contractor to arrive at a mutually acceptable resolution of the situation. The County or Purchaser will not be obligated to pay any further charges for SaaS Services or Services including the net remainder of agreed to consecutive periodic payments remaining unpaid beyond the end of the then-current period(s). The County or Purchaser agrees to notify Contractor in writing of such non-allocation at the earliest possible time. No penalty shall accrue to the County or Purchaser in the event this section is exercised. This section shall not be construed to permit the County to terminate this Contract, or Purchaser to terminate any SOW, in order to acquire similar Products, SaaS Services, or Services from a third party.

53. Termination for Conflict of Interest

Clark County may terminate this Contract, or Purchaser may terminate any SOW, by written notice to Contractor if the County or Purchaser determines, after due notice and examination, that any party has violated chapter 42.52 RCW, *Ethics in Public Service*, or any other laws regarding ethics in public acquisitions and procurement and performance of contracts. In the event this Contract or any SOW is so terminated, Clark County or Purchaser, as applicable, shall be entitled to pursue the same remedies against Contractor as it could pursue in the event Contractor breaches this Contract or any SOW, as applicable.

54. Termination Procedure

- 54.1. In addition to the procedures set forth below, if Purchaser terminates a Statement of Work, Contractor shall follow any procedures Purchaser specifies in Purchaser's Notice of Termination.
- 54.2. In the event of termination of any SOW, within ninety (90) days of the effective date of such termination, all electronic County data must be returned to Purchaser in a suitable standard format and deleted from Contractor's systems in compliance with procedures established by the National Institute of Standards and Technology. This will also include the removal of backup data from tapes if the retention period is too long for aging to occur naturally.

Contractor will assist Purchaser in the extraction and return of all of County's electronic data to ensure no data is inadvertently deleted.

Within the same time period, Contractor shall, at Purchaser's option: (i) certify to Purchaser that Contractor has the County destroyed all other County data disclosed to it; or (ii) return all other data to Purchaser.

- 54.3. Upon termination of this Contract or any SOW, the County or Purchaser, in addition to any other rights provided in this Contract and applicable SOW, may require Contractor to deliver to Purchaser any property specifically produced or acquired for the performance of such part of this Contract or Statement of Work as has been terminated. The section titled **Treatment of Assets** shall apply in such property transfer.
- 54.4. Unless otherwise provided herein, Purchaser shall pay to Contractor the agreed-upon Price, if separately stated, for the Products, SaaS Services, or Services received by Purchaser, provided that in no event shall Purchaser pay to Contractor an amount greater than Contractor would have been entitled to if this Contract or SOW had not been terminated. Failure to agree on such determination shall be a dispute within the meaning of the section of this Contract entitled **Disputes**. Purchaser may withhold from any amounts due Contractor such sum as Purchaser determines to be necessary to protect Purchaser from potential loss or liability.
- 54.5. Contractor shall pay any amounts due Purchaser as the result of termination within thirty (30) calendar days of notice of the amounts due. If Contractor fails to make timely payment, Purchaser may charge interest on the amounts due at one percent (1%) per month until paid in full.

55. Transition and Transition Period

Upon an expiration or a complete or partial termination of an SOW for SaaS Services for any reason, Purchaser shall have the right, at its option, for up to thirty six (36) months (the "Transition Period") following the effective date of the termination, to all or any combination of the following: (a) continue to receive from Contractor all SaaS Services (at the applicable rates under the SOW); (b) if Purchaser will be transitioning to a new system or software solution (irrespective of whether any SaaS Services have been terminated), receive from Contractor all services reasonably necessary to effectuate an orderly transition to such new solution, including providing assistance in transferring data files to an industry-standard format designated by Purchaser; and (c) obtain from Contractor the transfer of knowledge. All SaaS Services or other Services provided by Contractor during the Transition Period shall be provided at the SaaS Services, Services rates, or other applicable rates set forth in Schedule A.

56. Covenant Against Contingent Fees

- 56.1. Contractor warrants that no person or selling agency has been employed or retained to solicit or secure this Contract or any SOW upon any agreement or understanding for a commission, percentage, brokerage, or contingent fee, *except* bona fide employees or a bona fide established commercial or selling agency of Contractor.
- 56.2. In the event Contractor breaches this section, the County shall have the right to annul this Contract without liability to Clark County, and Purchaser shall have the right to either annul any SOW without liability to Purchaser or, in Purchaser's discretion, deduct from payments due to Contractor, or otherwise recover from Contractor, the full amount of such commission, percentage, brokerage, or contingent fee.
