

PR

CLARK COUNTY

RFP #782

RAILROAD BRIDGE and RAIL ENGINEERING SERVICES

QUESTIONS and ANSWERS

UPDATED: AUGUST 20, 2020

	QUESTION	ANSWER
1.	Would the County consider accepting electronic submittals (PDFs no larger than 10 MB) as our marketing department has been working remotely since March and doesn't have convenient access to a production copier?	Please plan on making arrangements to submit documents as described in the RFP.
2.	Would the County provide the existing railroad roadbed evaluation for the Railroad Roadbed Rehabilitation project referenced in Section IB, 1, Projects 3?	The existing railroad roadbed evaluation will be provided during the next stage of the consultant selection process, prior to the interviews.
3.	In the RFP, the County mentions they are responsible for topographic and boundary surveys. Does this include surveying during construction?	Yes, Clark County will provide all surveying for the project.
