## ZOOM Meeting

### Tips and tricks

1. **Your name.** Type in your full name when you enter the ZOOM meeting. Since we do not all know each other yet, this will help us facilitate discussion.
2. **Tools.** Most of the tools you need will appear when you move your cursor to the bottom of the screen.
3. **Audio/video.** Once the ZOOM meeting starts, **please mute yourself** unless you are speaking to the group. This helps keep background noise to a minimum. Please silence your cell phone unless using it for the meeting. If you have a webcam, please use it! As we rely on these virtual avenues of communication, being able to see one another helps us feel connected.
4. **Questions.** The “raise hand” function is useful if you have a question. You can find this tool by clicking on the Participant icon.
5. **Chat.** The Chat function is open! Please use it to share information, but raising your hand (real or virtual) or speaking up is preferred to get the attention of the facilitator.

*To discuss any special accommodations for meeting attendance and participation, please contact Steve Faust (503) 946-9365 x207 or [steve.faust@3j-consulting.com](mailto:steve.faust@3j-consulting.com).*
