

Clark County Public Works

Bid Inquiry Log

Last Update: March 17, 2021

Responses will be posted on the project's "Bid Inquiry Log", which will be updated twice daily, at noon and 6:00 PM. The Bid Inquiry log will display all questions and answers to the questions that have accumulated by the posting time. Questions too late to be answered as of that posting will remain unanswered. The questions and answers posted on the Bid Inquiry Log at that time will be considered part of the contract and ranked as an Addendum with respect to order of precedence under Section 1-04.2 of the Standard Specification.

Project CRP #:	391522/ PRJ0000374
Title:	2020 Preservation Guardrail Improvements
Engineer In Charge:	Michael Tracy

Date: March 5, 2021

Question #1: Is there a start and end date in mind for this project?

Are there any union requirement's for this project?

Reference:

Answer: Refer to section 1-08.5 of the special provisions, there are 42 working days allowed to reach physical completion.

There are not specific union requirements, but this is a prevailing wage job.

Date: March 11, 2021

Question #2: Regarding Bid Items 17 & 18. It appears the location of the work associated with both of these items is supposed to be at site #5. The plans do not show item 18 at all and the quantities for item 17 don't appear to match with what is listed in the plans. Please clarify exactly what is required at that location.

Reference: Sheet 10 Project plans

Answer: See forthcoming addendum.

Date: March 16, 2021

Question #3: Regarding Site 5. It appears this is where the Type 21 Transition should go but that item is not listed in the quantity table. Additionally it is unclear as to exactly what will be installed at the Concrete Barrier. The notes mention strong post system but that is the area where it appears the Type 21 Transition should be installed. Please provide more detail for this location.

Reference: Sheet 10 Project plans

Answer: **See forthcoming addendum.**
