9:04am Called to Order – Jerry Kolke

Time	Action Item
9:05am	MOTION BY: Lee Wells SECOND BY: Bill Zimmerman
	MOTION: Motion to adopt August 2, 2021 minutes as submitted
	DISCUSSION:
	IN FAVOR: Unanimous OPPOSED: None ABSTAINED: None

2) Update from Weed Coordinator – Justin Collell

- a) Field Inspection had a good year with most weeds controlled, albeit some on the later side – it appears fines have helped to encourage landowners to control their weeds
- b) No fines
- c) Still having some issue trying to contact some agencies:
 - a. US Forest Service and Weyerhaeuser have Policeman’s Helmet at the extreme edge of Clark County
 - b. BPA has a large infestation of Milk Thistle at the Ross Complex – they controlled it late in the season and some had gone to seed
- d) Clark County pulled 3,383 pounds of Tansy Ragwort from roadsides in thirty working days – Staff did not have help from Larch Corrections and little help from District Court Corrections – this is less than we have pulled in the past but respectable due to staff levels

3) Proposed State Noxious Weed List Changes – Justin Collell

- a) Three class B weeds added to state list:
 - i) Hanging sedge
 - ii) Rough chervil
 - iii) Wild basil
- b) The state is not upgrading Common Tansy from a class C to class B – the weed board will decide if they want to keep it designated or not

4) Items from Board (None) – Jerry Kolke
