

Our Mission

Clark County will assist all people with developmental disabilities to achieve full, active and productive lives.

Our vision

People with Intellectual and Developmental Disabilities (IDD) are fully participating community members. This will occur in a community where each person is recognized for their gifts and contributions, where all are seen, and differences related to race, ethnicity, gender, orientation, age, ability, history, religion and/or nationality are honored and celebrated as a strength of the community.
