Process Overview

DESCRIPTION

This Request for Applications (RFA) solicits program proposals from non-profit agencies that will work within the framework of the Clark County Homeless Crisis Response System (HCRS) between July 2025 and June 2027 to provide services for people living in Clark County who are at risk or experiencing homelessness. \$5.3 million in annual funding is projected to be available per year from state and local funding sources that are designated to address homelessness, which include but are not limited to: System Demonstration Grant (SDG) funds, Emergency Housing Funds (EHF), and local Document Recording Fees (DRF). Actual funding amounts available in contracts may change during the contract period, depending on actual state allocations and funding to local jurisdictions, and local collection of Document Recording Fees. Selected programs should anticipate entering in a two-year contract for services with the County, with the County having the option to extend the contract for a third year.

Proposed Programs must directly support the goals outlined in the [Clark County Homeless Action Plan \(HAP\)](#) and the [State of Washington Homeless Housing Strategic Plan](#) by providing services that provide shelter and secure permanent housing for households who are unsheltered or in temporary housing; or maintain housing and prevent homelessness for persons at risk of homelessness. All funded programs will be required to work together in an integrated and mutually supporting continuum of care. All programs must follow Washington State Department of Commerce SDG guidelines.

The following program types and approximate funding available per year for each are listed below.

1. **Rapid Re-housing (RRH) - ~~\$675,500~~ \$540,400**
2. **Permanent Supporting Housing (PSH) - ~~\$1,107,633~~ \$886,106**
3. **Street Outreach - ~~\$1,030,132~~ \$824,105**
4. **Homelessness Prevention (EPRAP) - ~~\$2,021,405~~ \$1,394,148**
5. **Temporary Housing Interventions (Emergency Shelter, Transitional Housing) - ~~\$400,367~~ \$321,764**
6. **Core Supports (SOAR) - ~~\$65,000~~ \$52,000**

RFA PROCESS

There are multiple steps for the complete RFA process. Applicants are responsible for completing each step by the designated due date.

Notice of Funding Availability

When funding becomes available, Clark County announces the opportunity to apply through a News Release to all local media and posts information to the county's social media platforms. Staff also notifies all interested stakeholders by email. To be added to the stakeholders list, contact Kayla Williams: kayla-renee.williams@clark.wa.gov.

Application Access

Applications are completed through Bonfire, an online grant management system. Applicants can start the application process at: <https://clarkcountywa.bonfirehub.com/portal/?tab=openOpportunities>.

Additional program information can be found on our website at <https://clark.wa.gov/community-services/applications>.

Pre-application

The pre-application is used by county staff to determine preliminary eligibility of the agency and the project(s). Responses to the pre-application may trigger additional information requests before the applicant is able to move on to the full application. Passing the pre-application and moving to the full application does not guarantee project or agency eligibility to be selected for funding. The pre-application is mandatory and is due via email to kayla-renee.williams@clark.wa.gov by November 1, 2024, at 11:30PM PST.

Full Application

The remaining sections comprise the full application and include requests for detailed project information, timeline for project accomplishments and proposed budget. The full application is due by January 3, 2025, at 11:30PM PST in bonfire.

Staff Review and Technical Corrections

Staff may request technical corrections before applications are released to the scoring committee. Applicants will receive notification via email if corrections are needed.

Application Presentation

Applicants will provide a brief proposal presentation to the Community Action Advisory Board (CAAB) at their March or April meetings. Presentations should focus on the specific program application, not the agency. Staff will email applicants additional information in February.

Scoring and Awards

The CAAB is responsible for reviewing and scoring all applications and recommending funding awards. The pre-application sections are only reviewed by the CAAB scoring committee if the full application is deemed eligible by county staff. There are no points awarded for the pre-application. Each application can earn up to 100 points. Each question in the full application indicates how many points can be awarded based on the quality of the response. Most points are awarded by the CAAB scoring committee. A few objective questions with set criteria are scored by county staff.

Funding recommendations are made by the CAAB at their May meeting. Applicants are encouraged to attend. Staff will send an email notification to all applicants with the results of the funding recommendations and next steps. Funding recommendations are then sent to the county council for approval.

ELIGIBLE APPLICANTS

Qualifying nonprofit organizations under IRS Section 501(c)(3) may apply for funds. Private individuals and for-profit entities are not eligible for funding awards.

Applicants must meet the following requirements:

- Participate in E-Verify.
- Demonstrate fiscal capacity for a cost reimbursement contract.

CONTRACT PERFORMANCE

Services provided because of this RFA will take place within Clark County and serve persons living in Clark County.

Fair Housing/Non-discrimination

Fair Housing is the right of all people to be free from discrimination in the rental, sale or financing of housing. Equal access to rental housing and homeownership opportunities, regardless of race, color, religion, national origin, sex, familial status (the presence of children under 18) or disability, is the cornerstone of federal Fair Housing Policy. Local cities and counties that receive certain federal housing or community development funds have a role in affirmatively affirming Fair Housing.

Projects awarded federal funds are required to ensure that all persons are served equitably and that a person is not denied services because of their race, creed, color, religion, national origin, sex, familial status, or mental or physical ability. The State of Washington carries additional protections for persons experiencing discrimination based on a person's marital status, age, sexual orientation, gender identity, disability and the use of a trained dog guide or service animal, and honorably discharged veteran or military status. Applicants must be prepared to establish, amend, or maintain program admissions, occupancy, and operating policies and procedures (including policies and procedures to protect individuals' privacy and security), so that equal access is provided to individuals based on any of the above listed protected classes.

Insurance

Agencies that are awarded funds shall obtain insurance coverage that meets Clark County standards. Each contract will be reviewed by Risk Assessment to identify the full insurance requirement needs. At minimum, agencies will need:

- Commercial General Liability. Contractor shall maintain \$1,000,000 per occurrence and \$2,000,000 annual aggregate limits in annually renewing occurrence-based Commercial General Liability (CGL) insurance coverage. A "claims-made" policy is not acceptable. In no event shall the deductible exceed \$10,000. Contractor agrees that its CGL policy is primary and non-contributory and waives its right of subrogation.
- Automobile Liability. If vehicles are to be used in the performance of work under this Contract, Contractor shall provide the County with proof of \$1,000,000 combined single limit for bodily injury and property damage in annually renewing occurrence-based Automobile Liability insurance coverage for all owned and non-owned vehicles. If vehicles are not used, the Contractor shall provide the County with a written declaration on company letterhead stating that no vehicles will be used in the performance of the Contract. Contractor agrees that its Automobile Liability policy is primary and non-contributory and waives its right of subrogation.
- Workers' Compensation. Contractor shall maintain Workers' Compensation insurance coverage in compliance with the Revised Code of Washington (RCW) Title 51 or provide evidence that State law does not require such coverage.
- Professional Liability. Contractor shall maintain Professional Liability insurance coverage with minimum limits of \$1,000,000 for any one (1) incident. At all times, Contractor's policy, limits, and coverage will be primary and non-contributory to any coverage maintained by Clark County.
- Sexual Molestation. Contractor shall maintain Sexual Molestation Liability insurance coverage with a minimum limit of \$1,000,000 per occurrence/aggregate. At all times, Contractor's policy, limits, and coverage will be primary and non-contributory to any coverage maintained by Clark County.

Additional Insurance Requirements:

- Clark County, its officers, employees, and agents, shall be named on the Commercial General Liability and Automobile Liability policies of Contractor and any subcontractors as an Additional Insured with no restrictions or limitations concerning products and completed operations. Coverage shall be primary and noncontributory to any coverage maintained by Clark County. The contractor shall provide Clark County with verification of insurance and endorsements required by this Contract. Clark County reserves the right to require complete, certified copies of all required insurance policies at any time.

- All insurance shall be obtained from an insurance company authorized to do business in the State of Washington. Insurance certificates shall list Clark County as a Certificate Holder as follows: Clark County Washington Community Services, Attn: Contracts Unit, PO Box 5000, Vancouver, WA 98666-5000.

Example: Outreach, Prevention, and Rapid Rehousing.

.02 Provide your agency and proposed program name. Ensure to include the program name for each program proposed.

- Any programs not listed in the mandatory pre-application will not be considered for award.

- Proposed name should be clear and identify the type of assistance being applied for. *Example: Agency Name Rapid Rehousing.*

.03 What amount of funds do you anticipate applying for through this RFA? Include the amounts broken out by program proposed.

- This should include the amount of funds for each program listed in the previous questions. *Example: Outreach \$100,000. Prevention \$200,000. Rapid Rehousing \$300,000.*

These questions are not scored by the committee.

Responses to these questions determine whether an administrative review needs to be conducted for your agency. Staff may contact you for additional information if you are a newer agency or if you have any pending lawsuits or disciplinary action by a state or federal agency.

Submit this portion of the application via email to kayla-renee.williams@clark.wa.gov for County review.
