Amy Arnold	Welcome to the Parks Advisory Board meeting. When you join the meeting, please mute yourself. If you have any questions or comments, you may unmute yourself to speak. Thank you!
Amy Arnold	It is not working Jessica. Can you all hear us in the room?
Jessica Barksdale	I'm sorry but my video seems to be off. I'll keep working on it as we move forward.
Amy Arnold	No worries.
Amy Arnold	Folks online please introduce yourselves.
Kelsey Huwaldt	I'm Kelsey Huwaldt and here on behalf of Clark Communities Bicycle and Pedestrian Access Committee!
Jessica Barksdale	But isn't the basic issue the road? Regardless of the cost or how nice he is? It is nice to have nice neighbors!
Denielle Cowley	It's a culvert.
Jessica Barksdale	Is it wacky to consider things like GoFundMe and Kickstarter for parks? It's done in the art world all the time for public programs. I know schools use it for programs such as physical education and art. It's not a permanent fix, but it might help specific parks. Yes, it is smaller. But things just sound dire... Thanks
Kevin Tyler	Gotta run, take care all
Jessica Barksdale	Great meeting. Very interesting. Thank you.
Amy Arnold	Thank you!
