

## CLARK COUNTY

### RFP #926

#### DECORATOR SERVICES FOR THE CLARK COUNTY EVENT CENTER AND CLARK COUNTY FAIR

#### QUESTIONS and ANSWERS

UPDATED: JUNE 11, 2025

	QUESTION	ANSWER
1.	Once the Fair opens on Friday it is not typical of the decorator to be onsite for the entire hours of the Fair each day. Do you think you want standby onsite added to the contract or just opening the Fair each day for four hours good enough? Always will have an emergency number to call when nobody is on grounds.	Established hours on site each morning with an emergency contact during other hours would suffice. Please state the hourly standby rate and/or total cost in your proposal.
2.	Under the Prevailing Wage section I don't believe any of the work in the scope of this proposal is applicable as defined in the definition. Could you let me know if any of the work in this project is identified as public works and requires us to meet prevailing wage requirements?	The Prevailing Wage section of the RFP is standard to all RFPs and is not applicable to any of the work being performed under the scope of this project.
