9. Insurance/Bond

**A. Waiver of Subrogation**

All insurance coverage maintained or procured pursuant to this agreement shall be endorsed to waive subrogation against County, its elected or appointed officers, agents, officials, employees and volunteers or shall specifically allow Contractor or others providing insurance evidence in compliance with these specifications to waive their right of subrogation prior to a loss. Contractor hereby waives its own right of subrogation against County and shall require similar written express waivers and insurance clauses from each of its subcontractors.

**B. Proof of Insurance**

Proof of Insurance shall be provided prior to the starting of the contract performance. Proof will be on an ACORD Certificate(s) of Liability Insurance, which the Proposer shall provide to Clark County. Each certificate will show the coverage, deductible and policy period. Policies shall be endorsed to state that coverage will not be suspended, voided, canceled or reduced without a 30-day written notice by mail to the County. It is the Proposer's responsibility to provide evidence of continuing coverage during the overlap periods of the policy and the contract.

**C. Worker's Compensation**

As required by the industrial insurance laws of the State of Washington.

**D. Automobile**

If the Proposer or its employees use motor vehicles in conducting activities under this Contract, liability insurance covering bodily injury and property damage shall be provided by the Proposer through a commercial automobile insurance policy. The policy shall cover all owned and non-owned vehicles. Such insurance shall have minimum limits of \$1,000,000 per occurrence, combined single limit for bodily injury liability and property damage liability with a \$1,000,000 annual aggregate limit. If the Proposer does not use motor vehicles in conducting activities under this Contract, then written confirmation to that effect on Proposer letterhead shall be submitted by the Proposer.

**E. Commercial General Liability (CGL) Insurance**

Written under ISO Form CG0001 or its latest equivalent with minimum limits of \$2,000,000 per occurrence and in the aggregate for each one-year policy period. Personal and Advertising Injury \$1,000,000 and General Aggregate \$2,000,000. This policy must renew annually. This coverage may be any combination of primary, umbrella or excess liability coverage affording total liability limits of not less than \$1,000,000 per occurrence and in the aggregate. However, if other policies are added they must be a follow-form policy in language, renewal date, and have no more exclusions than the underlying coverage. Products and Completed Operations coverage shall be provided for a period of three years following Substantial Completion of the Work. The deductible will not be more than \$50,000 unless prior arrangements are made with Clark County on a case-by-case basis; the criterion is the Contractor's liquidity and ability to pay from its own resources regardless of coverage status due to cancellation, reservation of rights, or other no-coverage-enforce reason. Coverage shall not contain any endorsement(s) excluding nor limiting Product/Completed Operations, Contractual Liability or Cross Liability. Clark County needs to be listed as additional insured.

**F. Professional Liability (aka Errors and Omissions)**

The Proposer shall obtain, at Proposer's expense, and keep in force during the term of this contract Professional Liability insurance policy to protect against legal liability arising out of contract activity. Such insurance shall provide a minimum of \$1,000,000 per occurrence. The deductible will not be more than \$25,000 unless prior arrangements are made with Clark County on a case-by-case basis; the criterion is the Proposer's liquidity and ability to pay from its own resources. It should be an "Occurrence Form" policy. If the policy is "Claims Made", then Extended Reporting Period Coverage (Tail coverage) shall be purchased for three (3) years after the end of the contract.

8	Activate the park. Draw in groups that can have a real presence and make it more active. Community garden space is a good example. Basketball courts or pickleball for regular league play. Try to also look around at what active parks look like. Don't just lean on consultants who sell equipment. You can do this!	7/12/2025 3:44 PM

35	A teen exercise area ( ie rock wall, mega slide)	6/17/2025 8:19 AM
36	None of the above. The park has plenty of shade- covered area would make it feel too dark and enclosed. Too woodsy for a spray area.	6/16/2025 10:10 PM
37	Hammock area, swings, tire swing, tether ball	6/16/2025 9:45 PM

41	pickle ball courts	6/16/2025 1:26 PM
42	I'd prefer it not be run over with trendy sports like pickle ball courts or disc golf. I prefer simplicity and perhaps having tall swings would be nice, such as the older swing structure at york elementary. Current play structures are too small as they're designed primarily for ages 2-6 as opposed to something fully age inclusive, having more higher and skilled structured better suited for older kids and adult kids at heart.	6/16/2025 11:30 AM

5	Sometimes when i go it feels unsafe at times, with homeless people camping nearby and some disorderly conduct, drug use and visually unappealing collections of items/trash. I want to respect the homeless and those struggling with addiction and for them to be treated with compassion and love, but at the same time, as a mother of young children, I will not utilize a park where there is disorderly conduct that makes me feel unsafe because my children are so vulnerable.	7/27/2025 10:42 PM

153	Safety. I have seen open drug use in the park and picked up and disposed of drug paraphernalia.	6/24/2025 1:14 PM
154	As with many wooded parks. Some people experiencing homelessness make the wooded areas their home. While this is not a problem in itself, the damage done to the environment, the risk of exposing children to substances, and ruining the "vibes" makes it hard to enjoy the space. Since an encounter my wife and I had a few years ago we have not been back.	6/24/2025 9:11 AM

161	No security, gang activity	6/20/2025 11:55 AM
162	Orchards Park i think is a great mix of manicured play area and wilderness within the city. An unmonitored water area could have so many problems. Including more mosquitos. New restrooms I feel would have to take away areas that already in use. Disc golf would definitely destroy the natural beauty and bring an unwanted element to the park. As i do not have kids i do not spend a lot of time at the kids' section so limited experience	6/20/2025 9:54 AM

167	The back woods always have needles and broken glass. I worry about safety	6/18/2025 6:34 PM
168	We currently hold our 20-40 person LARP at this park and we have been met with a lot of adversity with our prior park from disc golfers. I would not like to have to try and find a new park if that becomes a problem at orchards too. We love this park and do not want to move.	6/18/2025 6:08 PM
169	I feel disc golf will make the park unusable for some groups that already meet here. I am concerned that putting in disc golf will also impact the already very limited parking	6/18/2025 5:10 PM
170	Clearly marked areas of no treading for encouraged growth of the endangered Trillium flowers, that are also not mowed for said growth.	6/18/2025 3:58 PM
171	I am concerned about the placement of a disc golf course. Depending on where it ends up being located, it could interfere with the various members of the community who currently use the park, or result in the removal of the variety of flora that make Orchards Community Park such a relaxing and inviting space.	6/18/2025 3:12 PM
172	The main concern I have is if disc golf goes into the park, the safety of the members that use the park weekly and the regular community. Stray disc flying into the main fields and general population areas.	6/18/2025 2:38 PM

## Q5 What changes would you like to see at the park?

5	While I would love to see a disc golf course, my biggest desire for the park is for disorderly conduct, including drug use and encampments to be cleaned up. While these people deserve compassion, the reality is that when it happens at the park, it feels like it is denying our most vulnerable (children) the right to use these public spaces. Obviously children are not barred from using them, but i know many parents who won't take their kids to that park because it feels unsafe . In effect when the city/county turns a blind eye to it it feels like they are making a choice to prioritize the comfort of those creating disorderly conduct over the wellbeing of kids. Frankly, the county and city could put in a bazillion new cool amenities to the park, but if there still is disorderly conduct and drug use, I'm not going to frequent the park, even though it is very close to me.	7/27/2025 10:42 PM

162	I think with the trees surrounding the site, a woodland or local animal theme would be cool. I think there is a lot of creativity that can be done with poured in place rubber and synthetic turf regarding color use. We could install something green and blue for land and water, and let the kids imaginations go free. We put the designs for birds and other other large objects in, but kids dont really see that the way we do. Think of the carpet mats that are used with toy cars for an example of the picture i am trying to paint. We dont have anything along those lines around here as far as i know. I feel like more of a woodland/rustic feel would be fun. I would suggest against the natural wood climbing structures.
