

Demolition Application

A demolition permit is required to demolish any structure that a building permit was required to construct. Structures that were exempt from required building permits do not require a demolition permit. Each structure to be removed requires a separate permit. For example, a house and detached garage on the same property will require two separate demolition permits.

Demolition permits are Quick Permits – issued same day, unless there are environmental issues on-site.

Apply online: permits.clark.wa.gov

Apply in person: Permit Center, 1300 Franklin Street, first floor, Vancouver, WA 98660

Applicant information Please print clearly.
