Hello Bo,

Thank you for the advance written notification of peak operations at Livingston Mountain between Monday September 16<sup>th</sup> through Friday September 20<sup>th</sup> 2019. During this timeframe J.L. Storedahl & Sons, Inc. is hereby authorized 70 additional loaded trips per day, in addition to the permitted 70 daily loaded trips, not to exceed a total of 140 loaded trips per day. Please provide copies of the daily truck trip counts to Michael Boyer, our surface mining compliance coordinator, in accordance with the terms of the contract.

As you are aware Clark County's community development department is monitoring and reporting Livingston Mountain quarries surface mining operations to ensure compliance with our Contract and the related Conditional Use Permits. As a courtesy and in the interest of transparency for Livingston Mountain area residents I am also copying the neighborhood group Friends of Livingston Mountain with this peak trip approval.

Thank you,

Mitch Nickolds, CBO
