Good morning all,  
I'm providing notice of peak operations at Livingston next week for the days of Monday, September 9 through Friday, September 13. This request is for an additional 70 possible loads for a maximum total of 140.  
Enjoy your weekend!

Bo

Hello Bo,

Thank you for the notification of peak operations at Livingston Mountain between September 10th through September 13th 2019. Please provide copies of daily truck trip counts - to my attention - in accordance with the terms of the contract. I believe Michael Boyer verbally notified you of this approval for peak trips for this timeframe however we want to ensure it is memorialized in writing.

Please note that I have copied the public works director and Michael Boyer - our surface mining compliance coordinator- in my reply. Clark County's community development department is monitoring and reporting Livingston Mountain quarries surface mining operations to ensure compliance with our Contract and the related Conditional Use Permits.

Thank you,

Mitch Nickolds, CBO  
Community Development - Director  
Clark County, Washington
