PROPOSAL

The County Council will consider a proposal to reverse the zoning designations for sixty-one (61) public school-owned properties. The properties are located throughout unincorporated Clark County and are proposed to revert from the current Public Facility (PF) designation back to their previous zoning designations, such as single-family residential or rural. A comprehensive plan designation will be applied to each property that is consistent with the proposed zoning. Also proposed are amendments to Clark County's Title 40 Development Code to align with these changes.

Additional project information and an interactive map showing properties in the proposal can be accessed at:

CLARK COUNTY WASHINGTON

COMMUNITY PLANNING

Staff Report

TO: Clark County Planning Commission
FROM: Oliver Orjiako, Director *OR*
PREPARED BY: Jenna Kay, Planner II
DATE: July 18, 2019
SUBJECT: CPZ2019-00010 COMPREHENSIVE GROWTH MANAGEMENT PLAN AND MAP, AND CLARK COUNTY UNIFIED DEVELOPMENT CODE (TITLE 40) - PUBLIC FACILITY AMENDMENTS

PROPOSED ACTION

This is a proposal to amend the comprehensive plan and zoning designations for 61 public school-owned properties from Public Facility (PF). All properties are proposed to revert back to their previous comprehensive plan and zoning designations in place immediately prior to the adoption of the 2016 Clark County Comprehensive Growth Management Plan 2015-2035. In addition, this action would amend Chapters 40.210, 40.220, 40.230, and 40.250 Clark County Code (CCC) to remove school public facilities-related text.

BACKGROUND

The Comprehensive Growth Management Plan 2015-2035 was adopted on June 28, 2016. A new Public Facilities (PF) zone and a new CCC 40.230.090 – Public Facilities District was adopted as part of the Comprehensive Plan Update. Prior to the 2016 Comprehensive Plan Update, there was a comprehensive plan designation of Public Facilities, but no corresponding Public Facilities zone. The purpose of creating the Public Facilities zone was to create consistency in the comprehensive plan and zoning designations, and to recognize already developed public facilities.

CCC 40.230.090 does not include a stand-alone set of development regulations for the PF zone. Instead, the code states that “New uses and additions to uses on property that is already zoned Public Facilities shall conform to the standards of the zone applied to that property immediately prior to development.”

On February 1, 2018, the Clark County School Districts submitted a letter requesting that the county amend CCC 40.230.090 to include development standards for public facilities. The letter also noted that if the county is not going to adopt regulations that implement the PF zone, the Clark County School Districts would like the properties they own returned to the zone designation prior to the adoption of the PF zone. In this way, it addresses questions about what standards apply and removes the need, in the future, to track down what the “current zone prior to development” is. A copy of this letter is included as Exhibit D.

Community Planning has reviewed the Clark County School Districts’ request. It was determined that due to the complicated nature of adding development standards in CCC 40.230.090 for the wide range of public facilities contained in the code, such as jails, administrative buildings, schools and transit stations that an amendment of this nature would not be feasible.

This proposal has three actions: (1) amend the comprehensive plan map, (2) amend the zoning map, and (3) amend Chapters 40.210, 40.220, 40.230, and 40.250 CCC. This amendment would

impact 61 properties (approximately 682.6 acres) currently designated Public Facilities (PF). The proposal will impact six school districts: Battle Ground, Evergreen, Hockinson, La Center, Ridgefield, and Vancouver.

Exhibit A provides a summary table of the proposed code changes, Exhibit B the proposed code amendments, Exhibit C a spreadsheet and maps showing the location of the properties that will be impacted as part of this docket item, and Exhibit D a copy of the docket request letter from the school districts.

GENERAL INFORMATION:

- Parcel Numbers:** There are 61 properties in this proposal. A list of all parcel numbers is provided in Exhibit C.
- Location:** The properties are spread throughout unincorporated Clark County. Exhibit C includes the address and/or legal description of each parcel and maps showing location.
- Area:** Approximately 682.6 acres
- Owner(s):** Battle Ground School District #119
Evergreen School District #114
Hockinson School District #98
La Center School District #101
Ridgefield School District #122
Vancouver School District #37
- Existing land use:** The existing comprehensive plan designation for each property is public facility (PF) and the existing zoning district is public facility (PF).
- Proposed land use:** Exhibit C shows the proposed comprehensive plan land use designation and zoning for each property. Combined, 449.99 acres will change to urban low density residential (UL), 185.05 acres will change to rural (R5), 25.77 acres will change to rural center (RC), 16.44 acres will change to urban medium density residential (UM), and 5.35 acres will change to parks and open space (P/OS).

SUMMARY OF PUBLIC INVOLVEMENT PROCESS

A Notice of Determination of Non-Significance and SEPA Environmental Checklist was published in the Columbian newspaper on May 22, 2019. Sixty-day notice notification was sent to the Department of Commerce on June 11, 2019, under RCW 36.70A.106. A public hearing legal notice was published for the Planning Commission hearing on July 18, 2019. A hearing notice was mailed to property owners within 300 feet of an urban school property in the proposal or 500 feet of a rural school property in the proposal. The staff report, map, and additional project information is posted on the following links: <https://www.clark.wa.gov/community-planning/cpz2019-00010> and <https://www.clark.wa.gov/community-planning/planning-commission-hearings-and-meeting-notes>.

One comment was received as of the writing of this report from the Nisqually Indian Tribe. The letter explains the tribe does not have concerns with the proposal at this time.

APPLICABLE CRITERIA, EVALUATION AND FINDINGS

CRITERIA FOR ALL MAP CHANGES

- A. The proponent shall demonstrate that the proposed amendment is consistent with the Growth Management Act (GMA) and requirements, the countywide planning policies, the Community Framework Plan, Comprehensive Plan, City Comprehensive Plans, Applicable Capital Facilities Plans, and official population growth forecasts. [CCC 40.560.010(G)(1)].**

Growth Management Act (GMA)

The GMA goals set the general direction for the county in adopting its framework plan and comprehensive plan policies. The GMA lists thirteen overall goals in RCW 36.70A.020 plus the shoreline goal added in RCW 36.70A.480(1). The goals are not listed in order of priority. The GMA goals that apply to the proposed action are:

Goal 12: Public facilities and services. Ensure that those public facilities and services necessary to support development shall be adequate to serve the development at the time the development is available for occupancy and use without decreasing current service levels below locally established minimum standards.

Finding: GMA defines schools as public facilities and public services. The proposed map and code changes are in response to implementation challenges with the current PF zoning and development regulations which state “new uses and additions to uses shall conform to the standards of the current zone prior to development.” This proposal would remove the PF zoning from school properties and apply the zoning in place prior to the PF designation. By reversing the zoning designation to zones with development standards, the proposal will address the confusion and implementation challenge of tracking down the “current zone prior to development.” By addressing the PF zoning challenges for school districts, the proposal will be in alignment with supporting school capital facility development as it is needed, in alignment with Goal 12.

Community Framework Plan

The Community Framework Plan (Framework Plan) provides guidance to local jurisdictions on regional land use and service issues. The Framework Plan encourages growth in centers, urban and rural, with each center separate and distinct from the others. The centers are oriented and developed around neighborhoods to allow residents to easily move through and to feel comfortable within areas that create a distinct sense of place and community. Community Framework Plan policies applicable to this proposal include the following:

6.1.3 Establish standards for location of public facilities and services in urban growth areas, urban reserve areas and rural areas.

Finding: As already noted above, this proposal would make development standards more clear for school development projects by rezoning properties to zones with established development standards, in alignment with policy 6.1.3.

Countywide Planning Policies (CWPP)

The GMA, under RCW 36.70A.210, requires counties and cities to collaboratively develop Countywide Planning Policies (CWPP) to govern the development of comprehensive plans. The WAC 365-196-305(1) defines “the primary purpose of CWPP is to ensure consistency between comprehensive plans of counties and cities sharing a common border or related regional issues. Another purpose of the CWPP is to facilitate the transformation of local governance in the urban

growth areas, typically through annexation to or incorporation of a city, so that urban governmental services are primarily provided by cities and rural and regional services are provided by counties.” The most relevant CWPP applicable to this proposal are as follows:

- 10.1.5 Work cooperatively with school districts to facilitate permitting of new facilities and modernization of older facilities through clear regulations, effective on-site and off-site improvements, team approaches and shared information regarding county processes. [2016 Plan, p. 238].
- 10.1.6 Encourage jurisdictions to cooperate in planning and permitting school facilities through land use policies and regulations that minimize the financial burden associated with developing school facilities. [2016 Plan, p. 238].

Finding: This proposal will make development regulations more clear for school capital facility projects compared to what they are now. This proposal is in response to multiple requests from the school districts to address their concerns with the PF zone not having stand-alone development regulations. By addressing a regulation challenge and working with the school districts to address their concern, this proposal would be in alignment with CWPP 10.1.5 and 10.1.6.

Comprehensive Growth Management Plan 2015-2035 (2016 Plan)

The 20-Year Comprehensive Growth Management Plan contains many policies that guide urban form and efficient land use patterns. The most relevant goals and policies applicable to this application are as follows:

- Goal: Adopt policies and implementing regulations that expedite the review and approval of school facilities to reduce costs without compromising the opportunity for public participation [2016 Plan, 240].

Finding: By changing the zone of school-owned properties, this proposal will address implementation barriers to developing school capital facilities under the PF zone, and is consistent with the above-noted county goal.

Conclusion: Based on the above findings, the proposal meets criterion A.

B. The proponent shall demonstrate that the designation is in conformance with the appropriate locational criteria identified in the plan and the purpose statement of the zoning district. [CCC 40.560.010(G)(2) and CCC 40.560.020(G)]

The proposal includes properties being re-zoned to the following land use designations and zoning districts:

Urban Low Density Residential (UL)

- “This designation provides for predominantly single-family residential development with densities of between five and ten units per gross acre. Minimum densities will assure that new development will occur in a manner which maximizes the efficiency of public services. New development shall provide for connection to public sewer and water. Duplex and attached single-family homes through infill provisions or approval of a Planned Unit Development may be allowed in this designation if certain conditions are met. The base zones which implement this 20-Year Plan designation are the R1-20, R1-10, R1-7.5, R1-6 and R1-5 zones. The zones may be applied in a manner that provides for densities slightly higher than existing urban

development, but the density increase should continue to protect the character of the existing area.” [2016 Plan, p. 33].

- CCC 40.220.010 Single Family Residential Districts (R1-20, R1-10, R1-7.5, R1-6, and R1-5) states: 1) the R1-20, R1-10 and R1-7.5 districts are intended to: a. recognize, maintain and protect established low-density residential areas, b. establish higher densities where a full range of community services and facilities are present or will be present at the time of development, and c. provide for additional related uses such as schools, parks and utility uses necessary to serve immediate residential areas and 2) the R1-6 and R1-5 districts are intended to provide for higher single and duplex densities where a full range of community services and facilities are present or will be present at the time of development.

Urban Medium Density Residential

- “This designation provides land for single family attached housing, garden apartment and multi-family developments ranging from 10 to 22 dwelling units per gross acre. Minimum densities assure that areas build out to the density planned, ensuring that the urban areas accommodate anticipated residential needs. Areas planned for urban medium residential use and assisted living facilities shall be located near commercial uses and transportation facilities in order to efficiently provide these services. Public facilities and institutions are allowed under certain conditions. The implementing base zones in this designation are the R-12, R-18 and R-22 zones.” [2016 Plan, p. 33].
- CCC 40.220.020 Residential and Office Residential Districts (R, OR) states that the residential (R-12, R-18, R-22, R-30 and R-43) districts are intended to provide for medium and higher density residential development based upon consistency with the comprehensive plan and compatibility with surrounding land uses. The following factors will be considered in the application of one (1) of these districts to a particular site: a. properties designated urban medium density residential on the comprehensive plan should not exceed a density of R-22; and b. proximity to major streets and the available capacity of these streets, adequacy of public water and sewer, vehicular and pedestrian traffic circulation in the area, proximity to commercial services and proximity to public open space and recreation opportunities. Development within these districts will be reviewed to ensure compatibility with adjacent uses including such considerations as privacy, noise, lighting and design.

Parks/Open Space (P/OS)

- “These areas provide visual and psychological relief from man-made development in the urban area. Open space also provides opportunities for recreational activity and environmental preservation, maintenance and enhancement. Open space may include, but is not limited to development parks, trails and greenways, special areas, public and private recreational facilities, critical lands and public gathering spaces. It is implemented with a Public/Open Space (P/OS) and Parks/Wildlife Refuge (PWL) base zones.” [2016 Plan, p. 35].

Rural Lands

- “The Rural (R) designation is intended to provide lands for residential living in the rural area. Natural resource activities such as farming and forestry are allowed and encouraged to occur as small scale activities in conjunction with the residential uses in the area. These areas are subject to normal and accepted forestry and farming practices. The Rural 5, 10 and 20 base zones implement this designation. A Rural 10 designation are applied within the rural area to prevent premature subdivision of future urban areas where the lands are adjacent to designated Urban Reserves, the predominant size are equal or greater than 10 acres, act as a buffer to Natural Resource lands and protects environmentally critical areas consistent with applicable county ordinance and related regulations. This allows for efficient urban development when land is added to the urban growth areas. Rural 20 map designation applies to rural areas where the lands act as a buffer to Natural Resource designated lands, are used

for small scale forest or farm production and contain significant environmentally constrained areas as defined by applicable county code and related regulations.” [2016 Plan, p. 36].

- CCC 40.210.020 Rural Districts (R-20, R-10, R-5) states that the rural districts are intended to provide lands for residential living in the rural area. Natural resource activities such as farming and forestry are allowed and encouraged in conjunction with the residential uses in the area. These areas are subject to normal and accepted forestry and farming practices.

Rural Center

- “The rural center residential zones are to provide lands for residential living in the Rural Centers at densities consistent with the comprehensive plan. These districts are only permitted in the designated Rural Centers and are implemented with the RC-1 and RC-2.5 base zones.” [2016 Plan, p. 36].
- CCC 40.21.030 Rural Center Residential Districts (RC-2.5, RC-1) states that the rural center residential zones are to provide lands for residential living in the rural centers at densities consistent with the comprehensive plan. These districts are only permitted in the designated rural centers. Natural resource activities such as farming and forestry are allowed to occur as small-scale activities in conjunction with the residential uses in the area. These are subject to normal and accepted forestry and farming practices.

Finding: Properties proposed for urban low density residential designation are consistent with the provision of CCC 40.220.010 that states single family residential districts “provide for additional related uses such as schools...” and consistent with providing public facilities and services to low density residential districts.

Finding: Properties proposed for urban medium density residential designation are consistent with the designation description that “ensuring that the urban areas accommodate anticipated residential needs” and “Public facilities and institutions are allowed under certain conditions.” School properties are consistent with providing public facilities and services to urban medium density residential areas.

Finding: The one property proposed for parks/open space designation has split comprehensive plan designation of parks/open space and urban low density residential and split zoning of parks/wildlife refuge and single family residential. The parks/open space portion of the site is a community park and sports fields. The parks/open space designation is consistent with the purpose of the designation and zoning district by providing recreation, environmental preservation, and a public gathering space.

Finding: Properties proposed for rural designation are consistent with the designation description and CCC 40.210.020 by providing public facilities and services to support rural areas.

Finding: Properties proposed for rural center designation are consistent with providing public facilities and services to support residential living in and near rural centers.

Conclusion: Based on the above findings, the proposal meets criterion B.

C. The map amendment or site is suitable for the proposed designation and there is a lack of appropriately designated alternative sites within the vicinity. [CCC 40.560.010(G)(3)].

Finding: The properties in this proposal are suitable for the proposed designations, as the zoning is reversing back to what it was in early 2016, and the residential and rural designations allow schools as a permitted or conditional use.

Conclusion: Based on the above finding, the proposal meets criterion C.

- D. The plan map amendment either; (a) responds to a substantial change in conditions applicable to the area within which the subject property lies; (b) better implements applicable comprehensive plan policies than the current map designation; or (c) corrects an obvious mapping error. [CCC 40.560.010(G)(4)].**

Finding: The proposed map amendments will make school capital facility projects simpler to implement, by matching map designations with the more clear and straightforward development regulations for schools, consistent with criterion D(b).

Conclusion: Based on the above finding, the proposal meets criterion D.

- E. Where applicable, the proponent shall demonstrate that the full range of urban public facilities and services can be adequately provided in an efficient and timely manner to serve the proposed designation. Such services may include water, sewage, storm drainage, transportation, fire protection and schools. Adequacy of services applies only to the specific change site. [CCC 40.560.010(G)(5)].**

Finding: As school-owned properties, many of the parcels in the proposal include developed school facilities, which are considered a public facility and service. For the properties in this proposal in an urban area, the same urban services will be available after this designation change as were available before the 2016 comprehensive plan designation changes. A full range of urban public facilities and services do not apply to the rural properties in the proposal.

Conclusion: Based on the above finding, the proposal meets criterion E.

RECOMMENDATION AND CONCLUSIONS

Based on the information and the findings presented in this report, staff recommends that the Planning Commission forward a recommendation of **APPROVAL** to Clark County Council. The following table lists the applicable criterion and summarizes the findings of the staff report for CPZ2019-00010. The Planning Commission findings will be added to the table after public deliberation at the Planning Commission hearing scheduled for this application.

Item	Page Number(s) with Proposed Text Changes	Clark County Code Section with Proposed Text Changes	Summary of Proposed Change	Rationale for Proposed Change
1	61-62	40.230.090 Public Facilities District (PF)	Remove reference to schools from the text and use table for public facilities districts	A public facilities zone was created through Ord. 2016-06-12. School owned properties were designated with public facility zoning at this time and Clark County Code 40.230.090 Public Facilities District (PF) was added to Title 40. The school districts have requested public facility zoning on school-owned properties be reversed to the designation prior to the change to public facility. The text changes proposed in CCC 40.230.090 Public Facilities District (PF) would remove references to schools in the public facilities district code section.

This footnote will no longer be applicable to schools if the zoning and comprehensive plan designations are changed to something other than public facility. 2) Depending on where the footnote was applied in the use table, if a footnote needs to be removed from a whole section and some individual uses in that section still need the footnote, then those specific uses will have the footnote added in line.

1 **40.210 RESOURCE AND RURAL DISTRICTS**

2 **40.210.010 Forest, Agriculture and Agricultural-Wildlife Districts (FR-80, FR-40, AG-20, AG-WL)**

3 A. Purpose.

4 1. Forest 80 District. The purpose of the Forest 80 district is to maintain and enhance resource-based
5 industries, encourage the conservation of productive forest lands and discourage incompatible uses consistent
6 with the Forest I policies of the comprehensive plan. The Forest 80 district applies to lands which have been
7 designated as Forest Tier 1 on the comprehensive plan. Nothing in this chapter shall be construed in a manner
8 inconsistent with the Washington Forest Practices Act.

9 2. Forest 40 District. The purpose of the Forest 40 district is to encourage the conservation of lands which
10 have the physical characteristics that are capable of management for the long-term production of commercially
11 significant forest products and other natural resources, such as minerals.

12 3. Agriculture 20 District. The purpose of the Agriculture 20 district is to encourage the conservation of lands
13 which have the growing capacity, productivity, soil composition, and surrounding land use to have long-term
14 commercial significance for agriculture and associated resource production.

15 4. Agricultural-Wildlife. The purpose of the AG-WL district is to encourage the preservation of agricultural
16 and wildlife use on land which is suited for agricultural production, and to protect agricultural areas that are
17 highly valuable seasonal wildlife habitat from incompatible uses. The district provides for activities which can be
18 considered accessory only to agricultural, game, or wildlife habitat management, or recreational uses. Nothing in
19 this chapter shall be construed to restrict normal agricultural practices.

21 B. Uses.

22 The uses set out in Table 40.210.010-1 are examples of uses allowable in the various resource zone districts. The
23 appropriate review authority is mandatory.

- 24 • “P” – Uses allowed subject to approval of applicable permits.
- 25 • “R/A” – Uses permitted upon review and approval as set forth in Section 40.520.020.
- 26 • “C” – Conditional uses which may be permitted subject to the approval of a conditional use permit as set forth in
27 Section 40.520.030.
- 28 • “X” – Uses specifically prohibited.

29 Where there are special use standards or restrictions for a listed use, the applicable code section(s) in Chapter 40.260,
30 Special Uses and Standards, or other applicable chapter is noted in the “Special Standards” column.

6 **40.210.030 Rural Center Residential Districts (RC-2.5, RC-1)**

7 A. Purpose.

8 The rural center residential zones are to provide lands for residential living in the rural centers at densities
9 consistent with the comprehensive plan. These districts are only permitted in the designated rural centers. Natural
10 resource activities such as farming and forestry are allowed to occur as small-scale activities in conjunction with the
11 residential uses in the area. These areas are subject to normal and accepted forestry and farming practices.

12 (Amended: Ord. 2018-01-09)

13 B. Location Criteria.

14 These zoning districts are only permitted within the designated rural centers adopted as part of the Clark County
15 comprehensive plan in areas with a comprehensive plan designation of rural center residential.

16 (Amended: Ord. 2018-01-09)

17 C. Uses.

¹ An accessory dwelling unit may be allowed on any multifamily zoned lot developed with an existing single-family dwelling, except as noted in Section 40.260.020. Type I site plan review is required.

² Only in single-family residences.

³ See Table 40.260.250-1.

⁴ Once a property has been developed as a public facility, a docket is required to change the comprehensive plan designation from the current zone to the Public Facilities zone.

40.230 COMMERCIAL, BUSINESS, MIXED USE AND INDUSTRIAL DISTRICTS

40.230.010 Commercial Districts (NC, CC, GC)

A. Purpose.

1. Neighborhood Commercial (NC) District. These commercial areas of limited size are intended to provide for the convenience shopping needs of the immediate neighborhood. This district is permitted under the neighborhood commercial and mixed use comprehensive plan designations.
2. Community Commercial (CC) District. These commercial areas are intended to provide for the regular shopping and service needs for several adjacent neighborhoods. This district is only permitted in areas designated as community commercial or mixed use on the comprehensive plan.
3. General Commercial (GC) District. These commercial areas provide a full range of goods and services necessary to serve large areas of the county and the traveling public. This district is limited to the general commercial comprehensive plan designation.

(Amended: Ord. 2008-12-15)

1 B. Definitions.

2 For the purposes of this section, the following definitions shall apply:

3 1. Streets. In commercial zones, the definition of “street” shall be limited to public rights-of-way.

4 C. Uses.

5 The uses set out in Table 40.230.010-1 are examples of uses allowable in the various zone districts. The
6 appropriate review authority is mandatory.

7 • “P” – Uses allowed subject to approval of applicable permits.

8 • “R/A” – Uses permitted upon review and approval as set forth in Section 40.520.020.

9 • “C” – Conditional uses which may be permitted subject to the approval of a conditional use permit as set forth in
10 Section 40.520.030.

11 • “X” – Uses specifically prohibited.

12 Where there are special use standards or restrictions for a listed use, the applicable code section(s) in Chapter 40.260,
13 Special Uses and Standards, or other applicable chapter is noted in the “Special Standards” column.

¹ All new development is subject to the Mixed Use Design Standards per Section 40.230.020(F).

² Provided that single-family detached account for no more than thirty percent (30%) of the total dwelling units on the development site.

³ For purposes of density calculations, accessory dwelling units shall qualify as a dwelling unit.

⁴ Provided they account for no more than fifty percent (50%) of the total dwelling units on the development site including the open space.

⁵ Development site ten (10) acres or greater.

⁶ Development site twenty (20) acres or greater.

⁷ Finished product retailers with primary fabrication or assembly on-site with an entirely enclosed building.

⁸ Drive-through, drive-in or drive-up facilities are an allowed use for branch banks only.

8 **40.230.085 Employment Districts (IL, IH, IR, BP, IL-RILB)**

9 A. Purpose. The purpose of this section is to provide for a wide range of noncommercial economic development
 10 and employment opportunities that limit residential, institutional, commercial, office and other nonindustrial uses to
 11 those necessary for the convenience and support of such development and opportunities.

12 (Amended: Ord. 2016-04-03; Ord. 2018-01-09)

13 B. Applicability. The regulations in this section shall be applicable in the following zoning districts:

14 1. Industrial (I) Districts.

15 a. Light Industrial District (IL). The light industrial district is intended to provide for those less-intensive
 16 industrial uses which produce little noise, odor and pollution. It also provides for resource-based uses and
 17 service uses that are deemed compatible with light industrial uses.

18 b. Business Park (BP) District. The Business Park district provides for the development of uses including
 19 limited light manufacturing and wholesale trade, light warehousing, business and professional services,
 20 research, business, and corporate offices, and other similar compatible or supporting enterprises not oriented
 21 to the general public.

22 c. Railroad Industrial District (IR). The railroad industrial district is intended to provide for those
 23 industrial uses that are most suited for and can take advantage of locations along the county's rail line.

1 d. Light Industrial – Rural Industrial Land Bank (IL-RILB) Overlay. The light industrial – rural
2 industrial land bank district overlay (IL-RILB) is applied in conjunction with the IL base zone. This overlay
3 is intended to provide for industrial and manufacturing businesses which provide a variety of employment
4 uses which produce little noise, odor and pollution. Development standards are intended to promote
5 sustainable development by minimizing environmental impacts, protecting natural resources, reducing
6 waste, promoting compatibility with the surrounding land uses, avoiding urban growth in areas designated
7 for long-term rural or resource-based activity, and creating long-term value for both the community and the
8 industrial users.

9 2. Heavy Industrial District (IH). The heavy industrial district is intended to preserve, enhance and create
10 areas containing industrial and manufacturing activities which are potentially incompatible with most other uses.

11 (Amended: Ord. 2016-04-03; Ord. 2018-01-09)

12 C. Uses. The uses set out in Table 40.230.085-1 are examples of uses allowable in the Industrial and Business Park
13 zoning districts.

14 “P” – Uses allowed subject to approval of applicable permits.

15 “C” – Conditional uses which may be permitted, subject to the approval of a conditional use permit as set forth in
16 Section 40.520.030.

17 “X” – Uses specifically prohibited.

18 The list of uses is based on the 2012 North American Industrial Classification System (NAICS),
19 <http://www.naics.com/search.htm>. NAICS is organized in a hierarchical structure as follows:

- 20 • Sector (two (2) digit);
- 21 • Subsector (three (3) digit);
- 22 • Industry groups (four (4) digit); and
- 23 • Industry (five (5) digit).

24 In Table 40.230.085-1, each line is intended to include all lower divisions within it. If a specific industry group or
25 industry is separately called out on its own line in the table under a subsector, it is to be separately regulated, but all
26 other industry groups or industry under a subsector not listed will be regulated the same as the subsector. Where no
27 industry group or industry is separately called out, the use category is intended to apply generally to uses within the
28 subsector.

29 The use categories apply to the industry sector of the user and are not intended to be applied individually to floor areas
30 within each use category.

¹ These uses shall be limited to a maximum of ten percent (10%) of the gross floor area of all buildings within the development site. These uses are intended to serve and support the needs of employees, clients, customers, vendors, and others having business at the industrial site, to allow limited retail sales of products manufactured on site, to attract and retain a quality workforce, and to further other public objectives such as trip reduction.

² Permitted only in association with a permitted use.

³ The repair and maintenance subsector does not include all establishments that do repair and maintenance. For example, a substantial amount of repair is done by establishments that also manufacture machinery, equipment and other goods. These establishments are included in Sector 31-33 Manufacturing Uses. Repair of transportation equipment is often provided by or based at transportation facilities, such as airports and seaports, and these activities are included in Sector 48-49 Transportation and Warehousing. Excluded from this subsector are establishments primarily engaged in rebuilding or remanufacturing machinery and equipment. These are classified in Sector 31-33, Manufacturing Uses. Also excluded are retail establishments that provide after-sale services and repair. These are classified in Sector 44-45, Retail trade.

6 **40.250 OVERLAY DISTRICTS**

7 **40.250.110 Urban Holding Overlay (UH-10, UH-20)**

8 A. Purpose.

9 The urban holding overlay is used to protect areas from premature land division and development that would
10 preclude efficient transition to urban development or large-scale industrial development.

11 1. The Urban Holding-10 overlay (UH-10) may be applied to protect certain lands identified within urban
12 growth areas from premature development when public policy establishes urbanization criteria such as requiring
13 annexation prior to development. The Urban Holding-10 district is also appropriate where public facilities are
14 inadequate to support development under the urban zoning designation.

15 2. The Urban Holding-20 overlay (UH-20) has the same purpose as UH-10 except that the area is intended to
16 be developed for industrial or office type nonresidential uses and retention in larger lots will ensure the site is
17 adequate in size to accommodate large industrial or office developments.

18 (Amended: Ord. 2018-01-09)

19 B. Uses.

20 The uses set out in Table 40.250.110-1 are examples of uses allowable in various areas under the urban holding
21 overlay. The appropriate review authority is mandatory.

22 • “P” – Permitted uses.

23 • “R/A” – Uses permitted upon review and approval as set forth in Section 40.520.020.

24 • “C” – Conditional uses which may be permitted subject to the approval of a conditional use permit as set
25 forth in Section 40.520.030 and the additional conditional use criteria herein:

26 1. Permanent structures or facilities shall be designed and located to provide for the orderly extension of
27 public roads, water and sewer to the site and surrounding properties.

28 2. All urban road, drainage and other urban development requirements shall apply to ensure that future
29 urban development will occur in an orderly manner.

30 3. The property owner shall submit with the conditional use application a signed agreement(s) between
31 the property owner and the service provider(s) that obliges the property owner to connect to public sewer
32 and water when each becomes available within three hundred (300) feet of the site. The agreements must be
33 consistent with Section 40.370.010.

34 • “X” – Uses specifically prohibited.

35 Where there are special use standards or restrictions for a listed use, the applicable code
36 section(s) in Chapter 40.260, Special Uses and Standards, or other applicable chapter is noted in
37 the “Special Standards” column.

Council Chair Boldt and Planning Commission Chair Morasch,

I'm attaching a letter I submitted on behalf of the nine Clark County School Districts regarding the Public Facility Zone and am asking the County to include amendments to the Unified Development Code for the PF zone in the 2018 Community Planning Work Program.

As described in the letter, and as Chair Morasch pointed out at the Planning Commission hearing on the Public Facility Zoning amendments a few months ago, the PF zone does not have adequate regulations that address the development of public facilities. The existing PF regulations are confusing and difficult to implement, which is one reason the Clark County PUD requested to have all their properties rezoned to the zoning that was in place prior to adoption of the PF zone. Instead of having a zone with a regulation that says "new uses and additions to uses **shall conform to the standards of the current zone prior to development**" there should be PF standards that are specific to the development of public facilities in the PF zone.

As the representative for Clark County School Districts, I supported the PF zoning, with the understanding there would be work done to create implementing development regulations. When the concept of adopting a PF zone was presented to nine districts by County staff at a meeting I facilitated, the districts were told the County would adopt implementing regulations and those regulations would make the development of schools easier and more predictable. That promise has not yet been fulfilled. It would be easier and more predictable to develop schools in the PF zone, or so we were lead to believe, because there would be one set of development standards instead of different standards that were based on commercial, residential, industrial or resource zones. The existing language does not reflect what the districts were told and does not make it easier and more predictable to develop schools.

Recently I met with Oliver Orjiako and Laurie Lebowsky to discuss the PF zone and the next step of adopting PF development regulations. I referred them to the City of Ridgefield that has a PF zone and regulations that are specific to public facilities. In 2012 the City of Ridgefield amended its development code and, among other things, included regulations that applied to schools in the PF zone. I worked on those regulations on behalf of the Ridgefield School District and understand they have been working well. Shortly after my meeting with Oliver and Laurie I was told if the Districts wanted regulations to implement the PF zoning I needed to send a letter to the County Council.

I'm sending this email to ask you to considering including development code amendments that are necessary to implement the PF zone in the 2018 Community Planning Work Plan. I'm happy to provide input and support that work on behalf of school districts. If the County is not going to adopt regulations that implement the PF zone, the Clark County School Districts would like the properties they own that were rezoned with the understanding that there would

be implementing regulations rezoned to the zone that applied prior to adoption of the PF zone. That eliminates questions about what standards apply and removes the need, many years from now, to figure out what the “current zone prior to development” is.

In conclusion, there is no value or benefit to a PF zone without implementing development regulations. From the school districts perspective, having the PF zone without implementing regulations creates confusion and challenges that didn't exist before. We support the PF zone if there are implementing regulations, but absent that would like the properties rezoned.

Thank you considering this request. We look forward to working with the County to address the school districts' concerns.

Kind regards,

Marnie Allen

Re: Request to Prepare Development Code Regulations for Public Facility (PF) Zone

Dear Oliver:

This letter is being submitted on behalf of the Battle Ground, Camas, Green Mountain, Hockinson, La Center, Ridgefield, Vancouver and Washougal School Districts (Clark County School Districts).

The School Districts agree with the comments and suggestions the Planning Commission made regarding the adoption of development regulations that implement the PF Zone. On behalf of the Clark County School Districts, I am respectfully requesting that the County include preparation of the PF development regulations in the 2018 biannual code amendments. As I have previously mentioned, the City of Ridgefield has adopted PF development regulations that might be a good place to start. I also would be happy to review and assist with regulations that address public schools.

If you have questions or would like additional information, please contact me. Thank you!

Sincerely,

Marnie Allen

Please be advised we have received a U.S. Mailed flyer calling attention to the above referenced July 18, 2019 Public Hearing. The mailing states that zoning designations for sixty-one (61) public school-owned properties, have been requested to revert back to their previous zoning designations, such as single-family residential or rural.

By this email communication, we are requesting a list of the sixty-one properties therein affected. Your help and assistance will be greatly appreciated.

Thank you. I was concerned the zoning changes would allow the school district to build residential structures such as Townhomes & Condos on their vacant/unused lands.

Hello Trevor,

Thank you for your message regarding the Public Facility Zoning Amendment. I am sorry to hear that you did not receive the mailer sooner. Our standard practice is to send hearing mailers out 15-days prior to the hearing, but it sounds like the timing didn't work out that well for you between our mailing schedule and your travel schedule.

This project is at the request of the school districts in Clark County. The proposal is to reverse the zoning that was put on all public school owned properties in 2016, and change the zoning back to what it was before that change. In 2016, the county changed the zoning on school and other public facility properties to a new zoning designation of Public Facility (PF). This change was intended to provide some consistency on county land use maps and to better identify public facilities. However, the PF designation has posed some challenges for public facility properties that are undergoing development, such as schools, because the PF zone does not have stand-alone development standards. Instead, the county code points to the previous zoning designation of a property for the development standards. Given the challenge of tracking previous zoning, the school districts requested either for a change to county code to create public facility development standards, or to change the zoning of school properties back to what it was prior to the 2016 change, in order to have clear development standards. After consideration of this request, county staff recommended reversing the zoning on school properties.

A copy of the staff report is available at the following link and provides a more detailed description of the project, proposal, evaluation criteria, etc:

<https://www.clark.wa.gov/sites/default/files/dept/files/community-planning/Staff%20Report%20CPZ2019-00010%20PF%20Zoning%20with%20Exhibits.pdf>.

The Planning Commission voted to recommend to the County Council to approve the proposed

zoning changes. If you would like to watch the hearing on this topic, it is available here:
https://www.cvtv.org/vid_link/28781.

The County Council is scheduled to have its hearing, consider the Planning Commission's recommendation, and take action on this topic on September 3, 2019 at 6:00pm in the Public Service Center 6th floor hearing room, 1300 Franklin St, Vancouver. A notice on this next hearing will be sent to your mailing address at least 15-days prior to the meeting.

NOTICE OF DETERMINATION OF NON SIGNIFICANCE (DNS)

NOTICE IS HEREBY GIVEN that the following proposal has been determined to have no probable significant adverse impact on the environment, and that an environmental impact statement is not required under RCW 43.21C.030(2)(c). Written comments on the following proposal, or DNS, may be submitted to the Responsible Official by **June 19, 2019**.

DESCRIPTION:

CPZ2019-00010 School Public Facility Zoning Amendments

The proposal under consideration would 1) repeal the Public Facility (PF) designation on the comprehensive plan and zoning maps for 61 public school-owned properties; 2) establish the previous zoning designations in place immediately before the adoption of the 2016 Clark County Comprehensive Growth Management Plan; 3) apply a comprehensive plan designation consistent with the proposed zoning; 4) amend Clark County Code 40.230.090 Public Facilities to remove schools; and, 5) amend several use tables in Clark County Code 40.210.010 through 40.250.110 to remove public facility-related footnotes on school uses.

ACTION REQUESTED: It is requested the Clark County Council amend the Clark County comprehensive plan map, zoning map, and Unified Development Code (Title 40) per the proposed changes.

(564) 397- 4112

4. Date checklist prepared:

May 15, 2019

5. Agency requesting checklist:

Clark County, WA

6. Proposed timing or schedule (including phasing, if applicable):

A Planning Commission hearing is scheduled for July 18, 2019. A County Council hearing is expected to be scheduled for fall 2019. Ordinance adoption and effective date is anticipated for early 2020.

7. Do you have any plans for future additions, expansion, or further activity related to or connected with this proposal? If yes, explain.

No, this is a non-project action.

8. List any environmental information you know about that has been prepared, or will be prepared, directly related to this proposal.

None, this is a non-project action.

9. Do you know whether applications are pending for governmental approvals of other proposals directly affecting the property covered by your proposal? If yes, explain.

None known.

10. List any government approvals or permits that will be needed for your proposal, if known.

The Clark County Council will need to adopt the proposal in order to update the county comprehensive plan map, zoning map, and development code.

11. Give brief, complete description of your proposal, including the proposed uses and the size of the project and site. There are several questions later in this checklist that ask you to describe certain aspects of your proposal. You do not need to repeat those answers on this page. (Lead agencies may modify this form to include additional specific information on project description.)

This SEPA review is for a non-project action. The proposal under consideration would 1) repeal the Public Facility (PF) designation on the comprehensive plan and zoning maps for public school-owned properties, 2) establish the previous zoning designations, 3) update comprehensive plan designations, and 4) revise development code for consistency with the map changes.

The proposed changes would:

- Affect 61 public school-owned properties.
- Zone properties with the same classification they had immediately before the adoption of the 2016 Comprehensive Growth Management Plan when they were reclassified as PF.
- Apply a comprehensive plan designation consistent with the proposed zoning.
- Amend CCC 40.230.090 Public Facilities to remove schools.
- Amend several use tables in CCC 40.210-010 through 40.250.110 to remove public facility-related footnotes on school uses.

12. Location of the proposal. Give sufficient information for a person to understand the precise location of your proposed project, including a street address, if any, and section, township, and range, if known. If a proposal would occur over a range of area, provide the range or boundaries of the site(s). Provide a legal description, site plan, vicinity map, and topographic map, if reasonably available. While you should submit any plans required by the agency, you are not required to duplicate maps or detailed plans submitted with any permit applications related to this checklist.

This proposal will impact six school districts and 61 school owned-properties within Clark County: 8 properties owned by the Battle Ground School District, 18 properties owned by the Evergreen School District, 6 properties owned by the Hockinson School District, 1 property owned by the La Center School District, 1 property owned by the Ridgefield School District, and 27 properties owned by the Vancouver School District. A map showing the location of each property is available upon request.

B. ENVIRONMENTAL ELEMENTS

1. Earth

a. General description of the site:

(circle one): Flat, rolling, hilly, steep slopes, mountainous, other _____

Not applicable, this is a non-project action. The properties in the proposal are located across unincorporated Clark County and are comprised of a variety of topographic land forms and gradients.

b. What is the steepest slope on the site (approximate percent slope)?

Not applicable, this is a non-project action.

c. What general types of soils are found on the site (for example, clay, sand, gravel, peat, muck)? If you know the classification of agricultural soils, specify them and note any agricultural land of long-term commercial significance and whether the proposal results in removing any of these soils.

Not applicable, this is a non-project action. Generally, soils in Clark County are of the Sauvie-Puyallup, Hillsboro-Gee-Odne, Hillsboro-Dollar-Cove, Lauren-Sifton-Wind River, Cinebar-Yacolt, Olympic-Kinney, Hesson-Olequa, and Hesson-Olympic associations. They range from fine to coarse and from poorly- to well-drained.

d. Are there surface indications or history of unstable soils in the immediate vicinity? If so, describe.

Not applicable, this is a non-project action. Unstable soils may exist in the vicinity of the properties in the proposal. Subsequent site plans or applications for future development will be prepared and submitted for review and approval

e. Describe the purpose, type, total area, and approximate quantities, and total affected area of any filling or grading proposed. Indicate source of fill.

Not applicable, this is a non-project action.

f. Could erosion occur as a result of clearing, construction, or use? If so, generally describe.

Not applicable, this is a non-project action.

g. About what percent of the site will be covered with impervious surfaces after project construction (for example, asphalt or buildings)?

Not applicable, this is a non-project action.

- h. Proposed measures to reduce or control erosion, or other impacts to the earth, if any:**

None, this is a non-project action.

2. Air

- a. What types of emissions to the air would result from the proposal (i.e., dust, automobile, odors, industrial wood smoke) during construction, operation, and maintenance when the project is completed? If any, generally describe and give approximate quantities if known.**

None, this is a non-project action.

- b. Are there any off-site sources of emissions or odor that may affect your proposal? If so, generally describe.**

Not applicable, this is a non-project action.

- c. Proposed measures to reduce or control emissions or other impacts to air, if any:**

Not applicable, this is a non-project action.

3. Water

- a. Surface:**

- 1) Is there any surface water body on or in the immediate vicinity of the site (including year-round and seasonal streams, saltwater, lakes, ponds, wetlands)? If yes, describe type and provide names. If appropriate, state what stream or river it flows into.**

Not applicable, this is a non-project action. Generally, there is a network of surface bodies of water throughout Clark County.

- 2) Will the project require any work over, in, or adjacent to (within 200 feet) the described water? If yes, please describe and attach available plans.**

Not applicable, this is a non-project action.

- 3) Estimate the amount of fill and dredge material that would be placed in or removed from surface water or wetlands and indicate the area of the site that would be affected. Indicate the source of fill material.**

Not applicable, this is a non-project action.

- 4) Will the proposal require surface water withdrawals or diversions? Give general description, purpose, and approximate quantities if known.**

Not applicable, this is a non-project action.

- 5) Does the proposal lie within a 100-year flood plain? If so, note location on the site plan.**

Not applicable, this is a non-project action. There are properties in this proposal that include floodplains (i.e. 275259000 and 185950000). Subsequent site plans or applications for future development will be prepared and submitted for floodplain review and approval for compliance with applicable ordinances and code sections.

- 6) Does the proposal involve any discharges of waste materials to surface waters? If so, describe the type of waste and anticipated volume of discharge.**

Not applicable, this is a non-project action.

b. Ground Water:

- 1) Will ground water be withdrawn from a well for drinking water or other purposes? If so, give a general description of the well, proposed uses and approximate quantities withdrawn from the well. Will water be discharged to groundwater? Give general description, purpose, and approximate quantities if known.**

No, this is a non-project action.

- 2) Describe waste material that will be discharged into the ground from septic tanks or other sources, if any (for example: Domestic sewage; industrial, containing the following chemicals . . .; agricultural; etc). Describe the general size of the system, the number of such systems, the number of houses to be served (if applicable), or the number of animals or humans the system(s) are expected to serve.**

None, this is a non-project action.

c. Water Runoff (including storm water):

- 1) Describe the source of runoff (including storm water) and method of collection and disposal, if any (include quantities, if known). Where will this water flow? Will this water flow into other waters? If so, describe.**

Not applicable, this is a non-project action.

2) Could waste materials enter ground or surface waters? If so, generally describe.

Not applicable, this is a non-project action.

3) Does the proposal alter or otherwise affect drainage patterns in the vicinity of the site? If so, describe.

No, this is a non-project action.

d. Proposed measures to reduce or control surface, ground, and runoff water, and drainage pattern impacts, if any:

Not applicable, this is a non-project action.

4. Plants

a. Check or circle types of vegetation found on the site.

- deciduous tree: alder, maple, aspen, other
- evergreen tree: fir, cedar, pine, other
- shrubs
- grass
- pasture
- crop or grain
- orchards, vineyards or other permanent crops.
- wet soil plants: cattail, buttercup, bullrush, skunk cabbage, other
- water plants: water lily, eelgrass, milfoil, other
- other types of vegetation

Not applicable, this is a non-project action. Generally, a variety of vegetative zones are located throughout Clark County.

b. What kind and amount of vegetation will be removed or altered?

Not applicable, this is a non-project action.

c. List threatened or endangered species known to be on or near the site.

Not applicable, this is a non-project action.

d. Proposed landscaping, use of native plants, or other measures to preserve or enhance vegetation on the site, if any;

Not applicable, this is a non-project action.

- e. **List all noxious weeds and invasive species known to be on or near the site.**

Not applicable, this is a non-project action.

5. Animals

- a. **Circle any birds and animals which have been observed on or near the site or are known to be on or near the site:**

birds: hawk, heron, eagle, songbirds, other:

mammals: deer, bear, elk, beaver, other:

fish: bass, salmon, trout, herring, shellfish, other:

Not applicable, this is a non-project action. Generally, there are a wide variety of birds and animals throughout Clark County.

- b. **List any threatened and endangered species known to be on or near the site.**

Not applicable, this is a non-project action.

- c. **Is the site part of a migration route? If so, explain.**

Not applicable, this is a non-project action. Generally, migration routes do cross parts of Clark County.

- d. **Proposed measures to preserve or enhance wildlife, if any:**

Not applicable, this is a non-project action.

- e. **List any invasive animal species known to be on or near the site.**

None, this is a non-project action.

6. Energy and Natural Resources

- a. **What kinds of energy (electric, natural gas, oil, wood stove, solar) will be used to meet the completed project's energy needs? Describe whether it will be used for heating, manufacturing, etc.**

None, this is a non-project action.

- b. **Would your project affect the potential use of solar energy by adjacent properties? If so, generally describe.**

No, this is a non-project action.

- c. **What kinds of energy conservation features are included in the plans of this proposal? List other proposed measures to reduce or control energy impacts, if any:**

None, this is a non-project action.

7. Environmental Health

- a. **Are there any environmental health hazards, including exposure to toxic chemicals, risk of fire and explosion, spill, or hazardous waste, that could occur as a result of this proposal? If so, describe.**

- 1) **Describe any known or possible contamination at the site from present or past uses.**

Not applicable, this is a non-project action.

- 2) **Describe existing hazardous chemicals/conditions that might affect project development and design. This includes underground hazardous liquid and gas transmission pipelines located within the project area and in the vicinity.**

Not applicable, this is a non-project action.

- 3) **Describe any toxic or hazardous chemicals that might be stored, used, or produced during the project's development or construction, or at any time during the operating life of the project.**

None, this is a non-project action.

- 4) **Describe special emergency services that might be required.**

Not applicable, this is a non-project action.

- 5) **Proposed measures to reduce or control environmental health hazards, if any:**

None, this is a non-project action.

b. Noise

- 1) **What types of noise exist in the area which may affect your project (for example: traffic, equipment, operation, other)?**

None, this is a non-project action.

- 2) **What types and levels of noise would be created by or associated with the project on a short-term or a long-term basis (for example: traffic, construction, operation, other)? Indicate what hours noise would come from the site.**

Not applicable, this is a non-project action.

- 3) **Proposed measures to reduce or control noise impacts, if any:**

Not applicable, this is a non-project action.

8. Land and Shoreline Use

- a. **What is the current use of the site and adjacent properties? Will the proposal affect current land uses on nearby or adjacent properties? If so, describe.**

The current land use designation of the properties affected by the proposal is public facility (PF). Current uses of the properties vary and include educational, school administration, and/or recreational uses. Adjacent land uses vary. The proposal will affect property zoning and comprehensive plan designation on public school owned properties and will not affect land uses on nearby or adjacent non-public school owned properties.

- b. **Has the project site been used as working farmlands or working forest lands? If so, describe. How much agricultural or forest land of long-term commercial significance will be converted to other uses as a result of the proposal, if any? If resource lands have not been designated, how many acres in farmland or forest land tax status will be converted to nonfarm or nonforest use?**

Not applicable, this is a non-project action. The proposal does not impact working farmlands or forest lands. No agricultural or forest land of long-term commercial significance will be converted to other uses as a result of this proposal. Property 197415000 has split zoning where part of the parcel is currently zoned AG-20 and the other part is zoned PF. Only the PF portion of this parcel will be impacted by this proposal.

Will the proposal affect or be affected by surrounding working farm or forest land normal business operations, such as oversize equipment access, the application of pesticides, tilling, and harvesting? If so, how:

The proposal will not affect surrounding working farm or forest farms.

- c. **Describe any structures on the site.**

Not applicable, this is a non-project action. Generally, there are school-related facilities and structures on several of the properties in this proposal.

d. Will any structures be demolished? If so, what?

No, this is a non-project action.

e. What is the current zoning classification of the site?

The current zoning classification of the parcels affected by this proposal is public facility (PF).

f. What is the current comprehensive plan designation of the site?

The current comprehensive plan designation of the parcels affected by this proposal is public facility (PF).

g. If applicable, what is the current shoreline master program designation of the site?

Some of the properties in this proposal have at least a portion within the shoreline master program jurisdiction (i.e. 275259000 and 185950000 with shoreline designations of rural conservancy residential and urban conservancy, respectively). Subsequent site plans or applications for future development on properties with shoreline jurisdiction will be prepared and submitted for shoreline review.

h. Has any part of the site been classified as a critical area by the city or county? If so, specify.

Some of the properties affected by the proposal do include critical areas. Subsequent site plans or applications for future development will be prepared and submitted for critical areas review and approval for compliance with applicable ordinances and code sections.

i. Approximately how many people would reside or work in the completed project?

None, this is a non-project action.

j. Approximately how many people would the completed project displace?

None, this is a non-project action.

k. Proposed measures to avoid or reduce displacement impacts, if any:

None, this is a non-project action.

l. Proposed measures to ensure the proposal is compatible with existing and projected land uses and plans, if any:

No measures are proposed. This proposal is reversing zoning classifications to the classification in place prior to adoption of the 2016 Comprehensive Growth Management Plan. This proposal is compatible with existing and projected land uses and plans.

m. Proposed measures to reduce or control impacts to agricultural and forest lands of long-term commercial significance, if any:

None, this proposal will not impact agricultural and forest lands of long-term commercial significance.

9. Housing

a. Approximately how many units would be provided, if any? Indicate whether high, middle, or low-income housing.

None, this is a non-project action.

b. Approximately how many units, if any, would be eliminated? Indicate whether high, middle, or low-income housing.

None, this is a non-project action.

c. Proposed measures to reduce or control housing impacts, if any:

None, this is a non-project action.

10. Aesthetics

a. What is the tallest height of any proposed structure(s), not including antennas; what is the principal exterior building material(s) proposed?

Not applicable, this is a non-project action.

b. What views in the immediate vicinity would be altered or obstructed?

None, this is a non-project action.

c. Proposed measures to reduce or control aesthetic impacts, if any:

None, this is a non-project action.

11. Light and Glare

a. What type of light or glare will the proposal produce? What time of day would it mainly occur?

None, this is a non-project action.

- b. Could light or glare from the finished project be a safety hazard or interfere with views?**

No, this is a non-project action.

- c. What existing off-site sources of light or glare may affect your proposal?**

None, this is a non-project action.

- d. Proposed measures to reduce or control light and glare impacts, if any:**

None, this is a non-project action.

12. Recreation

- a. What designated and informal recreational opportunities are in the immediate vicinity?**

There are a variety of formal and informal recreational facilities on and near public school properties in Clark County.

- b. Would the proposed project displace any existing recreational uses? If so, describe.**

No, this is a non-project action.

- c. Proposed measures to reduce or control impacts on recreation, including recreation opportunities to be provided by the project or applicant, if any:**

None, this is a non-project action.

13. Historic and Cultural Preservation

- a. Are there any buildings, structures, or sites, located on or near the site that are over 45 years old listed in or eligible for listing in national, state, or local preservation registers? If so, specifically describe.**

Not applicable, this is a non-project action. Subsequent site plans or applications for future development will be prepared and submitted for review as needed.

- b. Are there any landmarks, features, or other evidence of Indian or historic use or occupation? This may include human burials or old cemeteries. Are there any material evidence, artifacts, or areas of cultural importance on or near the site? Please list any**

professional studies conducted at the site to identify such resources.

Not applicable, this is a non-project action. Subsequent site plans or applications for future development will be prepared and submitted for critical areas review and approval for compliance with applicable ordinances and code sections.

- c. Describe the methods used to assess the potential impacts to cultural and historic resources on or near the project site. Examples include consultation with tribes and the department of archeology and historic preservation, archaeological surveys, historic maps, GIS data, etc.**

None, this is a non-project action.

- d. Proposed measures to avoid, minimize, or compensate for loss, changes to, and disturbance to resources. Please include plans for the above and any permits that may be required.**

None, this is a non-project action.

14. Transportation

- a. Identify public streets and highways serving the site or affected geographic area, and describe proposed access to the existing street system. Show on site plans, if any.**

Not applicable, this is a non-project action.

- b. Is the site or affected geographic area currently served by public transit? If so, generally describe. If not, what is the approximate distance to the nearest transit stop?**

Not applicable, this is a non-project action.

- c. How many additional parking spaces would the completed project or non-project proposal have? How many would the project or proposal eliminate?**

This proposal will not impact parking, as it is a non-project action.

- d. Will the proposal require any new or improvements to existing roads, streets, pedestrian, bicycle or state transportation facilities, not including driveways? If so, generally describe (indicate whether public or private).**

Not applicable, this is a non-project action.

- e. **Will the project or proposal use (or occur in the immediate vicinity of) water, rail, or air transportation? If so, generally describe.**
No, this is a non-project action.
- f. **How many vehicular trips per day would be generated by the completed project or proposal? If known, indicate when peak volumes would occur and what percentage of the volume would be trucks (such as commercial and non-passenger vehicles). What data or transportation models were used to make these estimates?**
This proposal will not impact vehicular trips per day as it is a non-project action.
- g. **Will the proposal interfere with, affect or be affected by the movement of agricultural and forest products on roads or streets in the area? If so, generally describe.**
No, this is a non-project action.
- h. **Proposed measures to reduce or control transportation impacts, if any:**
None, this is a non-project action.

15. Public Services

- a. **Would the project result in an increased need for public services (for example: fire protection, police protection, health care, schools, other)? if so, generally describe.**
This is a non-project action and the proposal will not result in an increase need for public services.
- b. **Proposed measures to reduce or control direct impacts on public services, if any.**
None, this is a non-project action.

16. Utilities

- a. **Circle utilities currently available at the site: electricity, natural gas, water, refuse service, telephone, sanitary sewer, septic system, other.**
Not applicable, this is a non-project action.
- b. **Describe the utilities that are proposed for the project, the utility providing the service, and the general construction activities on the site or in the immediate vicinity which might be needed.**

None, this is a non-project action.

D. SUPPLEMENTAL SHEET FOR NONPROJECT ACTIONS

Because these questions are very general, it may be helpful to read them in conjunction with the list of the elements of the environment. When answering these questions, be aware of the extent of the proposal, or the types of activities likely to result from the proposal, would affect the item at a greater intensity or at a faster rate than if the proposal were not implemented. Respond briefly and in general terms.

1. How would the proposal be likely to increase discharge to water; emissions to air; production, storage, or release of toxic or hazardous substances; or production of noise?

Adoption of this proposal would not have a direct impact on water discharges, air emissions, production, storage, or release of toxic or hazardous substances, or production of noise. Subsequent site plans or applications for future development will be prepared and submitted for review and approval for compliance with applicable ordinances and code sections.

Proposed measures to avoid or reduce such increases are:

None planned.

2. How would the proposal be likely to affect plants, animals, fish or marine life?

The proposal is not expected to affect plants, animals, fish or marine life. Subsequent site plans or applications for future development will be prepared and submitted for review and approval.

Proposed measures to avoid or reduce such increases are:

None planned.

3. How would the proposal be likely to deplete energy or natural resources?

The proposal is not expected to deplete energy or natural resources. Subsequent site plans or applications for future development will be prepared and submitted for review and approval.

Proposed measures to avoid or reduce such increases are:

None planned.

4. How would the proposal be likely to use or affect environmentally sensitive areas or areas designated (or eligible or under study) for governmental protection: such as parks, wilderness, wild and scenic rivers, threatened or endangered species habitat, historic or cultural sites, wetlands, floodplains, or prime farmlands?

This proposal is not expected to impact environmentally sensitive areas or areas designated for governmental protection. Subsequent site plans or applications for future development will be prepared and submitted for review and approval for compliance with applicable ordinances and code sections including habitat, wetlands, historic/archaeology, etc.

Proposed measures to avoid or reduce such increases are:

None planned.

5. How would the proposal be likely to affect land and shoreline use, including whether it would allow or encourage land or shoreline uses incompatible with existing plans?

Comprehensive plan and zoning designation changes are part of this proposal. The zoning designations are being reversed to the designation prior to the adoption of the 2016 Comprehensive Growth Management Plan. These changes are not expected to allow or encourage land or shoreline uses incompatible with existing plans. Subsequent site plans or applications for future development will be prepared and submitted for review and approval.

Proposed measures to avoid or reduce such increases are:

None planned.

6. How would the proposal be likely to increase demands on transportation or public services and utilities?

This proposal is not expected to directly increase demands on transportation, public services, and utilities. Subsequent site plans or applications for future development will be prepared and submitted for review and approval.

Proposed measures to avoid or reduce such increases are:

None planned.

7. Identify, if possible, whether the proposal may conflict with local, state, or federal laws or requirements for the protection of the environment.

The proposal is consistent with local, state, and federal laws and requirements for the protection of the environment and does not propose a conflict with these statutes.

PLANNING COMMISSION RECOMMENDATION

DATE ISSUED: July 19, 2019

SUBJECT: CPZ2019-00010 School Public Facility Zoning Amendments

On July 18, 2019, the Planning Commission voted 6 to 0 to recommend to the County Council that it approve the proposal to 1) repeal the Public Facility (PF) designation on the comprehensive plan and zoning maps for 61 public school-owned properties, 2) establish the previous zoning designations, 3) update comprehensive plan designations to align with the zoning, and 4) revise Title 40 development code for consistency with the map changes.

The recommended Title 40 code amendments are as follows:

No.	Title/Chapter/Section	Description
1	40.210	Amend Chapter 40.210 to remove school public facilities related text.
2	40.220	Amend Chapter 40.220 to remove school public facilities related text.
3	40.230	Amend Chapter 40.230 to remove school public facilities related text.
4	40.250	Amend Chapter 40.250 to remove school public facilities related text.

Any person(s) or entity(ies) wishing to appeal a determination of non-significance shall file a written petition with the County Council at the Public Service Center, 1300 Franklin St, Vancouver, WA, 98660, within fourteen (14) calendar days of the issuance of this Clark County Planning Commission Recommendation. The County Council shall decide a SEPA appeal in conjunction with its decision made in a public hearing on the underlying recommendation in accordance with CCC 40.570.080.D.2.b(2). The date and time of the County Council public hearing on this recommendation will be published in The Columbian newspaper at least two weeks before the hearing, and will be posted at www.clark.wa.gov/council-meetings.

SEPA appeals must be written and must contain all of the following:

1. the case number designated by the county;
2. the name and original signature of each petitioner for the appeal;
3. a statement showing that each petitioner is entitled to file the appeal as an interested party;

4. the specific aspect(s) of the decision being appealed;
5. the reasons why each aspect is in error as a matter of fact or law; and
6. the evidence or law relied on to prove the error.

The case file is available for review online at www.clark.wa.gov/community-planning/planning-commission-hearings-and-meeting-notes or at 1300 Franklin Street, Vancouver, WA between 8:00 am and 5:00 PM M-F. Contact **Sonja Wiser (564) 397- 4558** or **Sonja.Wiser@clark.wa.gov**.

PROPOSAL

A request has been made to amend the comprehensive plan and zoning designations for sixty-one (61) public school-owned properties from Public Facility (PF). The properties are located throughout unincorporated Clark County and are proposed to revert back to their previous zoning designations, such as single-family residential or rural. A comprehensive plan designation will be applied to each property that is consistent with the proposed zoning. Also proposed are amendments to Clark County's Title 40 Development Code to align with these changes.

An interactive map showing properties in the proposal can be accessed at:

www.clark.wa.gov/planning-commission.

Re: Clark County--2019-S-266--60-day Notice of Intent to Adopt Amendment

Dear Ms. Kay:

Thank you for sending the Washington State Department of Commerce (Commerce) the 60-day Notice of Intent to Adopt Amendment as required under [RCW 36.70A.106](#). We received your submittal with the following description.

Proposed comprehensive plan and development regulation amendment to update zoning and comprehensive plan designations on 61 public school-owned properties and to update Clark County Code for consistency with the map changes.

We received your submittal on 06/11/2019 and processed with the Submittal ID 2019-S-266. Please keep this letter as documentation that you have met this procedural requirement. Your 60-day notice period ends on 08/10/2019.

We have forwarded a copy of this notice to other state agencies for comment.

Please remember to submit the final adopted amendment to Commerce within ten days of adoption.

If you have any questions, please contact Growth Management Services at reviewteam@commerce.wa.gov, or call Ike Nwankwo, (360) 725-2950.

Sincerely,

Capital Facilities Plan & Impact Fee Updates

- Several school districts are updating CFPs and impact fees
 - Evergreen, CPZ2019-00020
 - Hockinson, CPZ2019-00021
 - La Center, CPZ2019-00011
 - Woodland, CPZ2019-00022

- The Ridgefield school district is recommending updated impact fees under its current CFP, CPZ2019-00027

Capital Facilities Plan & Impact Fee Updates

- Schools are a public facility and service under GMA
- School CFPs are adopted by reference in the Comprehensive Plan
- CFPs:
 - Identify facilities needed for growth and the cost
 - Include a finance plan that identifies funding needed to pay for facilities
- Impact fees:
 - One component of the funding plan
 - Apply to new residential development
 - Calculation explained in [CCC 40.620.040](#)

Impact Fee Calculation

- Cost of public facilities attributable to new growth per housing unit
 - Considers number of children per household
 - By housing type
- Minus state match funds
- Minus tax credit
- Minus 15% adjustment
