County sets shoreline programs open house

The Columbian

Published: September 17, 2019, 6:05am

Share:

Clark County is reviewing its shoreline master programs in accordance with an eight-year schedule for review and possible revision set by the Legislature.

Residents can learn more at a Sept. 25 open house at Clark County Fire & Rescue’s Dollar’s Corner station, 21609 N.E. 72nd Ave. Doors open at 5:30 p.m., with a presentation at 6 p.m.

Those who cannot attend the Sept. 25 event can participate in an online open house on the project website, www.clark.wa.gov/smp2020. The county will add this feature and keep it available until Oct. 7.

The review ensures that shoreline master programs stay current with changes in laws and rules and with other Clark County plans and regulations. The review also allows local officials to consider changed circumstances, new information and improved data.

In 1971, the Legislature passed the state’s [Shoreline Management Act](#), which voted adopted in 1972. The law’s overarching goal is “to prevent the inherent harm in an uncoordinated and piecemeal development of the state’s shorelines.”

More information on the state’s Shoreline Management Act is available on the Washington State Department

Subject: 9/25 Open House - Shoreline Master Program
Date: Thursday, September 12, 2019 3:09:36 PM

Greetings Neighborhood Associations,

I am writing regarding Clark County's [Shoreline Master Program Periodic Review project](#). Please find a few updates below:

- **Open house** - learn more about the project on Wednesday, Sept. 25 at Clark County Fire & Rescue Dollar's Corner Station, 21609 NE 72nd Ave., Battle Ground. Doors open at 5:30 pm with a presentation at 6 pm.
- **Online open house** - an online version of the open house will be available through the project webpage (<https://www.clark.wa.gov/smp2020>) within the next few days, if you are unable to attend in person.
- **Talk with staff** – while this project is just getting started, it will be ongoing until mid-2020. I am glad to visit with neighborhood associations who would like to discuss the project, either now or later on in the process. Just let me know if that is of interest.

Feel free to contact me with any questions.

Thank you,
 Jenna

Subject: 9/25 Open House - Shoreline Master Program Periodic Review

Date: Friday, September 13, 2019 8:33:26 AM

Greetings,

Join us to learn more about the **Clark County Shoreline Master Program Periodic Review** project at an upcoming open house on **Wednesday, Sept. 25** at Clark County Fire & Rescue Dollar's Corner Station, [21609 NE 72nd Ave., Battle Ground](#). Doors open at 5:30 pm with a presentation at **6 pm**.

If you are unable to attend in person, you can participate in an online open house that will be posted to the project website in the next few days (link below). The online open house will be available until Monday, Oct. 7, 2019.

For more information, visit <https://www.clark.wa.gov/smp2020>.

Feel free to contact me with questions.

Thank you,
Jenna

Subject: 9/25 Open House - Shoreline Master Program Periodic Review
Date: Friday, September 13, 2019 8:30:57 AM

Greetings,

Join us to learn more about the **Clark County Shoreline Master Program Periodic Review** project at an upcoming open house on **Wednesday, Sept. 25** at Clark County Fire & Rescue Dollar's Corner Station, [21609 NE 72nd Ave., Battle Ground](#). Doors open at 5:30 pm with a presentation at **6 pm**.

If you are unable to attend in person, you can participate in an online open house that will be

posted to the project website in the next few days (link below). The online open house will be available until Monday, Oct. 7, 2019.

For more information, visit <https://www.clark.wa.gov/smp2020>.

Feel free to contact me with questions.

Thank you,
Jenna

Subject: 9/25 Open House - Shoreline Master Program Periodic Review

Date: Monday, September 16, 2019 10:31:02 AM

**We apologize if you are receiving this email again, we are having issues with our email distribution system.

Greetings,

Join us to learn more about the **Clark County Shoreline Master Program Periodic Review** project at an upcoming open house on **Wednesday, Sept. 25** at Clark County Fire & Rescue Dollar's Corner Station, [21609 NE 72nd Ave., Battle Ground](#). Doors open at 5:30 pm with a presentation at **6 pm**.

If you are unable to attend in person, you can participate in an online open house that will be posted to the project website in the next few days (link below). The online open house will be available until Monday, Oct. 7, 2019.

For more information, visit <https://www.clark.wa.gov/smp2020>.

Feel free to contact me with questions.

Thank you,
Jenna

Subject:

9/25 Open House Reminder - Shoreline Master Program Periodic Review

Date: Tuesday, September 24, 2019 4:44:13 PM

Greetings,

This is a reminder about the **Wednesday, Sept. 25** open house to learn about the **Clark County Shoreline Master Program Periodic Review** project. The event will take place at Clark County Fire & Rescue Dollar's Corner Station, [21609 NE 72nd Ave., Battle Ground](#). Doors open at 5:30pm with a presentation at **6pm**.

The online open house option is now available on the project website for those unable to attend in person: <https://www.clark.wa.gov/community-planning/2020-periodic-review>.

Please feel free to contact me with questions.

Thank you,
Jenna

Shoreline Master Program Community Feedback

Open House, September 25, 2019

Dollars Corner Fire Station

Welcome

Thank you for providing feedback on the Clark County Shoreline Master Program (SMP). While we are just starting on our review of the county's SMP, we are looking for input from individuals and organizations that have an interest in what happens on the shorelines of Clark County. Your input is important to this process and your feedback will be included as part of the information guiding updates to the SMP.

1. How familiar are you with the existing Clark County Shoreline Master Program? (Please check one.)
 - Familiar
 - Not familiar
 - Somewhere in between familiar and not familiar
2. Have you ever applied for, or received, a shoreline permit or exemption? (Please check one.)
 - Yes
 - No
3. What questions do you have about the Shoreline Master Program and/or this Periodic Review?

4. What is working well with the county's Shoreline Master Program?

5. What could be improved with the county's Shoreline Master Program?

Thank you for sharing your thoughts and feedback!

Shoreline Master Program Periodic Review 2020

September 25, 2019

Open House
Dollar's Corner Fire & Rescue Station

Jenna Kay, Project Manager
Community Planning

Presentation

- Project overview
- Shoreline background
 - What is a Shoreline Master Program?
 - Where does it apply?
 - What is “no net loss”?
- Program data & updates
- Next steps
- Discussion

Project Overview

What is a Periodic Review?

- State mandated
- Review and revise, if necessary
- NOT a major update like 2012

What is a Periodic Review?

Ensure the Shoreline Master Program (SMP) is:

- Current with changes in laws and rules
- Consistent with other Clark County plans and regulations
- Responsive to changed circumstances, new information and improved data

Due: June 30, 2020

Background

Why is there a Shoreline Master Program (SMP)?

Intent of the Shoreline Management Act

“...prevent the inherent harm in an uncoordinated and piecemeal development of the state’s shorelines.”

RCW 90.58.020

What is a Shoreline Master Program (SMP)?

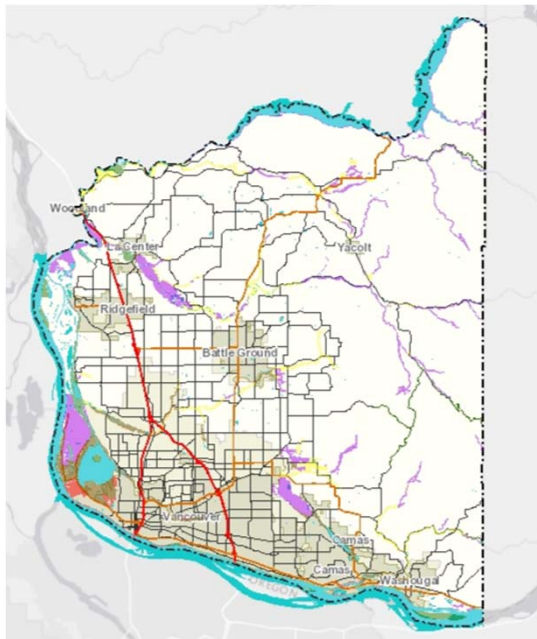

Policy Goals

- Foster reasonable and appropriate uses
- Protect natural resources
- Promote public access

What is a Shoreline Master Program (SMP)?

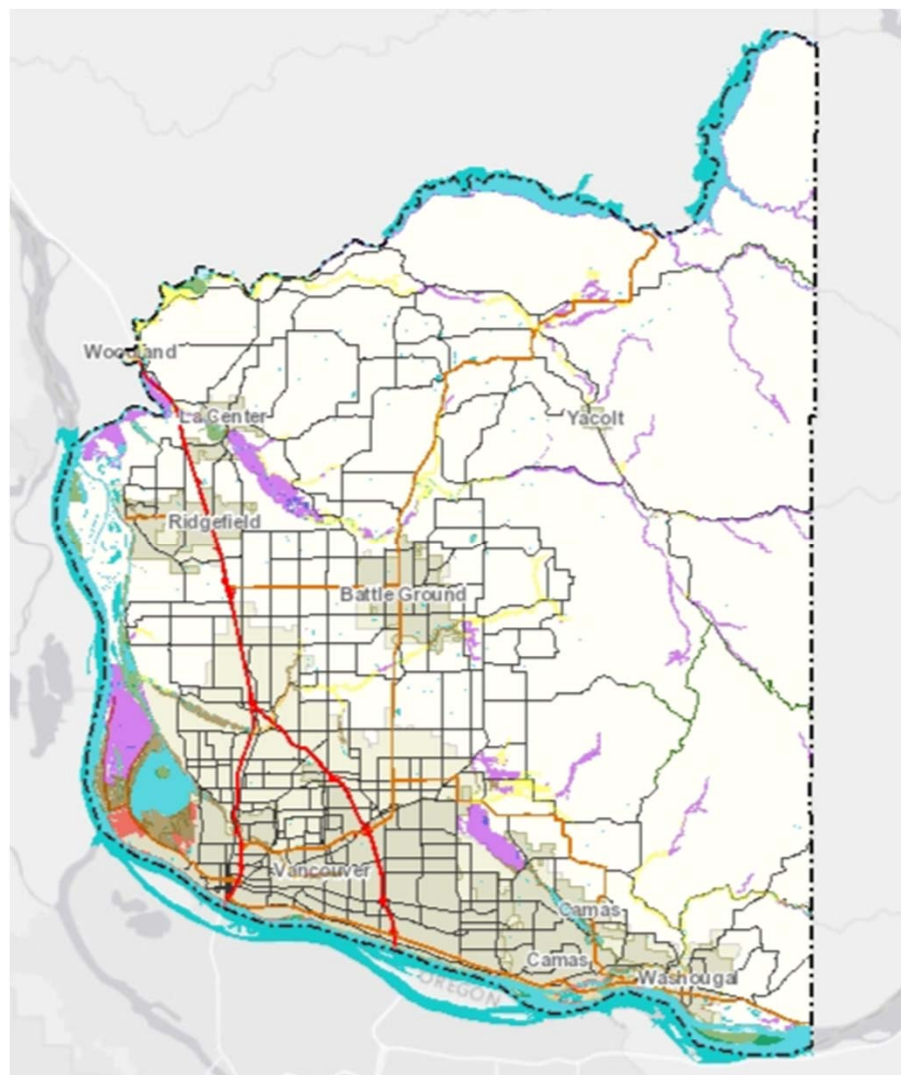

- Policies: Comprehensive Plan, Ch. 13
- Regulations: CCC 40.460
- Map

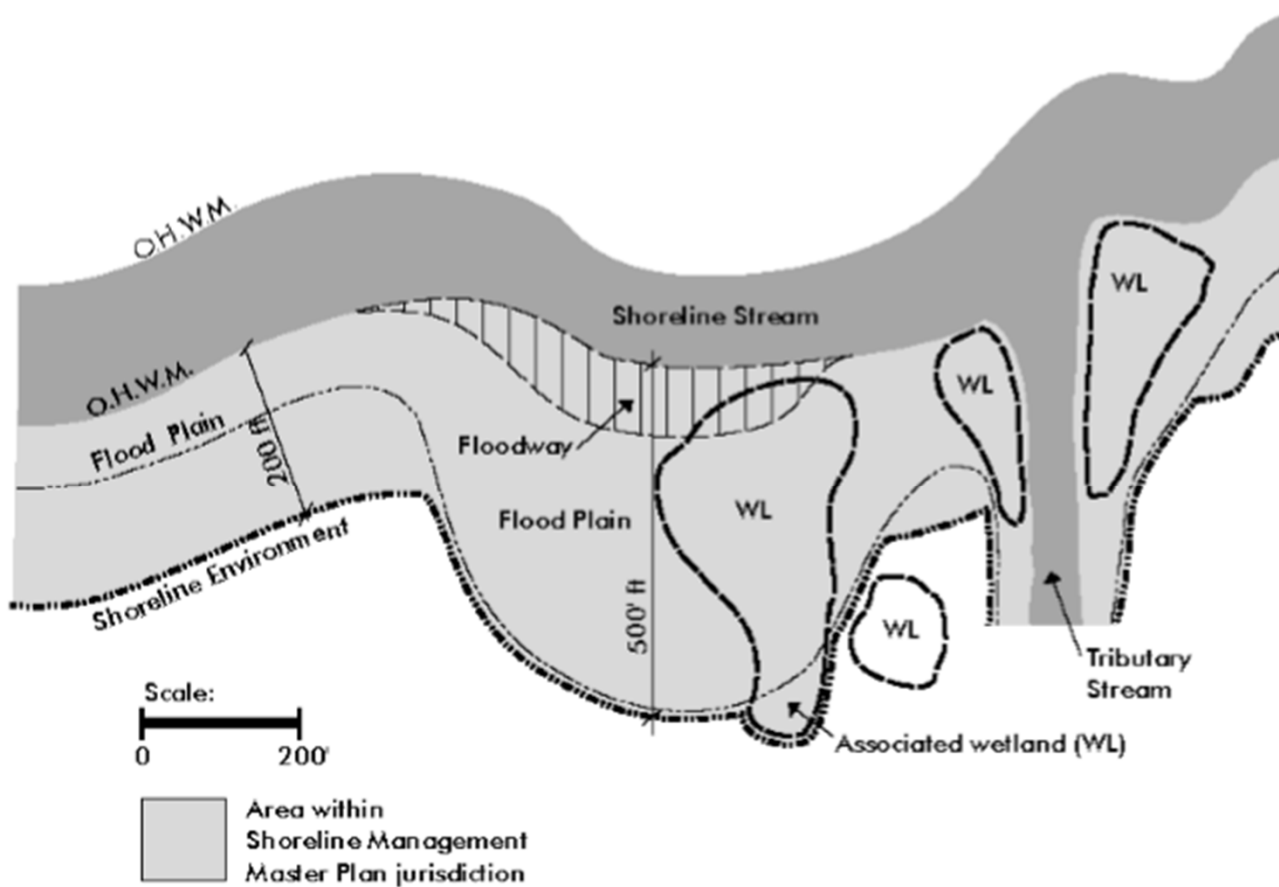

20 | Comprehensive Growth
YEAR | Management Plan
 2015-2035

Where does the SMP apply?

Where does the SMP Apply?

What activities/uses are regulated by the SMP?

Definition of development includes:

- New or expanded structures
- Land development/alteration
- Restoration
- Trail Construction

SHORELINE MASTER PROGRAM PERIODIC REVIEW 2020

Clark County is performing a periodic review of its Shoreline Master Program. We hope these frequently asked questions will give you at least some introductory information to prepare you for coming discussions on the project.

What is a Shoreline Master Program?

A Shoreline Master Program (SMP) is a set of policies and regulations required by state law that has three basic policy areas: fostering reasonable and appropriate uses, protecting natural resources, and promoting public access.

Where does the SMP apply?

“Shorelines of the state” are special waterbodies that meet certain size or flow criteria in the Washington state Shoreline Management Act (SMA). These shorelines of the state include rivers and streams with mean annual flow more than 20 cubic feet per second and lakes 20 acres or larger. The shoreline jurisdiction extends 200 feet landward of the water’s edge and additionally includes associated wetlands, floodways, and the 100-year floodplain (based on the county’s flood hazard maps). Clark County shorelines of the state include the Columbia River, North Fork Lewis River, East Fork Lewis River, Salmon Creek, Washougal River, Burnt Bridge Creek, Vancouver Lake, Yale Lake, Lake Merwin, and several other waterbodies.

What is a periodic review of the SMP?

This periodic review will focus on: reviewing changes in state law and incorporating any applicable amendments; and ensuring consistency with other county policies and regulations, such as the Comprehensive Plan and critical areas code.

This periodic review will NOT: re-evaluate the ecological baseline that was established as part of the 2012 comprehensive update; extensively assess no net loss criteria other than to ensure that proposed amendments do not result in degradation of the baseline condition; or change shoreline jurisdiction/ environment designations except to address a few known map issues.

Why now?

Washington state law requires jurisdictions to review and update their SMPs every eight years in accordance with the SMA and its current guidelines and legislative rules.

Clark County completed a comprehensive update to its SMP in 2012 and its periodic review is due June 30, 2020.

What type of activities and uses do shoreline regulations apply to?

ACTIVITIES AND USES

Shoreline regulations apply to any land use activity and development that occurs within the shoreline jurisdiction as defined in the SMP, including:

- New or expanded structures, such as houses, sheds, and decks;
- New or expanded in-water and over-water structures, such as docks, buoys, and boat launches;
- Land development and alteration, such as clearing, grading, dredging, or filling; and
- Other activities along the shorelines such as restoration (e.g., riparian planting, bank stabilization), trail construction, and public access.

EXISTING USES AND DEVELOPMENT

SMP regulations apply to new developments and uses. Existing uses and

developments legally established may be repaired, maintained, and operated. The SMP does apply to proposals for expansion or alteration of existing uses and structures.

SHORELINE EXEMPTIONS

Certain land uses and development activities are exempt from the requirement to obtain a shoreline substantial development permit, but are not exempt from compliance with the SMP. Only those developments that meet the precise terms of at least one of the listed exemptions in the SMP may be granted an exemption. Exemptions are issued in writing from the county after the submission of a complete application. Even though an activity is exempt from requiring a shoreline substantial development permit, a conditional use or variance permit may be required.

When will proposed SMP changes be considered?

The project is scheduled from fall 2019 to mid-2020.

Year	Season	Project Phase
2019	Early fall	Learn about the project at an initial open house
2019	Late fall	Review draft proposals at open houses
2020	Winter	Public comment period, SEPA
2020	Early Spring	Planning Commission Hearing
2020	Late Spring	County Council Hearing

Meeting locations and times will be announced in local newspapers, the project website, and through email.

How do I participate in this project?

Open houses: learn about the project, review draft proposals, ask questions to staff, and submit feedback.

Public comment period: submit comments in writing during a 30-day comment period.

Email: ask questions or submit written testimony to jenna.kay@clark.wa.gov.

Mail: written testimony can be mailed to Community Planning, PO Box 9810, Vancouver, WA 98666-9810.

Hearings: written and oral testimony can be given at Planning Commission and County Council hearings.

Sign-up for project updates: www.clark.wa.gov/community-planning/get-project-updates

All comments will be part of the official record.

For questions or more information, contact Jenna Kay, Program Manager at jenna.kay@clark.wa.gov or visit the project website at www.clark.wa.gov/smp2020.

Clark County is performing a periodic review of its [Shoreline Master Program \(SMP\)](#).

The SMP guides development within county shorelines. Every community is required by the Washington State [Shoreline Management Act](#) to review its SMP every eight years.

This review is **not** a major update of the SMP like the County adopted in 2012. Its purpose is to ensure the SMP is consistent with changes in state law and to reflect new information.

The county's SMP periodic review is due June 30, 2020.

A Story Map

Introduction

Project Overview

Background - Map

Background - No Net Loss

Program Data & Updates

Feedback

No net loss is a key concept of the Shoreline Management Act (SMA).

It means that the condition of shoreline ecological functions post-development need to be at least equal to pre-development ecological functions.

The no net loss standard is designed to balance the introduction of new impacts to shoreline ecological functions resulting from new development through mitigation sequencing and restoration.

The county must achieve this standard through both the Shoreline Master Program planning process and appropriately regulating individual developments as they are proposed in the future.

Any amendments to the Shoreline Master Program that may occur through this periodic review process will need to comply with the no net loss standard.

What has happened with Clark County's Shoreline Master Program since its last major update in 2012?

1. Five ordinances amended the Shoreline Master Program in Clark County Code Chapter 40.460 addressing new information and to correct items. Copies of these amendments are posted to the [program webpage](#).
2. View preliminary findings from six years of program permit data (9/12/12-12/20/18) by viewing [these slides](#).

More in depth program data analysis is in the works. Hopefully this preliminary information provides an initial snapshot of recent program activity.

What has happened with Clark County's Shoreline Master Program since its last major update in 2012?

1. Five ordinances amended the Shoreline Master Program in Clark County Code Chapter 40.460 addressing new information and to correct items. Copies of these amendments are posted to the [program webpage](#).
2. View preliminary findings from six years of program permit data (9/12/12-12/20/18) by viewing [these slides](#).

More in depth program data analysis is in the works. Hopefully this preliminary information provides an initial snapshot of recent program activity.

Approximately 50 acres of wetland/habitat and impervious surface impacts resulted in 143 acres of mitigation.

There is some overlap between the wetland/habitat and impervious surface area, so consider these numbers rough estimates.

Area of Permanent Project Impacts & Mitigation (9/12/12-12/20/18)

There is some overlap between the wetland/habitat and impervious surface impacts

When viewing the project impact and mitigation data by waterbody, the East Fork Lewis River saw the most of both. Most of the impacts and mitigation are related to two restoration projects along the river. The Curtin Creek impacts and mitigation are primarily from a road improvement project.

Area of Permanent Project Impacts & Mitigation by Waterbody

(9/12/12-12/20/18)

*The ten waterbodies with the largest area of development impacts are shown below

8 restoration projects were approved to restore roughly 827 acres. (This is in addition to the 143 mitigation acres.) More than half of this restoration area is along the East Fork Lewis River.

Restoration Project Area (9/12/12-12/20/18)

acres are the estimated area of restoration once the project is completed

Feedback

Thank you for providing feedback on the Clark County Shoreline Master Program (SMP).

While we are just starting our review of the county's SMP, we are looking for input from individuals and organizations that have an interest in what happens on the shorelines of Clark County.

Your input is important to this process and your feedback will be included as part of the information guiding updates to the SMP.

Thank you!
