Mission and Goals

ACCELERATING BUSINESS GROWTH AND INNOVATION

- *Our mission is to develop a strong, innovative Clark County, Washington business environment in collaboration with our private and public sector partners*

ADO CONTRACT

- CREDC is the designated Associate Development Organization (ADO) for Clark County, charged with supporting and coordinating economic development related services to relocating and existing business in Clark County
 - CREDC is nearly complete with the current 2013-2015 biennial contract with the WA State Department of Commerce (expires June 30th, 2015)
- The team met or exceeded all 2014 goals set out in the ADO contract:
 - 128% of goal on business recruitment activities
 - 100% of goal on trade shows attended
 - 310% of goal on business retention/expansion activities
 - 104% of goal on business referrals to partners
 - 170% of goal on business start-up assistance
 - 100% of goal on lands for jobs activities

CREDC's Role

Job
Opportunities

Accelerate
Economic Impact
Projects

Leverage Assets &
Resources to Attract New
Business

Prioritize Existing Business Needs &
Challenges Preventing Growth

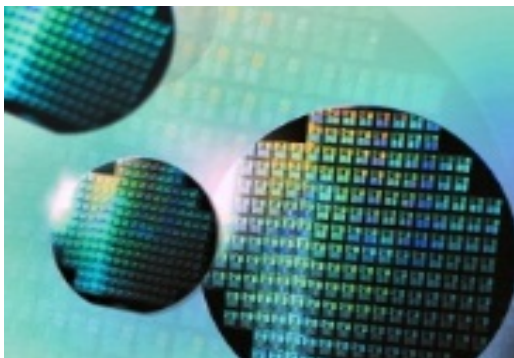

Convene Community Leaders from Public &
Private Sector for Consensus

Target Industries & Clients

Technology Services
Technology Products
Wealth Management
Agricultural Processing
Logistics and Distribution

Small & Medium Businesses
Traded Sector
Employ 25-500 FTEs
Revenues of \$3-60 million

75 Annual Business Visits:
Advanced Technology/Manufacturing
Professional Services
Industrial Manufacturing
Wholesale/Distribution

Clark County Economic Development Plan

CREDC's scope of work is guided by the Clark County Economic Development Plan completed by TIP Strategies and ratified by the CREDC board of directors in 2011

STRATEGIC GOALS OUTLINED IN ECONOMIC DEVELOPMENT

PLAN:

1. Establish Clark County as a regional center of growth and innovation in the Information Technology sector
2. Greatly expand the economic development influence of WSUV and Clark College
3. Make Clark County a hub for international investment in the Pacific Northwest
4. Enhance business vitality through targeted recruitment, expansion, and entrepreneurship efforts
5. Invest in the infrastructure and amenities needed to attract new businesses and talent

WORK PLAN

INITIATIVES:

1. Business Growth
2. Business Recruitment & Expansion
3. Entrepreneurship & Innovation
4. Lands for Jobs & Infrastructure

2014 Year in Review

2014 BUSINESS GROWTH OVERVIEW:

- Visited over **100** traded sector companies
- **11** growth and expansion wins across multiple sectors and varying stages of company maturity
- Assisted **5** new-to-market companies
- Provided first composites strategic planning and growth session
- Facilitated over **\$100,000** in industry-specific use and deferral waivers for capital equipment and R&D expenditures from May through December

TRAIL TECH

SUNMOD

TNDTM

TRAIL TECH

PROJECT OVERVIEW:

- Growing Battle Ground company involved in advanced manufacturing
- Manufactures telemetry and data readout products for direct global distribution
- Provides Original Equipment Manufacturer products for international Powersports giants including KTM Sportmotorcyle AG & Polaris
- Began permitting of 40,000 sf of expanded headquarters for 2015 in the City of Battle Ground

PROJECT IMPACTS:

- Expansion & addition of engineering and manufacturing jobs in North Clark County
- Product diversification into OEM automotive market globally
- Increased R&D and product innovation

PROJECT PARTNERS:

- WSU Vancouver Engineering - early stages of creating internship & project sharing program

PROJECT OVERVIEW:

- Growing Clark County engineering solutions, critical clean, and materials application business expanding from 12,000 sf to 53,000 sf
- New facility to include dedicated engineering lab and LEAN certified floor plan and product flow
- Expanded production, maintenance, engineering, and R&D capacities for new & existing hi-tech clients
- Client-certified production and maintenance facilities and processes for expanded direct contracting services
- ISO9001 Certified Quality Management; forthcoming ITAR certification for defense contracting
- Expanded hiring of certified technical employees

PROJECT IMPACTS:

- Additional 55 FTE benefited employees in the next year
- Expanded and diversified local and international supply chains
- Large capital investment within the Vancouver Tech Campus
- Open and on-site engineering services for the regional hi-tech industry

PROJECT PARTNERS:

- WorkSource Vancouver
- Southwest Washington Workforce Development Council
- Pacific Northwest Defense Coalition

2014 BUSINESS RECRUITMENT & EXPANSION OVERVIEW:

- Assisted **9** companies with relocation to Clark County and **1** successful expansion project
- Upon completion these projects are anticipated to create:
 - Over **\$140 million** in capital investment
 - Over **1,300 jobs**

PROJECT OVERVIEW:

- Relocating HQ from Portland to Vancouver in 2015/16
- 17-acre custom built campus in Columbia Tech Center

PROJECT IMPACTS:

- 560 employees to start
 - 670 projected by year 5 and 950 by year 15
- Average wages and benefits approximately \$125,000
- Estimated capital investment \$48-67 million in real property and \$10-14 million in personal property

PROJECT PARTNERS:

- City of Vancouver
- WA St Dept. of Commerce
- Greater Portland, Inc.
- WSUV
- Clark College
- Clark PUD
- ESD 112 - Southwest WA Childcare Consortium
- Vancouver Public Schools
- Evergreen Public Schools
- PacTrust
- Landerholm

CLARK COUNTY PUBTALK:

- Held 5 PubTalk networking events to accelerate entrepreneurial success in SW WA

BUSINESS GROWTH MAP ALLIANCE:

- Forged new partnership with WSUV to bring local small business and entrepreneurs together to learn from each other, local industry experts, and WSUV's business faculty to develop a strong collaborative and innovative business community

VANCOUVER TECH PROJECT

- Co-founded the Vancouver Tech Project (#vantechy) with Eric Preisz, CEO of Garage Games, an afterhours forum that brings together innovators in our local technology and coding community to network, contract, and collaborate

INNOVATION PARTNERSHIP ZONE

- Collaborated with the City of Vancouver to meet with over 25 applied digital technology companies to launch formal IPZ networking events to spur industry clustering and growth among our startup and growing tech firms
- Launched outreach to applied digital technology and manufacturing firms in the 192nd corridor

PROJECT OVERVIEW:

- Growing downtown Vancouver applied tech startup focusing on mobile point of sale retail systems
- Innovating and pairing existing technology to provide tailored retail systems that can be used anywhere in the world, wirelessly
- Adidas and Reebok largest clients (sole provider of point of sale systems for merchandise at the CrossFit Games & Boston Marathon)
- Assisting with initial intellectual property rights, marketing, and funding strategy
- CREDC facilitating Angel investor networking and investment pitches

**PROJECT IMPACTS:**

- Connected with WSU Vancouver CMDC program, resulting in the funding of a “ShopBox fellow” for the fall 2014 semester
 - Paid student position to develop website and marketing campaign
- Referred and accepted into WSU Vancouver Business Growth Mentor Analysis Program for 2015

ADVOCACY & EDUCATION

- Ongoing efforts to ensure that improvements are made in the physical infrastructure, amenities, policies, and regulations required to support economic development in Clark County

2014 ACCOMPLISHMENTS

- Restructured the committee's subcommittees into a single working group: Pre-Permitting Subcommittee
- Worked on a transportation package with RTC and community partners
- Worked with cities and Clark County to prepare for comprehensive plan update to allow for more industrial land

EVENTS HIGHLIGHTING EDUCATION

- CREDC Q1 Education Panel focused on how to strengthen partnerships and opportunities for collaboration between education and the business community
 - Featured panel included WSUV, Clark College, Vancouver Public Schools, Evergreen Public Schools, SEH America
- Partnership on #nextchapter project, including keynote luncheon with Cathy Davidson
- Business Growth MAP Alliance

ONGOING EFFORTS TO PROMOTE EDUCATION

- Joint education/business connections for workplace learning/internships, R&D opportunities, business recruitment projects
 - Direct involvement of higher education in applied digital technology industry
 - Growing workforce pipeline that includes direct partnership with Washington State University Vancouver and Clark College
- Education boards/committees serving on:
 - Southwest WA STEM Network (Governance Board and Steering Committee), WSUV Alumni Advisory Board, WSUV Creative Media and Digital Culture Program Advisory Committee, Clark College Worker Retraining Advisory Committee, Vancouver Public Schools Management Task Force, Clark County Career and Technical Education General Advisory Committee

Regional Initiatives: JIAC Grant Project

JOBS AND INNOVATION ACCELERATOR CHALLENGE – CLEAN TECH ADVANCE PROJECT

- *Goal: Grow clean tech supply chain in Southwest Washington*
 - CREDC worked with over 20 manufacturers in 2014 to grow the clean tech supply chain in Southwest Washington
 - Contracted for clean tech database project to enable CREDC to track engagement with the clean tech sector and growth of the industry once completed
- *Goal: Improve energy efficiency and energy savings for manufacturers*
 - CREDC referred 11 companies to local utility providers for electricity, gas, and water savings opportunities
- *Goal: Assist companies with getting clean tech products to market*
 - CREDC and PDC finalized a contract with Intertek to provide product certifications for clean tech companies to ease the financial burden of getting new products to market. At least two Clark County companies have already expressed interest in pursuing the opportunity in 2015

Regional Initiatives: AMJIAC Grant Project

INNOVATIONS IN ADVANCED MATERIALS AND METALS MANUFACTURING PROJECT

- **Goal: Grow regional manufacturing supply chain**
 - PNDC, PDC, and Impact Washington held two supply chain events with over 100 participants in 2014
 - A follow-up seminar will be held in 2015 due to the overwhelming success
 - The grant's travel allotment offered CREDC the opportunity to attend two international trade shows to promote the region's diverse manufacturing and business supply chain opportunities — Hannover Messe Industrial Trade Fair and the JEC Asia Composites Show and Conference
- **Goal: Work with local universities to develop internship program**
 - Two WSUV engineering students were given internships at regional businesses and two Clark County companies, Sunmodo (Vancouver) and CID Bioscience (Camas), both received two engineering and two business student interns
- **Goal: Improve energy efficiency in manufacturing facilities**
 - Two large-scale energy efficiency projects were completed at Kyocera Industrial Ceramics with technical assistance provided by Cascade Engineering through the Dept. of Energy portion of the grant
 - Two additional projects are expected to be completed in 2015 at AIG in Ridgefield

Regional Initiatives: CREDC Marketing Efforts

INDUSTRY MARKETING EVENTS

- Japan - A Resurgence Worth Considering
 - Roundtable with Japan External Trade Organization and Portland MSA regional partners (Import-Export Opportunities)
- Japan Electric Vehicle Industry Roundtable
 - Japan External Trade Organization and Portland MSA regional partners
- Hannover Messe Industry Trade Show
- JEC Asia Composites Show and Conference

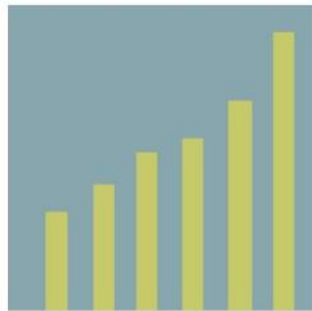

COMMUNICATIONS & MARKETING

- Website redesign to make it a better resource for new and existing companies
- Expanded newsletter and social media presence
 - Resource for investors and partners to share communications with broad network
- Collaboration with GPI on outbound recruiting and the Greater Portland 2020 Plan

Accelerating Business Growth & Innovation

We can help your business...

Grow & Expand

Relocate

Innovate & Start Up
