

CLARK COUNTY STAFF REPORT

DEPARTMENT: General Services

DATE: April 5, 2016

REQUESTED ACTION: Adopt the resolution and policy limiting the use of the county's Public Service Center and 1408 Franklin Street to county business only.

Consent Hearing County Manager

BACKGROUND

Clark County opened the Public Service Center (PSC) on March 18, 2003 and 1408 Franklin Street building opened for County use in the early 1970's. County offices, including the Auditor, Treasurer and Assessor, conduct business in the PSC building and assist the public with legal documents, applying for marriage licenses, and paying property taxes.

Other public offices such as Community Development and Community Planning also are in the building and open to assist the public with zoning issues, comprehensive plan questions, and applying for land use permits. Also, internal county offices conduct business there, including Human Resources and Information Technology. Finally, the Board of County Councilors conducts public hearings in a designated sixth-floor hearing room. In all, roughly 500 county employees conduct county business in the Public Service Center. County and Non-County Offices, including Indigent Defense, Elections, Auto Licensing, Print Shop, and Mailroom are located in the 1408 Franklin Building.

At times, members of the public who are not conducting county business enter and remain on the premises. They sleep onsite and even disrupt county business. This use is inconsistent with the intended use of the Public Service Center and the 1408 Franklin Building.

To address this issue, the board can agree to limit the use of the building to individuals conducting county business or commenting and/or attending hearings on board matters. A proposed resolution and policy are attached.

Policy Statement

Policy No.:	P- 1000
Policy Title:	Public Service Center and 1408 Franklin Building Security and Access Policy
Effective Date:	4/5/2016
Last Revision:	3/8/2013

PURPOSE:

The purpose of this policy is to establish security and access practices for the Public Service Center (PSC) and 1408 Franklin Street Building (1408 Franklin) for staff and patrons. The county has the same right as a private property owner to preserve its property for its intended use. In preserving its property, the county must act in a lawful and non-discriminatory manner. The primary purpose of the PSC and 1408 Franklin are to provide for the conduct of county business. The interior of the PSC and 1408 Franklin are not a public forum and is not designated for use for rallies, protests, press conferences or similar events. The PSC courtyard and kiosk are areas where public assembly can occur. Hearings and public meetings are held in the PSC at designated locations and times. This policy is intended to accommodate public access to these hearings and meetings, while, at the same time, limit public use and access to the PSC to that necessary to conduct business with the offices in the PSC.

Our goal is to provide a safe, clean and secure experience for both staff and patrons of the Public Service Center and 1408 Franklin Building.
