RESOLUTION NO. 18-19-07

A RESOLUTION of the Board of Directors of Hockinson School District No. 98, Clark County, Washington, providing for the submission to the voters of the District at a special election to be held on February 12, 2019, of a proposition authorizing an excess tax levy to be made annually for three years commencing in 2019 for collection in the years 2020 through 2022 in the aggregate total amount of \$2,400,000 for the District's Capital Projects Fund to support the construction, modernization and remodeling of school facilities; designating the District's Business Manager and special counsel to receive notice of the ballot title from the Auditor of Clark County, Washington; and providing for other matters properly related thereto.

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF HOCKINSON SCHOOL DISTRICT NO. 98, CLARK COUNTY, WASHINGTON, as follows:

Section 1. Findings and Determinations. The Board of Directors (the "Board") of Hockinson School District No. 98, Clark County, Washington (the "District"), takes note of the following facts and makes the following findings and determinations:

(a) The existing condition of the District's educational technology equipment, systems and infrastructure, safety and security concerns, deteriorating infrastructure, educationally outdated school facilities and equipment, and the need to improve energy and operational efficiencies require the District to levy excess property taxes to support the construction, modernization and remodeling of school facilities, all as more particularly defined and described in Section 2 herein (collectively, the "Projects").

(b) It appears certain that the money in the District's Capital Projects Fund for the school years 2019-2020, 2020-2021, 2021-2022 and 2022-2023 will be insufficient to permit the District to pay costs of the Projects, during such school years, and that it is necessary that an excess tax levy of \$800,000 be made in 2019 for collection in 2020, \$800,000 be made in 2020 for collection in 2021, and \$800,000 be made in 2021 for collection in 2022 for the District's Capital Projects Fund to provide the money required to pay those costs.

(c) The District is authorized pursuant to Article VII, Section 2(a) of the Washington Constitution and Revised Code of Washington ("RCW") 84.52.053 to submit to the District's voters at a special election, for their approval or rejection, the proposition of whether the District shall levy annual excess property taxes to pay costs of the Projects.

(d) The best interests of the District's students and other inhabitants require the District to carry out and accomplish the Projects.

Section 2. Description of the Projects. The Projects to be paid for with the excess property tax levies authorized herein are more particularly defined and described as follows:

(a) Acquire and install educational technology throughout school facilities to improve instruction, and make other improvements and upgrades to the District's technology equipment, infrastructure, systems and facilities, all as determined necessary and advisable by the Board. The foregoing technology improvements and upgrades shall be part of the District's integrated technology systems and facilities for instruction and research.

(b) Make health, safety, energy efficiency and facility improvements, and make other capital improvements to school facilities, all as determined necessary and advisable by the Board.

(c) Acquire, construct and install all necessary furniture, equipment, apparatus, accessories, fixtures and appurtenances in the foregoing, all as determined necessary and advisable by the Board.

(d) Pay costs associated with implementing the foregoing technology improvements, including, but not limited to, acquiring, constructing and installing hardware and licensing software, online applications and training related to the installation of the foregoing, all as determined necessary and advisable by the Board. Such costs constitute a part of the Projects and also include, but are not limited to, ongoing fees for online applications, subscriptions, or software licenses, including upgrades and incidental services, and ongoing training related to the use, installation and integration of these products and services, all as determined necessary and advisable by the Board. The hardware, software or applications shall be an integral part of the District's technology systems and facilities for instruction and research.

(e) Pay incidental costs incurred in connection with carrying out and accomplishing the Projects. Such incidental costs constitute a part of the Projects and include, but are not limited to: (1) payments for fiscal and legal costs; (2) costs of establishing and funding accounts; (3) necessary and related engineering, architectural, planning, consulting, permitting, inspection and testing costs; (4) administrative and relocation costs; (5) site acquisition and improvement costs; (6) demolition costs; (7) costs related to demolition and/or deconstruction of existing school facilities to recycle, reclaim and repurpose all or a portion of such facilities and/or building materials; (8) costs of on and off-site utilities and road improvements; and (9) costs of other similar activities or purposes, all as determined necessary and advisable by the Board.

The Projects, or any portion or portions thereof, shall be acquired or made insofar as is practicable with available money and in such order of time as shall be determined necessary and advisable by the Board. The Board shall determine the application of available money between the various parts of the Projects so as to accomplish, as near as may be, all of the Projects. The Board shall determine the exact order, extent and specifications for the Projects. The Projects are to be more fully described in the plans and specifications to be filed with the District.

Section 3. Calling of Election. The Auditor of Clark County, Washington, as *ex officio* Supervisor of Elections (the "Auditor"), is requested to call and conduct a special election in the manner provided by law to be held in the District on February 12, 2019, for the purpose of submitting to the District's voters, for their approval or rejection, the proposition of whether a Capital Projects Fund excess property tax levy on all of the taxable property within the District (the assessed value of such representing 100% of true and fair value unless specifically provided otherwise by law) shall be made annually for three years commencing in 2019 for collection in 2020

of \$800,000, the estimated dollar rate of tax levy required to produce such an amount being \$0.45 per \$1,000 of assessed value, in 2020 for collection in 2021 of \$800,000, the estimated dollar rate of tax levy required to produce such an amount being \$0.40 per \$1,000 of assessed value, and in 2021 for collection in 2022 of \$800,000, the estimated dollar rate of tax levy required to produce such an amount being \$0.36 per \$1,000 of assessed value, all in excess of the maximum tax levy allowed by law for school districts without voter approval. The exact tax levy rate may be adjusted based upon the actual assessed value of the taxable property within the District at the time of the levy.

Section 4. Use of Taxes. If the proposition authorized by this resolution is approved by the requisite number of voters, the District will be authorized to levy excess property taxes to pay costs of the Projects during the school years 2019-2020, 2020-2021, 2021-2022 and 2022-2023, all as may be authorized by law and determined necessary and advisable by the Board. Pending the receipt of those taxes, the District may issue short-term obligations pursuant to chapter 39.50 RCW or contract indebtedness pursuant to RCW 28A.530.080. Upon receipt, the District may use those taxes to repay such short-term obligations or indebtedness, all as may be authorized by law and determined necessary and advisable by the Board.

Section 5. Sufficiency of Taxes. If the excess property taxes authorized herein are more than sufficient to carry out the Projects, or should state or local circumstances require any alteration in the Projects, the District may apply such taxes to other capital purposes, or reduce or eliminate the excess property tax levies authorized herein, all as the Board may determine by resolution and as permitted by law.

If the Board determines that it has become impractical to accomplish the Projects or any portion thereof by reason of state or local circumstances, including changed conditions or needs, regulatory considerations, incompatible development or costs substantially in excess of those estimated, or for any other reason determined by the Board, the District will not be required to accomplish such Projects and may apply the excess property tax levies authorized herein or any portion thereof to other capital purposes of the District, or reduce or eliminate the excess property tax levies, all as the Board may determine by resolution and as permitted by law. In the event that the excess property tax levies, plus any other money of the District legally available therefor, are insufficient to accomplish all of the Projects, the District shall use the available money for paying the cost of that portion of the Projects that the Board determines most necessary and in the best interests of the District.

Notwithstanding anything in this resolution to the contrary, the excess property tax levies authorized herein may be used only to support the construction, modernization or remodeling of school facilities.

EXPLANATORY STATEMENT FOR PROPOSITION 5 – CAPITAL LEVY FOR
TECHNOLOGY AND SCHOOL IMPROVEMENTS

Hockinson School District serves the community's over 1,975 students and their families. To address educational technology needs, safety and security concerns, deteriorating infrastructure, educationally outdated school facilities, the School Board determined that the District's school facilities require educational technology to improve instruction and health, safety, energy efficiency and facility improvements. This three-year levy to support the projects would produce \$800,000 each year (2020-2022) at an estimated average rate of \$0.40 per \$1,000 of assessed value. When combined with State changes, the total school levy is projected to decrease. Exemptions from taxes may be available, call Clark County Assessor (564) 397-2391.
