County Auditor letter

Dear Clark County Voter,

This Local Voters' Pamphlet is designed to help you make important decisions in this year's General Election. You have the opportunity to vote for candidates, and on issues, that will affect you and your family.

If you are a registered voter you may update your address online, by email or phone by 5 pm Monday, Oct. 28, or in person through Election Day, Tuesday, Nov. 5. If you are not registered to vote you may do so online by 5 pm Oct. 28, and in person through Election Day. If you prefer to use a paper voter registration form there is one on [page 148](#) of this voters' pamphlet.

If you return your voted ballot through the mail you do not need to put a stamp on it. **If you want to save your government the expense of providing postage you can return your ballot to one of the seven 24-hour permanent ballot drop boxes beginning Friday, Oct. 18.** Voters also may turn in ballots at **one of 22 staffed ballot drop-off boxes available 7 am to 8 pm on Election Day.** Ballots also may be returned to the Elections Office, 1408 Franklin St. Find more information about ballot drop off options on [pages 54 and 55](#) of this voters' pamphlet.

You can check, and if necessary update, your voter registration information, the status of your ballot and other related information online at www.clarkvotes.org and clicking on the "MyVote" icon. You may contact the Elections Department at 564-397-2345 or elections@clark.wa.gov to update your address or to obtain other information. Keeping your mailing address current enables us to send you the ballot you are entitled to vote.

If you are a registered voter and have not received your General Election ballot in the mail by Friday, Oct. 25, I urge you to contact the Elections Department for a replacement ballot.

This Local Voters' Pamphlet contains information about candidates for offices and issues that may not appear on your ballot. Producing a single version of the voters' pamphlet and mailing it to every household in the county is much less complex and expensive than creating a voters' pamphlet for each of the 110 unique ballot style combinations used in this election.

I urge you to read this pamphlet but also to seek out more information. The best decisions are made by informed voters. Your vote makes a difference. I encourage you to join me in exercising one of the most precious rights we have as Americans – the right to vote.

Sincerely,

Greg Kimsey
Clark County Auditor

Accessible voting

Using the Touch Writer

Clark County voters with disabilities have the option of casting their ballot independently using an accessible voting unit.

The Touch Writer voting unit is a ballot marking electronic machine that allows voters with disabilities, including those who are blind, mobility-impaired or lack upper-body dexterity, to vote privately and independently. The Touch Writer is in a booth that is wheelchair-accessible.

Beginning 18 days before each election, this accessible voting machine is available from 8 am to 5 pm, and on Election Day from 7 am to 8 pm at the Clark County Elections Office, 1408 Franklin Street, Vancouver.

To get to the Elections Office on C-Tran, take bus #25 Fruit Valley and St. Johns route. The bus stop is located at Franklin Street and Mill Plain Boulevard.

The Touch Writer unit is in a wheelchair-accessible booth.

About the Touch Writer

The Touch Writer is accessible in several ways:

- For those who cannot operate the Touch Writer using the buttons and wheel, special interface devices are available as shown here.
- For those who cannot see or read the Touch Writer screen, use the headphones with volume control to hear the ballot.

Accessible features

- Those who are visually impaired or have difficulty reading can listen to the ballot. The SELECT wheel is the trigger to the audio. Turning clockwise moves the listener through the ballot. To hear something repeated, turn the SELECT wheel counterclockwise. Those using hearing aids with a telecoil mode may use their neckloop rather than the headphones.
- Voters who lack upper-body dexterity can use the jelly switches to move through the ballot. The RED jelly switch is the same as the SELECT wheel. The GREEN jelly switch is the same as the ENTER button.
- Voters with quadriplegia can use their sip-n-puff to vote the ballot. Sip to move through the ballot. Puff to mark your choice.

Voting instructions

Here are a few important reminders to make sure your ballot is counted.

Your ballot packet will be mailed to you approximately 18 days before the November 5, 2019 General Election.

It will contain:

- An instruction sheet that explains the voting process
- The official ballot where you will mark your choices
- A yellow secrecy envelope
- A postage-paid return envelope with a green stripe

Mark your ballot by completely filling in the box to the left of your choice with a black or blue ink pen. If you want to vote for a candidate not appearing on the ballot, mark the box to the left of Write-In and use the dotted line provided to indicate your choice. Be sure to mark only one choice for each race or measure on the ballot.

Example:

Candidate 2 has been chosen.

One candidate has been marked and the box is filled in completely.

Check your ballot to be sure you have voted for the candidates and measures you intended. Make sure you mark only one response box in each race or measure. If you mark more than one, your vote in that race will not be counted. Your other votes will be counted if they are done correctly.

If you make a mistake marking your ballot, draw a line through the incorrectly marked choice as shown. You then have the option of marking another choice.

You must sign and date your return envelope in order for your ballot to be counted!

- Sign in the signature box that has **YOUR** name printed below it.
- Do NOT sign someone else's name, even if you have power of attorney.
- Voting over the phone by having someone else fill out and sign your ballot is against the law. Voters can call us at 564-397-2345 to learn about the options for voting while they are out of town.
- Drop boxes are available if you don't want your signature to go through the mail. See pages 54-55 for a complete list of ballot deposit locations.

Follow the instruction sheet included with your ballot to seal, sign, date and return your ballot.

Do your part!

While the Elections Office is continually updating the voter rolls with information from the Department of Licensing, the post office, local obituaries and a monthly public health deceased list, **you can do your part by following these simple steps:**

- **Update your address** with the Elections Office whenever it changes. Address changes can be made online through [MyVote](#), by email, mail or phone until 5 pm October 28. You may update your registration in-person until 8 pm on Election Day.
- If you are a snowbird or a college student, use our simple web form or call to set up a **temporary or seasonal mailing address**.
- **Return to Sender!** If you receive a ballot for a person who does not live at your residence, write “Does not live here” on the **unopened** envelope and put it back in the mail. This does not apply to military or overseas voters.
- If you receive a ballot for a **recently deceased voter**, write “Deceased” on the **unopened** envelope and put it back in the mail. We will research and follow up.

My mandate is to keep the quality of life high and cost of living low, to protect our rural character, and to defend our Constitutional rights. I work on constituent concerns: property rights, taxes, public safety, schools, traffic, parks, trails, housing availability, and homelessness.

Although my military career took us overseas and across our country, my family chose to live here where my wife Christine’s family lived for five generations. Medical Assistant Lead-Legacy Health System (7 years), Phlebotomy Supervisor-Portland Adventist Medical Center (2 years), Combat Medic Sergeant-U.S. Army (12 years)

Education I am currently a Junior at

WSU-Vancouver with a major in Business Administration-Management Information Systems. I attended Drury University in Missouri, Central Texas College, Texas, and American Military University while trying to juggle active duty with frequent changes of duty station, deployments, and school at the same time.

Community Service I attend Church on the Rock in Battle Ground, where I volunteer monthly. I volunteer at Cedar Tree Christian School in Ridgefield.

Statement I am a lifelong resident of Battle Ground. I graduated from Battle Ground High School and shortly after graduating, joined the United States Army. I served for 12 years as a combat medic and participated in 2 tours in Iraq with the 40th Engineer Battalion, 1st AD, 2nd BCT. I worked in health care for an additional 9 years and am currently a student.

I am a single mother of a 10-year old son. I am deeply committed to maintaining the lifestyle long-time residents of Battle Ground are accustomed to and hope to grow our area cautiously and with a fiscally responsible approach. I am a strong supporter of the Constitution, both our state and country, and believe in the American dream.

Politics is a new arena for me, but I feel that a fresh perspective is just what this city needs. I am not one to shy away from a challenge. Status quo leadership in this city is transforming Battle Ground into a mini-Seattle. I echo the many residents' sentiments in saying enough is enough. It is time to reverse course and get back to what it means to live in a small town.

Statement Battle Ground is at a pivotal moment with its phenomenal growth.

As a member of the city council, I will work to build upon the values that make Battle Ground special. With the growth in population, we need to support our law enforcement and the work they do to keep us safe. I will be that support. We need to support our firefighters and a permanent solution to the protections they provide us and property. I will be that support.

With a bigger population comes a greater impact on our roads. I will support common sense improvements and a prioritization of projects that will have the largest benefit.

I lived in Battle Ground as a child and have returned to raise my own family. I am invested in our community and believe in Battle Ground and what it has to offer. I have four children who attend our schools and see the struggles that teachers, parents, and students. Community Service No information submitted

Statement It's been an honor and privilege serving our community the last eight years. As experienced before, we are in the midst of a growing spurt. We have new citizens coming to our community daily, along with those who have called Battle Ground home for many years. The dilemma is in meeting everyone's expectations, so I'm striving towards merging the old and new Battle Ground together.

We've reduced the cost of fire service, while adding a greater level of service. We've worked with the PUD and sewer district to bolster water and sewer services for the next ten years. We've installed LED street lights, saving both energy and tax dollars, at no cost to you. We're also working with the state to sort out our transportation issues.

Previously when I asked for your vote, I promised that I would do my best to keep your interests first and foremost in all my decisions. I've done that by attending every city council meeting for the last eight years, and voting as conservatively and wisely as possible.

Our future is bright, so I ask for your consideration and support to continue working on bettering our wonderful community. Thank you for your vote.

Other Professional Experience I am a local business owner

Education High School Graduate

Community Service In the past I have been involved with Civil Air Patrol, serving in a variety of community events. Currently I volunteer with my church.

Statement "All political power is inherent in the people, and governments derive their just powers from the consent of the governed, and are established to protect and maintain individual rights." Article one of the Washington state Constitution makes it clear that the government is to serve the people, not to rule the people. Recently, I have been appalled by the disrespect of the council for not only the desires of the people, but also for the Constitution of the United States. I believe they have used their position to further their own agenda, regardless of their oath to uphold the Constitution, and it's time to restore our city to the place we all know and love.

I believe strongly in the right to bear arms, the freedom of speech, and the right to be left alone. I strongly oppose taxes, government control and anything else that infringes on life, liberty and the pursuit of happiness. I am a firm believer in Jesus Christ, and that it's by His grace alone that America is the great nation it is.

It's time to stand up for what we believe, and to take back the liberties that have been stripped from us.

I am a Gulf War veteran, a professional who has worked at NASA and also lived and worked overseas for a number of years. I’ve effectively communicated with many personalities and peoples of different backgrounds to complete projects on time and under budget.

Adding depth to the Council with my experience in project management and analysis should especially assist with growth planning. I will champion quality growth which comes from careful planning so as not to lose the reason why people move to Camas in the first place, while balancing land use regulations.

As home, car owner and resident in the Gorge 12 years, I believe processes and manpower should be scrutinized before additional property taxes or new license fees are instituted. Let’s first make our current infrastructure meet the highest standards.

Citizens have voiced a need for a community center. It’s location should be thoughtfully placed perhaps to benefit both Camas and Washougal residents. This along with redevelopment of the papermill, could be crown jewels for Camas if done right. I sincerely thank you for your vote!

Statement It has been my honor to serve on the City Council since January 2018. I am inspired by all the citizens I’ve met who reflect the pioneer spirit of those who built our great city more than a century ago. We owe it to ourselves to balance new, smart growth with preserving this unique culture and heritage.

The public process for city operations is more complicated than it first appeared and I am grateful for the opportunity to learn and apply that knowledge to decisions that balance growth and the hometown feel that Camas citizens value. Planning for tomorrow while honoring the past led to a new Urban Tree Policy and securing the treed backdrop north of Lacamas Lake for all to enjoy. Safety for our citizens was recently addressed in 2019 with the hiring of additional police officers, fire fighters, and work improving intersections and streets for drivers, bike riders, and pedestrians. Statement As a resident for almost 20 years I've witnessed amazing growth in LaCenter. Housing is booming, with several developments breaking ground, but the opening of Ilani Casino at our junction, 2 years ago, brought about the closing of two of our cardrooms, a large revenue source for 25 years. This has hurt our City and I feel the solution is to re-define our city limits so as to bring new commercial and industrial businesses in. Our "small town" feel makes us a beautiful "bedroom community", with wonderful schools and the honor of being one of the safest cities in the state, but we need revenue to survive. Our Lewis River frontage allows kayaking and picnic opportunities but those areas are not being fully utilized. I think my experience with life, my continuing work with LaCenter's youth through the Miss Teen LaCenter Scholarship Program for more than 16 years and my work with the LaCenter Police Advisory Coaliton would make me a great City Council member once again....I'm asking for your vote in November

Community Service Vancouver Planning Commission, Chair; Southwest Clean Air Agency, Board Member; City of Vancouver Affordable Housing Task Force, Clark County Food Bank; Friends of Trees; Washington Trails Association.

Statement Serving on the Vancouver City Council is an honor. I am grateful for the opportunity to serve our community in this way. With strong business experience and leadership in volunteer service, I bring a proven track record of thoughtful, collaborative leadership that puts citizens first.

Vancouver is changing rapidly— continued population growth, increasingly diverse demographics, urbanization and revitalization, parking and traffic challenges, and new housing and employment across the whole city. These changes bring a need for visionary leaders who understand issues, seek diverse views, and act decisively to help shape our future.

Vancouver needs more *economic development and family-wage jobs*. I understand both private and public sector and what it takes to attract and retain jobs. We also need more *affordable housing* and more housing choices for our changing community. *Transportation* challenges must be met with more transportation infrastructure to support all modes, from drivers to bikers, walkers, and commuters using public transit.

Vancouver is where I was raised, educated, built a career and raised a family. Vancouver is my home. I care deeply about our city, our citizens, our future, and the legacy we are creating for our children and grandchildren. I ask for your vote.

Other Professional Experience Practiced law in Southern California in civil, criminal and Children's court. Served my county as Judge Pro-tem in Small Claims and Civil Appeals. Worked as a computer programmer in Southern California and the Northwest. Now retired.

Education Associate of Arts, Juris Doctorate

In Southern California, worked with the Speaker's Bureau for Heal the Bay, an environmental organization dedicated to the preservation of Santa Monica Bay. Blood platelet donor. Habitat for humanity

Statement I pledge to fight state-line tolls as the unconstitutional act they are. I'll work for passage and strict enforcement of tough anti-littering ordinances to clean up our streets and parks. We need to assist small business growth and create the business environment to attract family wage clean jobs. We need additional patrols, cameras or traffic lights around public areas and schools. We need more accessible, affordable public parking near events, parks and small businesses to insure their success. We must require new structures to provide sufficient spaces for all their building tenants.

Affordable housing: Agreements regarding real property are not enforceable unless in writing. Therefore, we need to require that funds only be allocated after written guarantees are secured.

Homelessness is still growing. We must form strong partnership with our county, Federal agencies, and community organizations. We must mobilize all resources to find a compassionate solution to insure a favorable outcome.

I will work to insure fair and equal treatment of all city employees. I believe we need a more transparent government. I ask for your vote so we can work together for the good of Vancouver. My thanks.

Statement As your City Councilman and Mayor Pro Tem, my vision for Vancouver has always been One Community, Safe and Prosperous. Whether you live on the East side or West side, Uptown or Downtown, or somewhere in between, I will continue to represent you. When we share common goals, our city's diversity is our strength. My vote has always been to improve public safety and core essential services. I am honored to have the endorsements on the International Fire Fighters Association #452 and the Vancouver Police Guild.

First elected during a time of double digit unemployment and a recession, I chose to trim back non essential services, while maintaining our police and public safety agencies. Most importantly, we continued to operate our City on a sound fiscal basis. Today, the economy is strong and there is renewed development throughout Vancouver as our City continues to grow and prosper.

By coordinating efforts among our public agencies, we can save taxpayer dollars and provide value added services. As an example, I developed the C-TRAN Apple Pass program that gives middle and high school students free access to our bus system and community centers.

I am asking for your vote and continued support.

Statement Born and raised in Vancouver I have seen it grow and prosper. I've also seen concerning gaps in city planning, road paving, parking, addiction and homelessness. *I've been in the trenches creating coalitions with community organizations to help restore people suffering from living on the streets and struggling with addictions. As a council member, I'll bring this real-life experience with me.*

Statement Local government is about people – families, business, and children. It’s about jobs, community, keeping us safe, and the day-to-day issues confronting each of us as we live, work, and thrive. I believe our city shouldn’t be about big money and insider politics. If you believe that too, then I am your candidate for City Council.

I’m a Vancouver native; literally born on Main Street. I graduated from Hudson’s Bay High School, left for the military, and returned to raise my children here. As an Army Veteran, combat experience gave me the unique perspective about the ramifications of actions and being accountable to those that depend on you. Statement The job of a Vancouver City Council member is listening to the citizens and representing the voice of the people. And I am proud of my past service on Vancouver City Council and the Clark County Council, doing just that. Serving in both roles provides some insight about potential cooperation and partnerships between the jurisdictions.

Vancouver City Council for the last many years has successfully focused on Downtown Redevelopment and changed the face of Vancouver. Infrastructure, streets, sidewalks, street lights are scheduled. Parks are developing. Business development is strong.

Now it’s time for City Council to rebalance the focus and take steps toward protecting the stability of our existing affordable, viable neighborhoods. New street and sidewalk designs should be reasonably compatible with current uses of the neighborhoods. Adding crossings and ADA ramps and parks maintenance is needed. Street and road repairs need firm scheduling. Improvements in public safety are needed in all areas of the city. Funding law enforcement must be a high priority.

While recognizing these needs, we need to be mindful of the dangers of excessive incremental tax increases. Therefore, setting firm priorities for spending is crucial.

My partner and I moved to Washougal in 2012 to open our own small business. I attended City Council meetings because I knew the decisions being made in that room would have a direct impact on the future we were creating for ourselves on Main Street. Statement Since 1990, when my wife Judy and I moved to Washougal our community has more than doubled in size. Judy and I have been married for 54 years and we have 3 adult children and 6 grandchildren. We moved here because of the small town feel and the friendly and welcoming community that is Washougal. That community still exists, but the growth in those years has been challenging and maintaining that small town feeling is also difficult. Keeping that small town feeling and growing the community will not be easy. The business community needs to grow to provide an adequate tax base to maintain our community as a great place to live. We have a great staff in the City and retaining competent qualified people as city employees is essential. Taxes are important to new businesses coming into a community and tax revenue is important in providing service to the community. Increased taxes are not the answer to sustained growth; commerce is! As we increase commerce, tax revenues are increased and growth of the community is fostered. It is my goal to continue to the small town feel that we have here in Washougal and still grow the community!

Statement We are blessed to live in this small town, and I would be honored to represent our community. Doing the most with what you are given, and managing time efficiently, are extremely important aspects within government leadership. The purpose is to serve the people, and I intend to do so effectively. Creating a community room inside the Town Hall will be one of my first priorities. I want to give our citizens a place to interact and enjoy year-round. We should all feel comfortable being inside our Town Hall, and having an inviting space is vital to creating that comfortable atmosphere. By doing this, our council chambers will be moved upstairs like originally intended when the building was purchased. I hope to better connect our town with our beautiful surroundings. I will strive to create a walking path that links Yacolt to the existing trail system around Moulton Falls. I’m grateful for the opportunities I’ve had in talking with students, educators, and neighbors about their experiences and have applied their perspectives when making decisions and positive change with my fellow board members.

As a long-time public education advocate, I have built relationships with educators and continued to strengthen relationships with elected officials as we work together in forecasting the long-range, strategic planning goals for our growing district. I’ve had the greatest joy in being an advisor to the Camas High School club Camas Youth Advisory Council (CYAC), where civic-minded students learn and are involved in decisions made in Camas, Olympia, and D.C. With student achievement as our primary responsibility, it would be an honor for me to continue serving our students, their families and the professional educators in Camas.

Community Service I have volunteered in many roles in Camas schools and CEF.

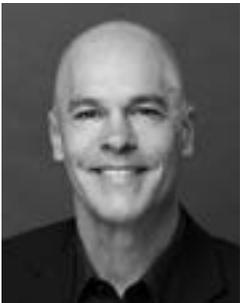

Statement I have had the honor of serving as a member of the Camas School Board for over 13 years. In that time we have seen our district nearly double in size while expanding opportunities for students and prudent fiscal management of your tax dollars. We have challenges ahead as we navigate the new state funding model, prepare students for the 21st century, and ensure our children are socially and emotionally healthy. With your support, I will continue working for every student, educator, family and community member to ensure *each* student is prepared for whatever path they choose. Elected Experience Evergreen Public Schools Director, Appointed 2014, elected 2015. Board Vice President and Board Legislative Representative, also legislative committees of the Washington State School Directors Association and the OSPI Online Learning Advisory Committee.

Other Professional Experience 28 years experience in Information Technology and Software Development. Currently Chief Technology Officer, Finite Solutions Inc.

Education Graduated Mountain View High School, 1987; Bachelor’s General Studies (History) BYU, 2016; Leadership Clark County Class of 2018.

Statement It has been an honor to serve as your School Board Director in Evergreen Public Schools. During the past five years I have worked to include the perspectives of all stakeholders to create our community’s vision of schools. I believe that students, parents, teachers, volunteers, employers, and churches all have a place in that vision.

I have listened broadly to everyone with an interest in good outcomes for kids. Personal success after graduation requires inspiring them to contribute to the common good, teaching necessary skills for the workplace or college, and motivating them to pursue their interests as good citizens and lifelong learners. With a broad perspective I advocated for better school environments, social and emotional safety, and graduation requirements that make sense.

Our community agreed with this by approving Evergreen’s bonds and levies. Along with the work of volunteers, we stay “within our means” without long-term tax rate increases. In a time of budget cuts, I believe that strong fiscal management means doing this without disrupting a student’s experiences and opportunities.

With your vote I’ll continue working to support them. They are our future. Working together is the *best* way to make that needed difference.

Statement I had the honor of being elected to position #5 on the Green Mountain School Board in November of 2017. These two years serving on the board has been exciting as well as challenging. I was appointed by the board as Legislative Representative for two consecutive years. It is the duty of a school board to provide the students with a safe learning environment, be good stewards of the taxpayers' money, maintain good communication with the community and build trusting relationships with staff and superintendent.

Our Board strives to do this in partnership with families, community, staff and students. It is important to me that we develop confident and self-reliant life-long learners. Statement As the mother of two students at Ogden Elementary, I see the great work done in our schools daily. However, as a National Board Certified science teacher of 14 years, I know more must be done.

Our students are changing. Their needs are not the same as in the past, and we as a district, must change with them. In the last decade, we've moved from chalkboards to student computers, from textbooks to project-based learning, from spelling tests to state-mandated assessments. The expectations for both students and schools is higher than ever. As a teacher and parent, I have the knowledge and experience needed to help the district navigate and adapt to these changes.

Our district needs to be responsive to these changes. The policies and budget adopted by the school board should reflect the changing priorities and values of our community and the increasingly pressing needs of our students. In addition, we must respect the expertise of educators. It is our people that make our district great. As a school board director, I promise to honor the hard work of our educators, collaborate with the community, and develop a deep understanding of our students and families.

Community Service 15+ years classroom volunteer in my 3 children's VPS schools; Girl Scout leader; Soccer coach; Sunday school teacher

Statement As an experienced educator with a passion for providing each child with what they need, I have learned...

Every child deserves the chance to be successful. We know what must be done to ensure that opportunity. The path to success begins with developmentally appropriate practices throughout early childhood. It continues with engaging, integrated curriculum. Ultimately, the path to success offers older students programs to explore, discover, and create a future. Along this path we develop lifelong learners who contribute positively to our community. The research is clear!

Every teacher deserves the resources to guide their students forward. Successful schools view their teachers as the professional experts they are. Successful schools provide comprehensive assistance for children with high needs. Successful schools provide adequate supplies and equipment without relying on teachers funding their own classes. Successful schools are child-centered but teacher driven.

Every family deserves the opportunity to be involved fully in their children's education. Families deserve to know the range of resources available to them. Families deserve easy access to decision-makers: administrators, board members, department heads. Families deserve to be treated as the most important advocates for their children. They must be heard! Every child deserves a champion!

Statement My husband and I moved to Woodland 12 years ago and established roots in the community through our involvement with the school district, our business, and sports programs. We are raising three

children, all who attend WPS.

For the past nine years, I have been actively involved in Woodland Public Schools. I consistently work in classrooms, serve on numerous committees, and lead our local dyslexia parent support group.

I have a B.A. degree in Elementary Education and taught 1st and 2nd grade before deciding to stay home and raise our children. I desire to serve on the school board to be actively involved in assuring we continue to improve student achievement. Education Associate Fire Science Degree-PCC; Bachelor of Business-University of Washington; Executive Fire Officer-National Fire Academy

Community Service 4 years-Ridgefield 4th of July Committee; 2 years-LaCenter Our Days Committee; 19 years-Community fund raising drives; 3 years-Ridgefield Grad night celebrations; 24 years-Ridgefield Santa fire station visit; 3 years-Battle Ground Christmas food drive; 3 years-Ridgefield food drive; 7 years-Ridgefield or LaCenter cleanup day

Statement In six years your Board of Commissioners have brought many ideas to improve service to you including improved leadership at all levels, reopening our station in Charter Oaks, a 20 year protection contract with the City of Woodland, a merger of CCFD #2, a code enforcement program, a new fire station in Woodland, an equitable protection contract with the Cowlitz, a future station site by the new Sports Complex, through the Cowlitz Tribe a \$650,000 grant for new fire engine, and more.

An important decision we now face is the merger of the City of Woodland into Clark Fire and Rescue. Becoming part of the District instead of contracting with the District, gives the citizens of Woodland direct representation. It allows the District to include the city in long term plans for service. Both current District citizens and the citizens of Woodland gain efficiencies and depth of response.

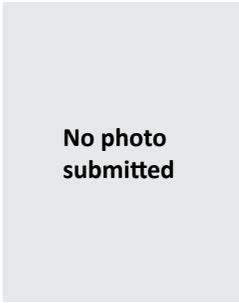

In the next six years I support building a new fire station by the Sports Complex, adding Professional Firefighters and Firefighter/Paramedics, staffing the existing station at the fairgrounds with Professional Firefighters, merging with the City of Woodland, replacing aging fire apparatus, and working closely with our partners to better serve you.

Statement Over the next six years I will advocate staffing your jointly shared station at the fairgrounds with professional firefighters along with constructing and staffing your next station by the sports complex in Ridgefield. For the safety of our citizens and firefighters as soon as the budget allows, I support increasing the number of Professional Firefighter responding to your emergencies. To bring medical life-savings skills to your doorstep we need to increase both the skill level of our current Firefighter/Paramedics and recruit more Firefighter/Paramedics.

We must continue working in partnerships with our neighboring fire departments, AMR, the Cowlitz Tribe, all police departments within our response areas, our county wide Technical Rescue Team, the school districts, the Columbia River Marine program, and all others involved in providing you a high level of fire and EMS response.

For long-term planning, more efficient resource utilization and the future growth of our service area, I strongly support the merger of the City of Woodland into our Fire District. A merger would cement the greater depth, resources, and staffing we presently share from our service contract with Woodland.

Elected Experience East County Fire and Rescue Commissioner (appointed in 2018)

Other Professional Experience Ecologist at Oregon Department of Environmental Quality. I work to protect drinking water sources and other waterbodies from pollution,

using science, law, and collaborative efforts with drinking water systems, landowners, community groups, and government agencies. Previously a biomedical researcher.

Education Capital High School, Boise, ID. BS Biochemistry, Washington State University. MS Environmental Science, Washington State University-Vancouver.

Community Service I serve on the Clark County Clean Water Commission, fundraise for the Oregon Food Bank, donate farm produce to homeless service organizations, and do public education about human and environmental health.

Statement Since August 2018, I have served on the East County Fire and Rescue Commission by appointment. I ask for your vote to confirm me for the rest of the current term. I'm a rural resident and understand the challenges faced by landowners who need fire-safe and ecologically healthy homes and properties. My first priority is to ensure that the District continues to provide quality EMS and fire service to residents and maintains a firm financial footing. I want the District to attract more volunteers and do more public education about defensible space and fire-safe behavior.

Public service and service to others is a core value of mine. It's one of the major reasons I work for the State of Oregon; my job is to serve the interests of the public and protect natural resources for current and future generations. My interest in serving on this commission stems from a desire to make and keep my community a good place to live and work. My knowledge of natural resources and government regulatory structures, along with my desire to find mutually-beneficial solutions to public policy problems, is a valuable skill set for ECFR. Thank you for your consideration.

Elected Experience I have served as your fire commissioner since March of 2015 including as Chair and Vice-Chair. I previously served as a fire commissioner in Idyllwild, California.

Other Professional Experience I've worked in technology my entire career. Most recently, as a Senior

Development Engineer for the University of CA, before starting a company based on instrumentation my team developed for ecosystem study.

Education I attended UCLA and Control Data Institute.

Community Service As a 25-year volunteer Ranger for the USFS, I earned the President's Call to Service Award and am Chair Emeritus of the Forest Service Volunteer Association.

Statement When I told an old friend and Fire Chief I was going to be a fire commissioner again, he shook his head and said, "didn't you learn anything the last time?!" It was his way of saying, "you know what you're getting into and you're still doing it anyway?" The thing is, public service isn't about oneself. It is about using your knowledge and skills to make the community in which you live better and safer in the most cost-effective way.

As with any job, there is much to learn when one starts a new position. For a fire commissioner, this includes not only the office itself but the laws related to it (there are many!) as well as understanding the fire service from the administrative, logistical, and practical sides. Having spent 25-years volunteering for the US Forest Service provided me with firsthand understanding of each these giving me a running start. Over the past four years, I have continued to learn more and therefore perform my responsibilities better. I, therefore, ask for your vote so that I may continue to utilize what I have learned to spend your tax dollars in the wisest way possible.

The businesses we bring to operate at the Port provide family wage jobs and those jobs echo throughout the community. The Port connects us with the world and must always maintain our healthy community and environment. For example, No Oil Terminals in our future.

I ask for your vote as I believe I will bring a diversity of thought to the Board. My many years of experience in accounting, business consulting and business development can bring value to our Port.

I believe that the Port has in their budget the ability to give back to the citizens/owners by reducing the Port's dependence on our property tax dollars. I would push the Port to reduce the amount of taxes levied by the port district by 15% in 2020 (\$1.5 Million). I want the Port to be a taxing agency that actually reduces your taxes as it becomes self-reliant. The taxpayers deserve a voice, the taxpayers deserve a break.

City of Camas

Proposition No. 2**Recreation Improvement Bonds**

The City Council of the City of Camas adopted Ordinance 19-007 concerning a proposition for financing the construction of recreation improvements. If approved, this proposition would authorize the City to issue bonds for recreation improvements including to construct a new community center with recreation pool, competitive pool, and sport fields. It would authorize the issuance of not more than \$78,000,000 of general obligation bonds maturing within 21 years, and authorize the annual levy of excess property taxes to pay such bonds, as provided in Ordinance 19-007.

Should this proposition be approved?

Yes No

STATEMENT FOR

Imagine for a moment, living in a community that is alive and thriving. One that is inclusive of others, socially fulfilling, environmentally friendly and financially sound. One that not only inspires its residents, but motivates others to invest in it as well. That is the Camas we all aspire to create, and is why we support the current proposal by the city for a new community aquatics center and sports parks upgrades.

These community enhancements support the city's 2035 comprehensive plan and overall vision. These enhancements will serve all genders, age groups and the entire economic spectrum. It will create opportunities for social interactions, promote exercise and wellness, increase participation and bring tourism and revenue to our community.

Aquatics Center Benefits: Provides a place for inclusive gatherings (community, sports and business); Job creation; Economic stimulus (tourism through events); Exercise and rehab opportunities for all ages and abilities. *Sports Fields Benefits:* Resolves infrastructure challenges (increased participation); Economic stimulus (tourism through events); Bring parks in line with ADA guidelines; Bring our youth back outside.

We believe this investment in our community will more than pay for itself through social, environmental, economic and health benefits. With existing bond levies dropping off, the tax burden will actually be less in 2021 going forward, even with this addition. We all chose Camas for a reason. This is our opportunity to ensure it remains an ideal place to stay, live and grow. This is an opportunity to invest in our children, our community and our future.

REBUTTAL OF STATEMENT AGAINST

Although the enhancements will require \$1.04 per \$1000 in assessed property value in 2021, existing bond levies (\$1.44 per \$1000 for the school district and library combined) expire in 2021, resulting in a net tax reduction. Traffic along Lake Road can be challenging, however the proposed implementation of roundabouts and traffic lights will lead to improved traffic flow and safety. We will never go wrong by investing in our community and our future.

City of Camas

EXPLANATORY STATEMENT

If approved by voters, passage of Proposition No. 2 would authorize the City of Camas to levy excess property taxes to pay general obligation bonds not to exceed \$78,000,000, maturing within 21 years of date of issue, for the purpose of financing recreation improvements, including a community center with recreation pool, competitive pool, and sport fields. The levy rate is estimated to be \$1.04 per \$1,000 of assessed valuation. Exemptions may apply for homeowners who are 61 years or older, the disabled, and those who meet income requirements set by state law. For more information, contact the Clark County Assessor.

STATEMENT AGAINST

In 2017, estimated costs to replace the Crown Park outdoor city pool were \$2,220,000, yet the city closed that pool in 2018. In 2019, costs of a “replacement” have ballooned to \$72,000,000 for a 78,000 square foot facility with fitness center, multiple pools, and meeting rooms. Add \$6,000,000 for sports field improvements for an exorbitant \$78,000,000 bond. These construction costs will add approximately \$500 to annual property taxes for a \$480,000 Camas home.

Camas families and businesses will have to pay annual bond taxes if they never use the facility, *plus additional fees to actually use the facility*. Operation costs for the elaborate center are not included in the bond, nor fully disclosed at the city website. User fees will cover some costs, but a *new parks taxing district and additional taxes* are being considered to pay for operations.

Schools, Fire, EMS, and the Port also ask for tax hikes. Essential city services like roads and water are priority, not facilities already available in our community. Local schools rent gyms, rooms, and fields to community groups, and school playgrounds double as neighborhood parks. Nearby athletic clubs offer pools and workout facilities for reasonable fees, and it is unfair for the City to compete with or push out longtime businesses.

The proposed lakeside location is a notorious traffic bottleneck and safety concern. Alternate locations in less congested areas have been identified, yet ignored. This massive bond places the wants of the few above the actual needs of the many.

REBUTTAL OF STATEMENT FOR

Suggesting that Camas is not already alive and thriving is silly. To propose that our only path to inclusivity, social fulfillment, environmental and fiscal responsibility is a 21 year, \$78 million swimming pool bond is dishonest. Tourism, jobs, and investment are already flowing into Camas exactly the way it is. Borrowing this much money to fund such a narrow scope of services isn't an effective use of our limited tax dollars, and is entirely irresponsible.

Proposition No. 1**Proposed Charter Amendment No. 1****Concerns changes to the Commission on Mayor/Council salaries**

This amendment to section 2.18 would increase the number of Commission members from five to seven and remove outdated language. Salary increases for Mayor, Mayor Pro Tempore and Councilmembers would be capped at the annual rate of the Consumer Price Index for the West Region (CPI-W). Salary increases higher than CPI-W would require a public vote.

Should this amendment to the Charter be enacted?

Yes No

STATEMENT FOR

The Salary Review Commission (SRC) was established November 8, 1994 and has performed as intended since that time. The SRC sets salary levels for city council members including, the Mayor and Mayor Pro-Temporary.

In 2016 the SRC initially set significant increases in salary levels for the following year. After a successful petition drive, the increases were subsequently reduced to levels more consistent with normal cost of living adjustments. These events identified the need for change to the process.

The Charter Review Committee proposes two changes to improve how the SRC functions. The first change is to increase the size of the SRC from 5 to 7 members. The result will provide for a more broad and inclusive representation of citizens in the process. The second change is to limit the ability of the SRC to make major changes to the level of compensation. Future increases will be limited to the Consumer Price Index for Wage Earners and Clerical Works (CPI-W) for the West region as established by the Bureau of Labor Statistics for the prior two years. Increases above this level would require a vote of the citizens of Vancouver.

These modifications to the City Charter will strengthen the process, hold the SRC accountable and provide for direct referral to the citizens of Vancouver when needed.

Proposition No. 2**Proposed Charter Amendment No. 2****Concerns clarification of Councilmember qualifications**

This amendment to Section 2.02 clarifies that Councilmembers who are either elected or appointed to a vacant Council seat must have two-year continuous city residency and also clarifies that restriction on simultaneously holding another public office means an “elected” public office.

Should this amendment to the Charter be enacted?

Yes No

STATEMENT FOR

Amendment number 2 adds specific wording to the charter to clarify its intent in two key areas:

The first proposed change clarifies that applicants for a vacant City Council seat meet the same residency requirements as candidates who stand for election. Without this amendment, it would be possible for a short-term resident to be appointed to the council but be unable qualify as a candidate in the next election because of the two-year residency requirement. A potential appointee to an open council seat should face the same residency requirement as a candidate filing for an elected position.

The second proposed change is needed to eliminate uncertainty regarding the term “public office” by simply adding the word “elected.” It will promote good government by clarifying the prohibition against holding multiple elective public offices simultaneously.

This amendment received the unanimous support of the Charter Review Commission and approval by City Council for consideration by voters. It deserves your “Yes” vote.

This amendment to Section 2.08 of the City of Vancouver's charter would require that the City Council adopt specific rules and procedures for filling Council vacancies including provisions for public notice of such vacancies and that interviews of applicants for the position be done in public.

Should this amendment to the Charter be enacted?

Yes No

STATEMENT FOR

Residents deserve the opportunity to observe the process by which appointments are made to vacant City Council seats.

Currently, council members are under no legal obligation to keep the appointment process open to the public. Fortunately, the council has adopted ad hoc procedures for filling the two latest previous vacancies that provide public access, however there is no guarantee future councils will do the same.

Voting "Yes" on proposed Charter Amendment No. 3 will ensure that council members will be required to establish and follow procedures that include public notice for meetings where vacancies are considered, and that candidate interviews will be open to the public.

Public notice and open meetings are basic tenets of good government. The proposed amendment will ensure both public notice and open meetings take place in the event of future council vacancies. This proposed amendment was recommended unanimously by the Charter Review Commission and was approved by the council for consideration by voters. This charter amendment deserves your support.

Should this amendment to the Charter be enacted?

Yes No

STATEMENT FOR

Although the current city practice is in line with Washington State Law, the Charter is not consistent with either.

The amendment provides for an appointed officer to audit all claims before payment. The city council would then be able to approve the paid claims at the next regularly scheduled public meeting within one month of payment.

Proposition No. 5**Proposed Charter Amendment No. 5****Concerns clarifying city contracting authority**

The wording in the charter is unclear as to whether the City may enter into contracts for longer than five years. While longer contracts are not common, contractors may require a longer term if a significant financial investment is involved. This amendment to Section 11.05 would clarify that the City may enter into contracts for longer than five years if approved by the City Council through ordinance.

Should this amendment to the Charter be enacted?

Yes No

STATEMENT FOR

Proposition 5 removes the limitation in Section 11.05 that makes it only apply to appropriations (budgets) of more than one year. This amendment simplifies the language of Section 11.05 and makes certain that it applies to any budgetary period adopted by the Council.

Vancouver is only one of two cities in the state that sets a limit on contracts that go beyond the regular budget period. Five years was the time set when the charter was created in 1952. There is no state level requirement. The effect is to require contracts to be put out for bid periodically.

Section 11.05 allows the City to have contracts for a longer period when it is to the City's advantage. It may be necessary to entice vendors that must make a substantial capital investment such as garbage collection. It may also be necessary to obtain favorable cost benefits or to avoid expected future higher costs such as in technological support.

Requiring longer term contracts to be authorized by ordinance means it will be a public process. The Council must address them individually and not just be buried in the larger budget. It also means there will be a public hearing where there can be public input. It means the process is transparent. Unless approved by ordinance, a more than 5 year contract cannot be valid.

Should this amendment to the Charter be enacted?

STATEMENT FOR

Amending an ordinance with many subsections can be expensive when it is published in its entirety. Sometimes the purpose of the amendment can become obscure, due to all the excess included information.

Proposition No. 7**Proposed Charter Amendment No. 7****Concerns miscellaneous changes to remove inconsistencies and inapplicable language**

Amendment to Section 10.07 of the charter would confirm that the time frame for Council action on an ordinance proposed through initiative petition is thirty days, making it consistent with the same action in Section 10.08. In Section 7.03 and 11.03, the term “police judge” which is no longer in use would be removed. An amendment to Section 11.04 replaces the phrase “either of them” with “the city council”. The current language is confusing.

Should these amendments to the Charter be enacted?

Yes No

STATEMENT FOR

Proposition 7 has been referred to as a “housekeeping” amendment to the City Charter. The objective is to correct or clarify language within the Charter to make it consistent or easier to understand.

Article X includes the rules for Initiative and Referendum petitions and what the City Council is required to do. There is an inconsistency between Sections 10.07 and 10.08. One says the Council is to act on a petition within 60 days and the other 30 days. This amendment will correct the inconsistency by changing the 60 days to 30 days.

There are references in Article VII and XI to “police judges”. A police judge is also known as a Justice of the Peace. This is a position that no longer exists for the City of Vancouver. It is a lower court officer whose responsibilities are now performed by District Court. This amendment deletes an obsolete reference.

Article XI, Section 11.04 refers to the power of the City Council to conduct investigations into city agencies or municipal affairs. This amendment clarifies that only the Council can authorize any person or committee to conduct an investigation. There is no change to the authority granted by this section.

Proposition No. 1

Levy Lid Lift for Law Enforcement Personnel and Equipment

The Woodland City Council adopted Resolution No. 711 to fund law enforcement. If approved, this proposition will fund the hire of three officers and general police equipment. This proposition authorizes a permanent 2020 regular property tax rate increase of \$0.6270/ \$1,000, for a total levy rate of \$2.4700/ \$1,000 assessed value. The 2020 levy amount shall be used to calculate future levy limits.

Should this proposition be approved?

Yes No

STATEMENT FOR

Dear friends and neighbors of Woodland. We have an opportunity to let our support and voices be heard. Let's show our neighboring towns why Woodland is the place to live.

Our police department is inadequately staffed. We need your help. As our community continues to grow and new businesses are developed we need additional officers in order to maintain public safety. Without the proper staffing we are putting our current officers in harm's way and putting a real burden on their families as the officers are forced to work overtime. Let's show our police officers we support and value them and their families. I fear that if we don't do something quickly we could have a tragedy on our hands as officers lack the resources to provide safety for the public and themselves.

No one like additional taxes. We are all stretched so thin these days. However what value can we put on the welfare of those who put their lives on the line for us and our families every day. Let's all take this opportunity to vote yes on this levy lid lift and show everyone why we chose to live here and make Woodland our home. Now let's do the right thing and support our officers with some additional support.

REBUTTAL OF STATEMENT AGAINST

Crime will get worse if we don't have the officers required to properly police our community.

EXPLANATORY STATEMENT

Pursuant to RCW 84.55.050, the Woodland City Council adopted Resolution No. 711 to authorize an increase in the City's regular property levy in an amount exceeding the 1% levy lid. The lid lift is classified as a one-year permanent increase. The exclusive use of the lid lift is to fund salaries, benefits, and equipment over multiple years for two additional police officer positions and a police sergeant position and other general police equipment.

If approved, the 2020 regular property tax levy rate would increase by \$0.6270 per \$1,000 of assessed value over the 2019 levy rate. The city's total regular property tax levy rate in 2020 would be \$2.4700 per \$1,000 of assessed value.

STATEMENT AGAINST

What we are trying to accomplish as a city? Our spending has more than doubled in 4 years. Another \$600,000 would make our operating budget per person larger than surrounding communities. Surrounding communities average between 1.25 and 2.00 officers per 1,000. Adding 3 officers & 3 new cars would give us 2.1 officers per 1,000 and 13 police cars.

We've voted budget and tax increases in a vacuum. Instead of looking at all the things coming down the pike, we've done one at a time: let's build a fire station, a police department, a new high school, higher sewer costs. We don't have a planning document that identifies and ranks all projects by cost and level of importance. If we knew everything we needed to fund, would we have approved increases differently so we had room for other taxes?

One of the big projects coming down the pike is the transportation plan. We can get federal funds to upgrade exit 21 & 22, but we must match funds. The match will be a 20 year bond paid by increasing our property taxes. A ballpark estimate is our portion is \$4 million an exit. The middle school says it needs to expand.

My property taxes have taken a 73% increase since 2015. This lift would add another \$200 per \$275,000 home, is permanent and grows over time. Before we vote additional spending, we need to understand all capital and growth projects and prioritize by importance.

REBUTTAL OF STATEMENT FOR

The population has grown 7% since 2015. In the same time, officers have gone from 7 to 10 or an increase of 43%. The police chief stated the additional \$600K will only reduce 30% of the overtime budget or about \$40K. We had less overtime when we had 7 police officers. Woodland crime is misdemeanors or minor wrong doings like shoplifting. Before voting for more spending, let's see all capital and growth projects.

City of Camas

Ordinance No. 19-007

AN ORDINANCE of the City of Camas, Washington, providing for the submission to the voters of the City at a general election to be held on November 5, 2019, of a proposition authorizing the City to issue its general obligation bonds for the purpose of financing recreation improvements including the construction of a new community center with a recreation pool, competitive pool and sport field improvements, in the principal amount of no more than \$78,000,000 payable by annual property tax levies to be made in excess of regular property tax levies, and to levy those excess property taxes

WHEREAS, the City Council of the City of Camas, Washington (the "City"), has determined that it is in the best interest of the City to undertake the construction of a new community center with a recreation pool to be located in Camas, Washington and the addition and/or improvements to sport fields (the "Project"); and

WHEREAS, the City Council wishes to seek voter approval for the issuance and sale of not to exceed \$78,000,000 of general obligation bonds of the City to pay the costs of the Project and the costs of issuance of such bonds, to be repaid by an annual excess property tax levy; and

WHEREAS, the constitution and laws of the State of Washington provide that the question of whether or not the City may issue such bonds be submitted to the qualified electors of the City for their ratification or rejection at an election;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF CAMAS, WASHINGTON, DOES ORDAIN AS FOLLOWS:

SECTION 1. Project. The City Council finds that in order to provide community amenities it is in the best interest of the City to undertake the construction of a community center with a recreation pool, competitive pool, and the addition and/or improvements to sport fields.

The Project shall include all necessary equipment, supplies, and appurtenances. The cost of all necessary architectural, engineering, legal and other consulting services, inspection and testing, administrative expenses, site acquisition or improvement, demolition, on and off-site utilities, transportation improvements, related improvements and other costs incurred in connection with the Project shall be deemed a part of the costs of such capital improvements.

The estimated cost of the Project, including the costs of issuing and selling the bonds authorized by this ordinance, is declared to be approximately \$78,000,000.

The City Council may modify the details of the foregoing Project where necessary or advisable in the judgment of the City Council.

SECTION 2. Description of Proposed Bonds. The Bonds may be issued as a single issue, as a part of a combined issue with other authorized bonds, or in more than one series, as deemed advisable by the City Council and as permitted by law. The Bonds shall be fully registered bonds; shall bear interest payable as permitted by law; shall mature within 21 years from the date of issue, or within any shorter period fixed by the City Council; shall be paid by annual property tax levies sufficient in amount to pay both principal and interest when due, which annual property tax levies shall be made in excess of regular property tax levies without limitation as to rate or amount but only in amounts sufficient to meet such payments of principal and interest as they come due; and shall be issued and sold in such manner, at such times and in such amounts as shall be required for the purpose for which such Bonds are to be issued. The exact date, number of series, form, terms, option of prior redemption, price, interest rate or rates and maturities of the Bonds shall be hereafter fixed by ordinance of the City Council. Pending the issuance of the Bonds, the City may issue short-term obligations pursuant to chapter 39.50 RCW or such other obligations as are permitted by law to pay for the costs of the Project. Such obligations and their costs may be paid or refunded with proceeds of the Bonds when issued.

SECTION 3. Proceeds of the Bonds. If available money from the proceeds of the Bonds is more than sufficient to pay the costs of the Project, or if state or local circumstances require any alteration in the Project, the City may acquire, construct, equip and make other park and recreation related capital improvements to the City's facilities, or retire and/or defease a portion of the Bonds, all as the City Council may determine and as permitted by law. If the proceeds of the sale of the Bonds and other available money are insufficient to make all of the capital improvements herein provided for, or if it has become impractical to accomplish the Project or portions of the Project, the City may use the proceeds of the Bonds and other available money for paying the costs of those portions of the Project deemed by the City Council to be most necessary and in the best interest of the City.

SECTION 4. Calling of Election. The City Council requests that the Auditor of Clark County, Washington (the "Auditor") call and conduct a general election in the City, in the manner provided by law, to be held therein on November 5, 2019, for the purpose of submitting to the voters of the City, for their approval or rejection, the question of whether or not general obligation bonds of the City shall be issued in the principal amount of not more than \$78,000,000 (or such lesser maximum amount as may be legally issued under the laws governing the limitation of indebtedness), the proceeds of which shall be expended to pay the costs of the Project, and annual excess property taxes shall be levied to pay and retire the Bonds.

City of Camas

Ordinance No. 19-007

If such proposition is approved by the requisite number of voters, the City shall be authorized to issue the Bonds in the manner described in this ordinance, to spend the proceeds thereof to pay the costs of the Project, and to levy excess property taxes to pay and retire such Bonds. The proceeds of the Bonds shall be used for capital purposes only and not for the replacement of equipment.

SECTION 5. Ballot Proposition. The City Clerk is authorized and directed to certify, no later than August 6, 2019 (by 5 p.m.) to the Auditor, as *ex officio* supervisor of elections in the City, a copy of this ordinance and the proposition to be submitted at that election in the form of a ballot title prepared by the City Attorney pursuant to RCW 29A.36.071, as follows:

**PROPOSITION NO. 2
CITY OF CAMAS
RECREATION IMPROVEMENT BONDS**

If approved, this proposition would authorize the City to issue bonds for recreation improvements including to construct a new community center with recreation pool, competitive pool, and sport fields. It would authorize the issuance of not more than \$78,000,000 of general obligation bonds maturing within 21 years, and authorize the annual levy of excess property taxes to pay such bonds, as provided in Ordinance 19-007. Should this proposition be approved?

Yes No

For purposes of receiving notice of any matters related to the ballot title, as provided in RCW 29A.36.080, the City Council hereby designates its bond counsel, Foster Pepper PLLC (Nancy Neraas, 206-447-6277, Nancy.neraas@foster.com), as the person to whom such notice shall be provided.

SECTION 6. Authorization of Local Voters' Pamphlet.

The City authorizes preparation and distribution of a local voters' pamphlet, including an explanatory statement and statements in favor of and in opposition to the ballot measure, if any. The preparation of explanatory statement, the appointment of pro/con committees and the preparation of statements in favor or and in opposition to the ballot title shall be in accordance with chapter 29A.32 RCW and the rules and guidelines of the Auditor, and the City authorizes the Finance Director to take such actions as may be necessary on behalf of the City to carry out the foregoing.

SECTION 7. General Authorization. The proper City officials are authorized to perform such duties as are necessary or required by law to the end that the question of whether

or not Bonds shall be issued and excess taxes necessary to pay and retire the Bonds be levied, all as provided in this ordinance, shall be submitted to the voters of the City at the November 5, 2019 general election.

SECTION 8. Intent to Reimburse. The City Council declares that to the extent that the City makes capital expenditures for the Project, prior to the date the Bonds or other short-term obligations are issued to finance the Project, those capital expenditures are intended to be reimbursed out of proceeds of the Bonds or other short-term obligations issued in an amount not to exceed the principal amount of the Bonds provided by this ordinance.

SECTION 9. Severability. If any provision of this ordinance is declared by any court of competent jurisdiction to be invalid, then such provision shall be null and void and shall be severable from the remaining provisions of this ordinance, and shall in no way affect the validity of the other provisions of this ordinance or of any other ordinance or resolution or of the Bonds.

SECTION 10. Publication and Effective Date. This ordinance or a summary thereof consisting of the title shall be published in the official newspaper of the City, and shall take effect and be in full force five days after publication.

SECTION 11. Ratification of Prior Acts. Any action taken consistent with the authority of this ordinance, after its passage but prior to the effective date, is ratified, approved, and confirmed.

City of Woodland

Resolution No. 711

A RESOLUTION OF THE CITY OF WOODLAND, WASHINGTON, RELATING TO REGULAR PROPERTY TAXES; SUBMITTING TO THE QUALIFIED ELECTORS OF THE CITY AT THE STATE GENERAL ELECTION ON NOVEMBER 5, 2019, OF A PROPOSITION AUTHORIZING THE CITY TO LEVY REGULAR PROPERTY TAXES IN EXCESS OF THE LIMITATIONS OF RCW 84.55; SETTING FORTH THE TEXT OF THE BALLOT PROPOSITION; DIRECTING THE APPROPRIATE CITY OFFICIALS TO TAKE THOSE ACTIONS NECESSARY TO FACILITATE THIS RESOLUTION; AND PROVIDING FOR OTHER RELATED MATTERS

RECITALS

The City Council (the "Council") of the City of Woodland, Washington (the "City"), makes the following findings:

WHEREAS, Chapter 84.55 of the Revised Code of Washington limits the incremental increase on the amount of regular property taxes to 1% of the highest prior levy amount. This limitation is known as the "levy lid."

WHEREAS, RCW 84.55.050(2) allows a City to increase the regular property tax levy in amounts exceeding the levy lid. The 1% lid on the levy can be lifted if a City submits the proposition to the voters and the increase is approved by a majority of voters. The proposition shall be at a special election held within the city on the same date as the State general election.

WHEREAS, because the levy lid prevents the City of Woodland from raising sufficient revenue to fund additional police coverage, the City Council finds that it is essential and necessary for the public health, safety and welfare that the City raise additional funds to support law enforcement, specifically, to fund the salaries, benefits and equipment for the hiring of two additional police officers and a police sergeant position and other general police equipment over multiple years.

AND, WHEREAS, the Council has determined that the current revenues available to the City are insufficient to provide for this purpose, and has therefore determined that it is in the interests of the City and its residents to submit a levy lid lift proposition to the voters for their approval or rejection and that, if approved, the final levy will be used to calculate the limits of future levies.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF WOODLAND, WASHINGTON, RESOLVES AS FOLLOWS:

SECTION 1. Purpose and Calling of Election.

The City Council finds that it is in the best interest of the City to submit to the qualified voters of the City, at a special election to be held in conjunction with the State general election on November 5, 2019, a proposition authorizing the

City of Woodland

Resolution No. 711

City to increase its regular property tax levy for collection in 2020 for the exclusive purpose of funding law enforcement services by an amount greater than otherwise permitted under Chapter 84.55 RCW. If this proposition is approved, the City Council will be authorized to adopt, in accordance with its regular budget process, an increase in regular property taxes.

SECTION 2. Description of Ballot Measure Limited Purpose.

To fulfill the exclusive purpose identified in this resolution, the City Council seeks voter approval under RCW 84.55.050(1) for a permanent levy lid lift. The proposed increase will result in an incremental increase in the regular property tax rate of \$0.6270 of assessed value, for a total estimated levy rate of \$2.4700 per \$1,000 of assessed value for collection in 2020. The dollar amount of the levy in 2020, will be \$576,001 and shall be used for the purpose of calculating future levy lid limitations for subsequent levies as provided under Chapter 84.55 RCW. The increased levy amounts shall be used solely to fund additional law enforcement positions and police equipment.

SECTION 3. Ballot Proposition.

The Auditors of Cowlitz County, Washington, and Clark County, Washington (the "Auditors"), are hereby requested to place on the November 5, 2019 general ballot, in the manner provided by law, a proposition in substantially the following form, subject to confirmation and editing by the Woodland City Attorney pursuant to RCW 29A.36.071 or per recommendations of the Auditors, so long as the Proposition as edited is consistent with the Council's intent.

The Auditors, as the City's *ex officio* supervisors of Elections, are hereby requested to call and conduct said election on Tuesday, November 5, 2019, and submit to the qualified electors of the City the following proposition:

City of Woodland, Washington

Proposition 1

Levy Lid Lift for Law Enforcement Personnel and Equipment

The Woodland City Council adopted Resolution No. 711 to fund law enforcement. If approved, this proposition will fund the hire of three officers and general police equipment. This proposition authorizes a permanent 2020 regular property tax rate increase of \$0.6270/ \$1,000, for a total levy rate of \$2.4700/ \$1,000 assessed value. The 2020 levy amount shall be used to calculate future levy limits. Should this proposition be approved?

Yes No

SECTION 4. Notices Relating to Ballot Proposition.

For purposes of receiving from the Auditor notice of the exact language of the ballot proposition required by RCW 29A.36.080, the City Council hereby designates: (a) Peter

SECTION 6. Severability.

If any provision of this resolution shall be declared by any court of competent jurisdiction to be invalid, then such provision shall be null and void and shall be separable from the remaining provisions and shall in no way affect the validity of the other provisions, or of the levy or collection of the taxes authorized herein.

SECTION 7. Effective Date.

This resolution shall take effect and be in force immediately from and after its passage.

ADOPTED this 15th day of July, 2019.
