Dear Candidates and Committee Members:

Every political season generates considerable citizen comment regarding the number, construction and placement of political signs during election campaigns. I am writing to familiarize you with Vancouver's sign regulations and policies regarding political signs. I am also writing to urge you to make a voluntary pledge to comply with a program to minimize the visual blight that the political season can engender, especially in some of Vancouver's most beautiful and historic areas.

Vancouver sign regulations prohibit¹ the following:

- Posting of any signs on trees, structures or installations upon a public street. This includes no posting of signs on telephone poles, utility cabinets, fire hydrants, streetlights or parking meters.
- Posting of any signs on any property (including abutting parking strips) without the consent of the owner or owner's agent.
- Posting of any signs on City owned or leased property without the consent of the City. (See the attached policy regarding "Political Signs on City Property")
- Placement of any sight obscuring object, including but not limited to signs, within any required yard area between 30 inches and 10 feet above the street grade within the triangular vision clearance area as shown in the attached diagrams.
- Signs and sign support structures that are not constructed to resist being overturned by wind.

I believe that there is widespread community support to go beyond these minimum legal requirements to keep Vancouver's street rights-of-way and public areas free of the clutter of unlimited political signs. You are also no doubt aware of court decisions which limit the ability of the City to prohibit this unsightly clutter along our City streets.

We are therefore requesting that all candidates, promoters and opponents of ballot measures and their campaign committees to voluntarily pledge to abide by Vancouver's voluntary guidelines for political signs and to limit the use of political

signage in street rights-of-way, medians, traffic islands, and circles and in particular to keep political signs out of the street rights-of-way in Vancouver's most scenic and historic areas. We ask that no signs be placed in the historic or scenic areas such as Officer's Row and Vancouver's National Historic Reserve a portion of which is also subject to federal restrictions as described in the attached policy.

Also enclosed is a pledge form we are asking you to sign as your promise to Vancouver and its citizens that you will abide by these voluntary guidelines. Please file this form with the City Clerk's Office, 415 W 6th Street, Vancouver, Washington, 98660.

If you have any questions, please contact Greg Turner, Land Use Manager, at 360-487-7883 or via email (greg.turner@cityofvancouver.us).

Thank you for your cooperation.

Sincerely,

Regulations and Guidelines

City Ordinances prohibit:

- Posting of any signs on trees, structures or installations on a public street. This includes no posting of signs on telephone poles, utility cabinets, fire hydrants, streetlights, or parking meters.
- Posting of any signs on any property (including abutting parking strips) without the consent of the owner or owner's agent.
- Posting of any signs on City owned or leased property including City parks without the consent of the City. (But see "Political Signs on City Property" below.)
- Placement of any sight obscuring object, including but not limited to signs within any required yard area between 30 inches and 10 feet above the street grade within the triangular vision clearance area as shown in the attached diagrams.
- Signs and sign support structures that are not constructed to resist being overturned by wind.

Political signs on City Property:

RCW 42.17.130 provides that public facilities may not be used, directly or indirectly, for the purpose of assisting a campaign for election of any person to any office or for the promotion of or opposition to any ballot proposition.

Washington courts have held that the First Amendment and the State Constitution's freedom of speech provisions limit local governments' authority to regulate political speech in a "traditional public forum" such as city rights of way.

In keeping with the statutory prohibition but respecting First Amendment issues, political signs may not be posted or placed on any City owned or leased property except as follows:

- As part of a political demonstration or similar political event held in a traditional public forum on City-owned or leased property. These locations would include those portions of City parks or other City properties which are traditional public forums. (e.g. The plaza in front of City Hall.) This would not include any City building or facility is not a traditional public forum, such as the interior of City Hall, Marshall Center, and other City offices and work facilities. All signage must be promptly removed following the end of the event.
- Political signs may be placed within City right of way such as parking strips, medians, traffic islands, traffic circles and other roadside areas; provided there is no triangular vision clearance or line of sight problem as described herein created by placement of the sign and that such placement does not create traffic safety issues or damage to irrigation lines for vegetation maintenance. Improperly placed signs, and signs that are placed in an area where road maintenance needs to be performed, may be removed and are available for pickup at the Operations Center for thirty (30) days.
- To identify or direct participants to a political function in a rented City facility which is generally made available by the City on a content-neutral basis to private or non-profit entities – e.g. rented meeting or banquet rooms at Luepke Center, Marshall Center or Firstenburg Center. Signs shall be subject to the terms

of any lease or use agreement for the specific facility and shall bear a notation stating that the event is not sponsored or endorsed by the City of Vancouver.

Voluntary Candidate Guidelines:

The City of Vancouver believes, based on citizen comments, that there is widespread community support for minimizing the clutter of political signs in the public right of way. Citizens generally comment that a proliferation of signs obstructs their view of traffic and pedestrians at intersections, makes the community look cluttered and interferes with public travel and convenience when they walk or must maneuver to avoid signs posted in parking strips.

In addition to compliance with the City ordinances and state laws described above, the City of Vancouver asks for the voluntary commitment of candidates, supporters and opponents of ballot measures, and their campaign committees to follow these guidelines:

- To ensure that political signs will not be placed in street rights-of-way on or near:
 - Parking strips in areas where members of the public frequently enter and exit vehicles.
 - Medians, traffic islands, and traffic circles.
 - Scenic or historical areas such as Officers' Row, the Vancouver National Historic Reserve area, and City parks and recreation areas. Signage of any kind is prohibited in City parks. (Those areas of the Historic Reserve which are federal property are governed by different regulations and questions regarding such regulation should be directed to the Department of Defense or National Park Service).
- To not display political signs that resemble traffic control devices. If such signage is deemed to be a traffic hazard or distraction, it will be removed.
- To remove political signs from street rights-of-way within fifteen (15) days after the election. (e.g. by making certain that each campaign committee has a master key map of locations and a schedule for picking up signs within that time frame.)

Attached is a pledge form, which the City asks candidates, committee members, and promoters or opponents of ballot propositions to sign as a voluntary agreement to abide by these guidelines. Please fill out this form and forward it to the City Clerk's Office.

If you have any questions, please contact Greg Turner, Land User Manager, at 360-487-7883, via email (greg.turner@cityofvancouver.us) or visit his office at 415 W. 6th Street, Vancouver, WA.

Thank you.

Dear Candidates and Committee Members:

Election season often prompts questions and concerns about placement of political signs in unincorporated Clark County. With this letter we would like to ensure that you are familiar with local regulations, policies and practices, which reflect widespread voter support to keep right of ways clear of clutter.

Requirements are as follows:

- A special registration must be submitted to place political signs in unincorporated Clark County. Registration applications are available online at <https://www.clark.wa.gov/elections/candidate>. Registrations are also available at no cost from the Department of Community Development, 1300 Franklin Street, Vancouver, WA 98666 in their 1st Floor Permit Center. Completed registrations are accepted in the Permit Center Monday Tuesday Thursday & Friday 8am-2:30 pm, and Wednesday 8 am to 12:00 pm.
- Signs may not be placed in locations that would constitute traffic hazards. If you are advised by county staff of hazardous placement, please remove the sign immediately.
- Please work closely with all volunteers placing signs, outlining for them the rules of sign placement, so as to avoid complaints and the necessity to revisit the sign location.
- Political signs must be removed within 15 days after the election. Campaigns with a master map of sign locations and pickup schedule will find it easier to comply.
- Displaying political signs that resemble traffic control signs is prohibited (CCC 40.310 (D) 5).

In addition to these requirements, it is our custom to request that candidates and promoters of ballot measures voluntarily commit to keep signs out of rights of way. A diagram showing recommended placement along roads is enclosed to assist you in complying with this request. A copy of the commitment form is also included. Please file this form along with your registration application.

If you have any questions, please call the Department of Community Development at 564-397-4078 or visit their office at 1300 Franklin St, 1st Floor, in Vancouver.

Thank you for your cooperation and I wish you the best of luck on all your future endeavors.

Sincerely,

Dear Candidate:

The Washington State Department of Transportation (WSDOT) wishes to take this opportunity to advise political candidates about the placement of campaign signs and placards along state highways.

Revised Code of Washington (RCW) 47.42, the Highway Advertising Control Act, regulates signing on Interstate Highways, primary highways, and highways that are part of the Scenic and Recreational System. Signs erected on private property that are adjacent to these highways must comply with the Highway Advertising Control Act, rules contained in Washington Administrative Code (WAC) 468-66, and applicable local agency sign codes.

In accordance with WAC 468-66-050, ***Sign Classification and Specific Provisions***, temporary political campaign signs are identified and regulated as a type of on-premise sign intended to express a property owner's endorsement of a political candidate or initiative. Prior to placing signs, WSDOT recommends checking with the property owner for approval and to determine property line locations. Campaign signs are allowed under the following regulations:

- 1) Temporary political campaign signs are limited to a maximum size of thirty-two square feet.
- 2) Temporary political campaign signs must be removed within ten days following the election.
- 3) Sign installers must have permission of the underlying property owner prior to placing signs.
- 4) Temporary political campaign signs are subject to all other applicable provisions of RCW 47.42 and WAC 468.66 that pertain to Type 3 on-premise signs.

In addition to the above restrictions, **the erection of temporary political campaign signs within the right-of-way of all state highways is prohibited. Accordingly, signs placed within the right-of-way of any state highway are subject to removal by the Washington State Department of Transportation.**

Also, RCW 47.36.180(1) states in part that it is unlawful to erect any structure, sign, or device visible from a city street, county road, or state highway that simulates any directional, warning, or danger sign likely to be mistaken for such a sign. Therefore, a campaign sign cannot be designated in a manner that resembles an official traffic control sign.

If you should have any questions about placement of campaign signs along state highways, please contact Trevor McCain at 360-705-7282 or email at mccaint@wsdot.wa.gov.

We sincerely hope that candidates for public office will observe the laws and regulations enacted to limit driver distraction, and protect and preserve the roadside beauty of our state. Thank you in advance for your courtesy in this matter.

Washington State Department of Transportation
