## Daily Dine-In Log

This establishment is collecting a daily log of customer contact information in adherence with the Safe Start Washington reopening guidance for dine-in establishments. Your participation in this customer log is voluntary and may be used to quickly inform your party of any possible exposure events that may be identified. The information you provide will be kept for 30 days and will be used only for COVID- 19contact notification.

Please record the name of a representative from your party, a form of con- tact information such as telephone number or email, the number of persons in your party, and the time of your arrival.

Name	Contact Information (Phone/Email)	# of Persons	Time of Arrival & Date

This log must be retained on-site for 30 days and may be used to ensure quick contract notification by public health officials.
