## Prevention, Surveillance, and Treatment of Hepatitis C in Washington

Clark County Public Health and the Washington Department of Health invite you to an educational session at Legacy Salmon Creek Medical Center.

## Desired Outcomes:

1. Evaluate whether a patient should be screened for hepatitis C based on national recommendations
2. Have a strategy to implement treatment for hepatitis C infection in accordance with Washington's new Medicaid policy .
3. Have a strategy to participate in Project ECHO, a telemedicine program that links providers with those with the expertise needed to address the needs of patients with hepatitis C.

## Target Audience:

Primary Care, Infectious Disease, and Internal Medicine Providers.

## Date

November 18, 2016  
12:00 - 1:30 p.m.  
1 hour didactic  
30 minutes discussion

## Location:

**Legacy Salmon Creek Medical Center**  
Third Floor, Conference Room C/D  
2211 NE 139th St  
Vancouver, WA 98686
