Did you know? Neighborhood Associations are NOT an HOA!

Neighborhood residents have formed our neighborhood association and Clark County's Neighborhood Program Coordinator works with us as a liaison for information to be shared with citizens. HOA's are established by a developer and pertains to a specific subdivision or project. Volunteers regularly receive information from Clark County so their members can be better informed on issues such as annexation plans, new housing or business development, etc. **Whether you own or rent your home, all are welcome!**
