CITIZEN VOLUNTEER PROGRAM

Positive relationships between law enforcement, the community and individual citizens are extremely important and are vital to the success of Community Oriented Policing. Consequently, citizen volunteer programs are an integral part of the community policing efforts of the Clark County Sheriff's Office.

An especially important aspect of such efforts is the positive impact individual citizens can have on our community's crime problems and quality of life issues.

Sheriff Auxiliary assist the sheriff's office through observation, assist in community problem-solving, learn more about law enforcement, help foster communication between citizens and deputies, and give back to their community.
