
The Parks Foundation is proud to provide strategic funding opportunities in support of the parks, trails, and recreation programs throughout Clark County. Since the establishment of the Community Grant program in 2008, the Parks Foundation has awarded almost a million dollars to projects and programs across Clark County.

We are proud of the foundation's ability to make a significant difference to the communities we serve, and wouldn't be able to do it without YOUR support! All the proceeds from this tournament go back into our community through our Community Grant Program....Let's grow together to make Clark County a greener, healthier place...

Early Bird Registration thru 7-9-2017 is $625 for a team and includes;

- Tournament play for a team of four
- 2 golf carts
- 4 team mulligans
- 4 entries in Pro Drive
- Catered lunch before the tournament
- Award dinner after the tournament
- Course games and activities, and great company!
