

What can the ABCD Program do for your child?

- Help you find a child-friendly dentist in your area who will see your child by his/her FIRST birthday.
- Give your child a great start in life by making sure all baby teeth are healthy.
- Help you keep your child cavity-free.

Who is eligible?

- Children who live in Clark County, Washington
- Children younger than 6 years of age with state insurance (Apple Health), but we can also help older children find a dentist, too.

How do I connect my child to services?

- Phone 564.397.7371
- Complete the following and mail or e-mail information (see below for addresses)
