

Update on 179th Street Access Management and Circulation Planning

County Council Time

June 8, 2022

Agenda

- **Review of project purpose and need**
- **Summary of Previous Public Involvement**
- **Current Outreach Plans**
- **Updated Proposed Adoption Path**
- **Questions**

Project Purpose and Need

- Promote safety and mobility of the future principal arterial while balancing the infrastructure and utility needs of development. The current topography of 179th Street contains significant hills and valleys.
- Improving 179th Street to a 4-lane street will require “cuts” and “fills”.
- Future access locations on/off 179th Street need to be considered for safety and mobility.

Summary of Previous Public Involvement
