

24           WHEREAS, the LPA will be further evaluated through an environmental review  
25 process, through which the IBR Program is soliciting public comment that will help  
26 determine how to move forward; and

27           WHEREAS, the Clark County Council provides public input through adoption of  
28 this Resolution.

29

30 NOW, THEREFORE,

31                   BE IT ORDERED AND RESOLVED BY THE CLARK COUNTY  
32 COUNCIL, STATE OF WASHINGTON, AS FOLLOWS:

33           Section 1.     The Clark County Council supports replacement of the I-5  
34 Interstate Bridge in a manner that supports relief of traffic congestion and seismic safety.

35           Section 2.     The County Council opposes every light rail project in Clark  
36 County unless it is first supported by a majority of the voters in a county-wide advisory  
37 vote of the people. The Council supports C-TRAN's bus rapid transit as the best current  
38 alternative for rapid transit on the I-5 bridge because of its cost effectiveness compared to  
39 the MAX light rail option, its effectiveness in serving riders throughout the area and its  
40 flexibility in responding to evolving transportation needs of the area.

41           Section 3.     The County Council additionally supports creation of a truck-only  
42 lane (TL) on the I-5 bridge replacement that will separate heavy freight-carrying trucks  
43 from passenger vehicles, reducing safety conflicts by eliminating mixed flow operation  
44 between the vehicle classes, and increasing freight mobility across the bridge.

45 Section 4. The County Council also calls for a fourth passenger vehicle  
46 through-lane on the I-5 bridge replacement in an effort to reduce traffic congestion and  
47 all of the associated negative impacts of traffic congestion.

48 Section 5. The County Council further urges community partners to begin  
49 work in support of a third bridge crossing the Columbia River between Clark County,  
50 Washington, and Oregon.

51

ADOPTED on this 20 day of July, 2022.
