

CLARK COUNTY PUBLIC HEALTH RECREATIONAL WATER SAFETY PROGRAM 2023 FEE SCHEDULE

The definitions and fees listed below are for general informational purposes only.
Please consult Clark County Public Health (CCPH) with the specifics of your operation.
All Environmental Public Health fees are reviewed and updated annually.

RECREATIONAL WATER FACILITY PLAN REVIEW	
One time only fee paid before beginning construction of a recreational water facility.	
5011 Pool/Spa/Recreational Water Feature	\$1,514
Any construction project that includes a new pool, spa or recreational water feature.	
5014 Pool/Spa Variance	\$263
A construction project or currently permitted recreational water facility requesting review of an operation plan, facility and/or equipment that does not meet current code requirements. These are case by case and a review does not guarantee approval.	
5015 Float Tank Facility	\$1,119
Any construction project that includes a float pod or cabin, including prefabricated and custom built chambers. This includes existing facilities wanting to expand to include floatation tanks and new facilities.	
5016 Change of Ownership	\$329
Ownership change of a recreational water facility. Permits are nontransferable and must be submitted within 30 days of the change of ownership.	
5017 Pool/Spa Remodel	\$395
Any project that includes the remodel of an existing pool, spa, water feature, barrier, restroom facilities or adjacent building.	
5018 Post Construction Review	\$263
To be applied if items are found to have been completed without review on either a new construction or an existing property during inspection.	
Other Fees	
5211 Inspection Follow-up	\$395
Required if a routine inspection identifies an imminent health hazard or results in 3 repeat critical violations.	
5013 Additional Rec Water Services (per hour)	\$136

OPERATING PERMIT	
An annual fee for service that includes routine inspections and health department support as needed.	
5111 Pool/Spa "Year-Round"	\$1,054
This annual permit allows for one recreational water body to be open for up to twelve months.	
5113 Pool/Spa "Seasonal"	\$1,054
This seasonal permit allows one recreational water body to be open for 6 consecutive months from May 1st to October 31st.	
5116 Float Tank Facility	\$395
This annual permit allows a facility to operate floatation tanks/cabins in their facility for up to twelve months.	
5117 Inactive Pool	\$198
This annual permit supports the monitoring of a pool, spa or water feature facility that has been closed for more than 12 consecutive months and has not been backfilled or permanently demolished.	
5118 Non-Recirculating Water Feature	\$132
This permit allows for one splash pad or fountain that discharge wastewater directly to the sewer to be open to the public.	
5119 Recirculating Water Feature	\$329
This permit allows for one splash pad or fountain that recirculates water and maintains a residual disinfectant level to be open to the public.	
5115 Additional Pool/Spa (each)	\$198
For each recreational body of water in addition to the first permitted body of water, an additional fee is applied.
