POLICIES AND PROCEDURES MANUAL
VETERANS ASSISTANCE FUND

1. INTRODUCTION

- 1.1 Overview: This document has been developed to provide guidance for the use of the Clark County Veterans Assistance Fund (VAF). The VAF was developed to assist indigent Veterans and their families. The fund is managed in accordance with Revised Code of Washington (RCW) 73.08 and Clark County Ordinance Title 2 Administration and Personnel Chapter 2.29 Veterans Assistance.

Assistance from the fund is provided through contracted service officers and community service organizations.

Contracting for the use of the VAF is the responsibility of Clark County through the Community Services Department with the advice of the Veterans Advisory Board. Clark County Council has statutory oversight for the use and expenditures of the fund. Financial assistance is based on funding availability and service officer determination of need.

- 1.2 Source of Funds: Washington State law and the Clark County code have established the Veterans Assistance Fund as a steady source of tax dollars to be utilized for the needs of indigent Veterans and their families. A portion of property tax collected in Clark County is earmarked for the VAF.

- 1.3 Clark County Veterans Advisory Board: The Clark County Veterans Advisory Board (VAB) is an advisory group appointed by the Clark County Council to serve the Veterans of Clark County. The board is made up of members of Veterans organizations within Clark County. The purpose of the Veterans Advisory Board is to serve and act in the best interest of all Veterans, in cooperation with Clark County and the State of Washington.

Members of the board are registered with the Clark County Auditor through a Veteran's service organization in October every year. The registration for the board is valid from January through December. Each organization shall appoint a primary and alternate member. Each organization shall have one vote on the board. Members at large may be appointed by a vote of the VAB.

- 1.4 Contracted Services: The County, with the advice of the VAB, selects contracted organizations through the County's procurement process. The County is responsible for all contracts issued through this process.

- 1.5 Service Administration: Eligible Veterans may receive assistance through contracted agencies/individuals. Assistance must be provided to needy individuals without discrimination. Agencies/Individuals agree to comply with all applicable federal, state, and local laws, regulations, rules, and ordinances relating to nondiscrimination. Two types of services are provided:

- Direct emergency relief through a Veteran's service officer.
- Ongoing support and assistance through contracted agencies/individuals that provide community services for indigent people.

2. ELIGIBILITY

- 2.1 Use of Veterans Assistance Fund: Eligibility is required for any service provided through the VAF. Eligibility for use of the VAF is determined by the County Service Officer or contracted agency/individuals.
- 2.2 Service Requirements: "Veteran" includes all persons qualified under RCW 73.08.005. General discharge under honorable conditions will also be an allowable service type per HB 1806. Any Veteran who has been released because of a medical condition and any honorable discharge should be considered as having completed the term of service commitment or having completed his/her initial obligation. This includes National Guard and Reserve.
 - 2.2.1. Service Requirements for Housing Assistance: Service and discharge requirements for housing assistance shall follow eligibility requirements for the Federal Housing and Urban Development - Veterans Affairs Supportive Housing program (HUD-VASH) established in the National Defense Authorization Act for Fiscal Year 2021 (Public Law 116-283).
- 2.3 Documentation of Veterans Status: Documentation includes DD-214, VA Statement of Service (SOS), or if discharged prior to 1950, a Certificate of Discharge. The County Service Officer or agency staff will assist the Veteran in completing a request to receive a certified copy of their DD-214 as necessary. Other forms of documentation include a valid VA identification card or a retired military ID card with a second form of ID; a HINQ (Hospital Inquiry) from the VA showing honorable discharge; or a Washington driver's license or ID showing Veteran status. Service providers may also verify veteran status through the Status Query and Response Exchange System (SQUARES).
- 2.4 Family Member: A family member of a Veteran is defined as a wife, husband, registered domestic partner, Veteran's minor children (under 18 years of age, or under 23 if they are a full-time student and the Veteran is the natural parent, adoptive parent, stepparent, a person who has signed an affidavit acknowledging paternity, or determination, finding, decree, or order for support by an agency of this or another state), widow, widower, or surviving domestic partner. In the case of a single parent, the Veteran shall show proof that they are the custodial parent or paying child support to claim a child as a dependent for assistance through this fund.
- 2.5 Domestic Partner: a domestic partner is defined at Title 26, Domestic Relations, of the Revised Code of Washington 2008 and Second Substitute House Bill 3104 (2008).
- 2.6 Indigence: Veterans are considered income eligible if they meet the following definition: Receiving an annual family income, after taxes, not to exceed two hundred percent (200%) of the current federally established poverty level. For housing or dental assistance, income shall not exceed 250% of poverty. Documentation to establish income may include but is not limited to copies of last month's check stubs, bank statements, and/or SSI determination letter, etc. Income excluded from the eligibility calculation is: pay received while deployed in a combat zone, hazardous duty pay/imminent danger, VA education benefits, student loans/educational loans, scholarships and Pell grants.
- 2.7 Washington State Residency: Veterans or families of deceased Veterans must show proof of residency in the State of Washington, for at least 12 consecutive months preceding the

date of application for relief. Documentation may include, but is not limited to, Washington Drivers license, ID card, utility or other bills, copies of applications for public assistance, rental agreements, or bank statements.

The Clark County Veterans Assistance Fund may waive the residency requirement for those Veterans who have been accepted into a permanent rental subsidy program or who are qualified as a “covered individual” under the Veterans Access, Choice and Accountability Act of 2014 by meeting the following criteria: currently domiciled in Clark County, Washington State; has enrolled in a Washington state college or university within three years of discharge from an active duty service period of 90 days or more; and using the GI bill benefits at a Washington state college or university.

Documentation may include, but is not limited to, Washington Drivers License, ID card, utility or other bills, copies of applications for public assistance, rental agreements or bank statements and home of record.
- 2.9 Falsification: Any person receiving assistance through the VAF, and found to have falsified any information or not disclosed all income for purposes of receiving assistance from the VAF, shall become ineligible for any assistance based on their current application for four years, and can be prosecuted to the fullest extent of the law. If a Veteran has been found to utilize the assistance in a manner it was not intended, this will also constitute falsification. If a Veteran does not repay the money that was received from the VAF under false pretenses, he or she will not be able to receive any additional assistance from the fund. HOWEVER, if restitution is completed the Veteran may be eligible to apply for reinstatement.
- 2.10 Any applicant whose behavior is belligerent or appears threatening in any way to the County Service Officer, other staff, or others in the vicinity of the Veteran's Assistance Office may be denied service.
