Did you know? Neighborhood Associations are NOT an HOA!

Residents form and run the county's neighborhood associations to connect with each other and their local government to build stronger, safer communities.

Neighborhood associations DO NOT charge dues or fees. Volunteers regularly receive information from Clark County so their members can be better informed on issues such as road construction, annexation plans, new housing or business development, etc.

Neighborhood association newsletters are copied free of charge by the Clark County Neighborhood Outreach Office and Clark County's Print Shop. The information and views expressed are solely those of the neighborhood association and not of Clark County Government.
