Public Health provides many services to our community that you might not be aware of. Come and hear from them about what they do, how you can access services, and ask questions.

**DID YOU KNOW?** You can order birth and death certificates at the Public Health offices for all persons born in Clark County and all Washington state births registered from 1907 to present. For more information:

Public Health monitors water quality safety during the summer months at Vancouver Lake, Kline Pond, Battle Ground Lake and Lacamas Lake. To check for water quality advisories before you head to the lake during the summer months, go to: <https://clark.wa.gov/public-health/public-beaches>
